There shall be no right of appeal to the Council’s governing board.

ARTICLE FTA-19. TELECOMMUNICATIONS CERTIFICATION

Contractor certifies through the signing of this contract that, consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018), the Contractor does not and will not use any equipment, system, or service that uses “covered telecommunications equipment or services” (as that term is defined in Section 889 of the Act) as a substantial or essential component of any system or as critical technology as part of any system. The Contractor will include this certification as a flow down clause in any contract related to this Contract.

ARTICLE FTA-20. RESOLUTION OF DISPUTES, BREACHES, OR OTHER LITIGATION

When applicable contracts in excess of $175,000, and all nonprocurement transaction, as defined in 2 C.F.R. §§ 180.220 and 1200.220, in excess of $25,000 will contain provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. This may include provisions for bonding, penalties for late or inadequate performance, retained earnings, liquidated damages or other appropriate measures. Specific language for dispute resolution will be provided in any resultant contract of the successful proposer.
**Charter Service Operations.** The Contractor agrees to comply with 49 U.S.C. section 5323(d) and 49 CFR part 604, which provide that recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally-funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 CFR section 604.9. Any charter service provided under one of the exceptions must be “incidental,” i.e., it must not interfere with or detract from the provision of public transit services.

**School Bus Operations.** Pursuant to 49 U.S.C. section 5323(f) and 49 CFR part 605, recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally funded equipment, vehicles, or facilities.

**Transit Employee Protective Provisions.** The Contractor agrees to comply with applicable transit employee protective requirements. To the extent that FTA determines that transit operations are involved, the Contractor agrees to carry out the transit operations work on the underlying Contract in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and equitable to protect the interests of employees employed under this Contract and to meet the employee protective requirements of 49 U.S.C. section 5333(b), and U.S. Department of Labor (DOL) guidelines at 29 C.F.R. part 215, and any amendments thereto. These terms and conditions are identified in the letter of certification from the U.S. DOL to FTA applicable to the Council’s Work from which federal assistance is provided to support work on the underlying Contract. The Contractor agrees to carry out that work in compliance with the conditions stated in that U.S. DOL letter. The Contractor also agrees to include any applicable requirements in each subcontract involving transit operations financed in whole or in part with federal assistance provided by FTA.
