ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The Agency Plan is a requirement of the Quality Housing and Work Responsibility Act of 1998 (QHWRA). The purpose of the plan is to provide a framework for local accountability and an easily identifiable source by which participants in the Metro HRA's tenant-based assistance programs and other members of the public may locate basic policies, rules and requirements concerning its operations, programs and services.

The Annual Plan includes the *Administrative Plan* for the Section 8 Rental Assistance Programs. This provides clear guidelines for staff in carrying out the broad program objectives of :

1. Providing decent, safe and sanitary housing for very low income families at an affordable rent level;
2. Promoting freedom of housing choice and spatial deconcentration of very low income families of all races and ethnic backgrounds; and
3. Encouraging self sufficiency of participant families through collaboration with other social service agencies in the provision of supportive services and programs.

The Annual Plan also includes the *Admission & Continued Occupancy Policies* for the Family Affordable Housing Program (FAHP). This document establishes the policies and procedures in place for the administration of FAHP units, developed and operated as public housing units.

Agency Plan 2002

Meeting dates 1/8/01 through 6/11/01

5 Year Plan, Page 2, PHA Goal: Increase assisted housing choices

Objective: Conduct outreach efforts to potential voucher landlords

- Tenant/landlord education.
- Spell out clearly to landlords all the advantages of the program especially the fact that the rent is guaranteed; downplay paperwork and inspection process.
- Difficult to sell yourself as a tenant to a landlord because low-income is associated with crime and kids can be intimidating.
- Often it is good to bring children so the landlord can get an idea of behavior and control.
- Have to prove yourself to a landlord as a Section 8 participant by keeping up your property and taking care of your business.
- Ask the landlord about policies for children/accidents/damage.

5 Year Plan, Page 3, HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

General comment from RAB members that we are assisting people from other countries and pushing Americans aside.

Annual Plan, Page 29, Part 5, Operation and Management, C. Management and Maintenance Policies, (2) Section 8 Management

- Concern that credit history should not be considered for participants searching for housing. First and foremost landlords should look at whether rent and utilities are being paid.
- Provide tenant/landlord education
- Bring back the guaranteed lease renewal to provide stability to families with children.

Annual Plan, Page 35, Home Ownership Programs administered by the PHA

Comments from the RAB regarding criteria for model program proposed:

- Minimum savings of \$1500- difficult to meet this requirement; specify timeframe to be able to do this; food stamps and medical assistance spenddown are affected by savings.

- Counseling, maintenance requirements - provide a tool kit; resource list of other programs for rehab, maintenance, other home ownership support, energy assistance.
- Restriction to buying in poverty/racially impacted areas – that’s where the services are and they are accessible; hopefully the family is stable; will people feel comfortable where they move to; home ownership is an upgrade of living circumstances, need to ensure that your needs are available (such as public transportation).
- Suggested a lottery to process the selection of participants.

Annual Plan, Page 38, Family Self Sufficiency Program/s

- Continue to increase marketing efforts for the FSS program.

PROGRESS IN MEETING THE FIVE-YEAR MISSION AND GOALS

The Metropolitan Council Housing & Redevelopment Authority (Metro HRA) continues to carry out its mission of assisting low income families to obtain suitable affordable housing, exercise locational choice and become more economically self-sufficient. The HRA provides over 5,000 individuals and families with rental assistance subsidies through local, state and federal programs. Successful program design and implementation has resulted in efficient use of resources and effective collaborations among social service agencies and local units of government.

In order to expand the choice and supply of affordable housing, the Council has implemented a number of strategies that include exercising its authority to request exception payment standards for the Section 8 program, developing targeted marketing programs to increase landlord participation and expanding the project-based assistance program. The Council has also authorized the implementation of the Family Affordable Housing Program that will include public housing unit development in suburban locations in Anoka, Hennepin and Ramsey counties.

The Council continues to take steps to maintain and improve the quality of assisted housing by creating a supportive environment for HRA staff, program participants and landlords to discuss and resolve issues of mutual concern. Through the ongoing work of the HRA inspectors, assisted units are regularly inspected and necessary repairs communicated to landlords in order to maintain safe and suitable housing for program participants.

In order to provide opportunities for an improved living environment to its Section 8 program participants, the Council encourages deconcentration of low income throughout the region. Program briefing materials include information on the Metro HRA jurisdiction which includes over 100 cities in 4 counties, maps that indicate areas of concentration and other information on a mobility program that assists with unit search and other social service needs of the family.

Self-sufficiency of its program participants is encouraged through a variety of programs administered by the Metro HRA. The Family Self-Sufficiency Program is available to all Section 8 participants and includes the opportunity to establish a savings account that escrows the increased earning capacity of families as they become more economically self sufficient. The Welfare-to-Work program is a Section 8 funding increment that targets families participating in an employment plan developed in conjunction with their welfare benefits. In addition, the Council administers several state, county and locally funded rent subsidy programs that include a match with supportive service organizations in order to maintain independence for persons with disabilities.

The Council continues to ensure equal access and equal opportunity in housing through the administration of all Metro HRA programs. The Council further convened the Regional Analysis of Impediments to Fair Housing study for several jurisdictions in the metropolitan area. This study resulted in the identification of barriers to fair housing in the public, private and non-profit sectors, as well as short- and long-term solutions to address these issues. The final report is available in the Metropolitan Council Data Center.

RESIDENT MEMBERSHIP OF THE PHA GOVERNING BOARD

The Metro HRA is governed by the membership of the Metropolitan Council. The Metropolitan Council membership is dictated under *Minnesota Statutes, Ch. 473.123*, and includes sixteen (16) members and a chair that are appointed by the Governor of the State of Minnesota. They represent 16 council districts and serve terms concurrent with the Governor. The current term ends in 2002. As stated in the Annual Plan, page 42, the Metropolitan Council will consider alternatives available under State statute to address the Federal resident board member requirement. Legislation was proposed during the 2001 session to authorize the Metropolitan Council to delegate certain Housing and Redevelopment Authorities powers to a council appointed separate governing body. No further action was taken by the legislature on this bill amendment during the session. The Council will again consider alternative recommendations for the 2002 legislative session.

Section 8 Project-Based Assistance (PBA) Program

Goals of the PBA Program:

- To increase the supply and availability of affordable housing for very low-income households in the metro area.
- To contribute to the upgrading and long-term viability of metro area housing stock.
- To integrate housing and tenant services such as education, job training and day care that encourage self-sufficiency.
- To promote the provision of amenities or services for special needs tenants and accessibility for the physically challenged.
- To encourage economic integration in housing development.
- To the extent possible, encourage the development of “large family “ housing containing three or more bedrooms.
- To promote cooperative partnerships that link support services with affordable housing.

To date a total of 105 units in four projects have been approved: 1) 13 units in a converted, substantially rehabilitated historic building; 2) 20 units in a new construction building with supportive services; 3) 66 units in an existing building for frail elderly with substantial rehabilitation; and 4) 6 units in a new construction building as a part of a mixed use development. It is anticipated that additional units will be added to the Metro HRA inventory of PBA in the near future. Metro HRA continues to advertise in conjunction with the MHFA Super RFP process and is currently assessing the impact of PBA on overall program operations of the Housing Choice Voucher Program.
