

# PROJECT OVERVIEW

## SANITARY SEWER PIPE MAINTENANCE

MCES Project #805506

Project location: Centerville, Golden Valley, Eagan and St. Paul

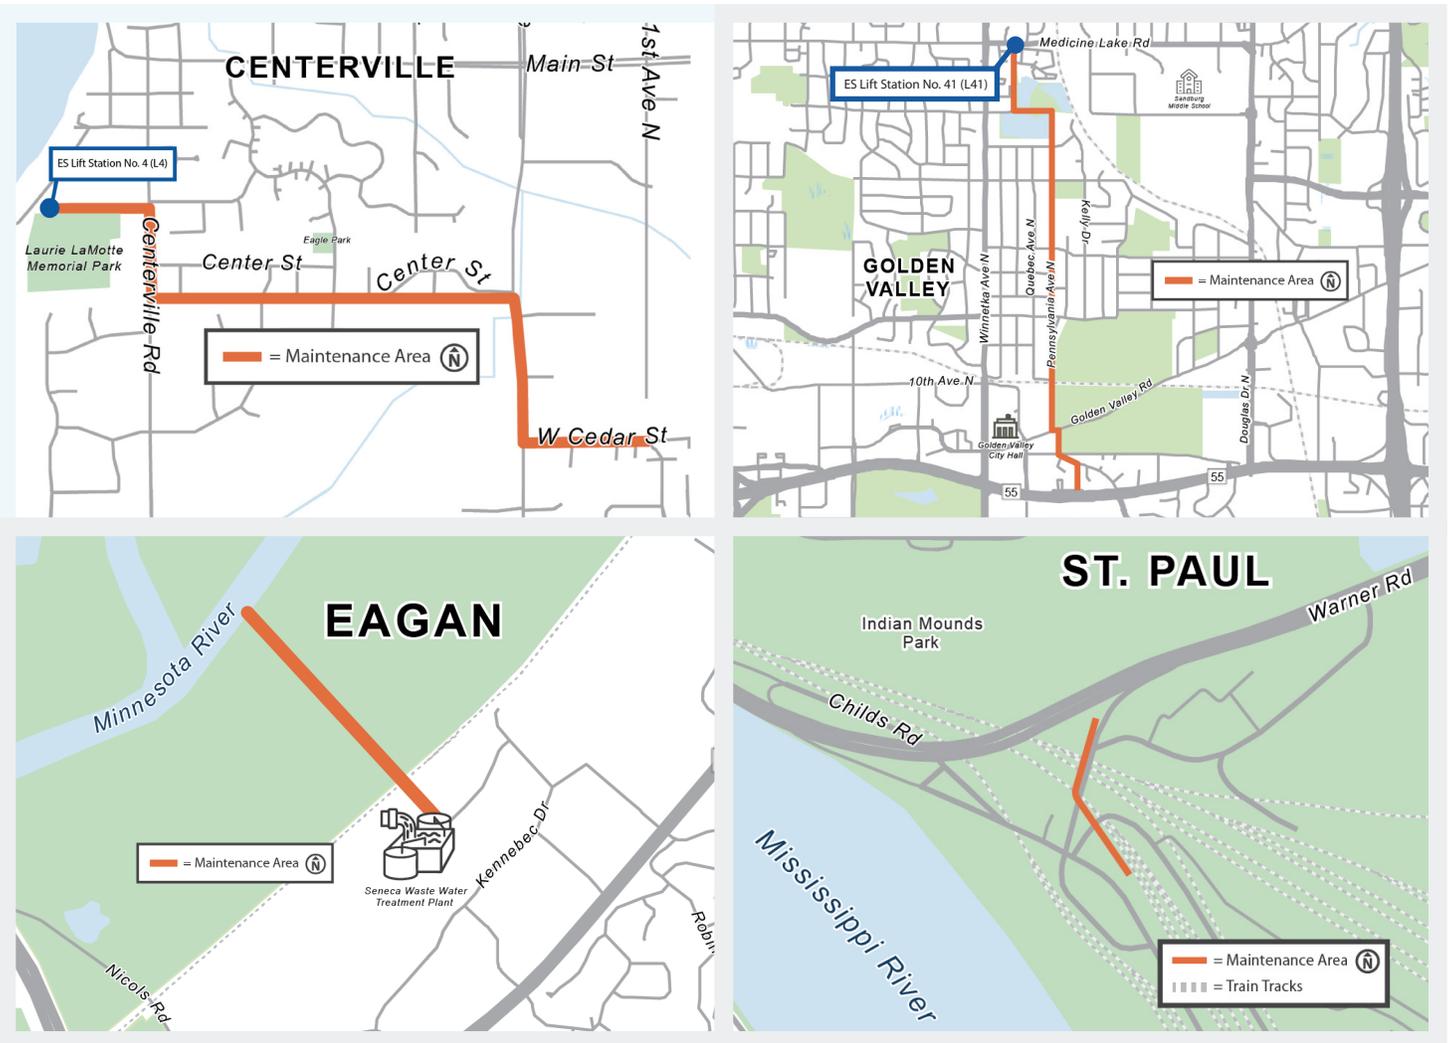

Date: April 2024 – Summer 2025

Metropolitan Council Environmental Services (ES) has aging sanitary sewer pipes that need inspection and potentially repair. Project area locations are in Centerville, Golden Valley, Eagan and St. Paul.

As part of the maintenance work, there may be short-term traffic disruptions, noise and odors. Work is anticipated to start April 2024 and be completed in Summer 2025.

**Estimated project cost: 6 million**
