Notes on this report

Projects are listed in this report according to the following criteria:

- Projects are included if they fall within one-half mile radius of transit stations along the Blue Line, Northstar Line, Green Line, and Green Line Extension
- Projects are listed by the nearest transit station
- Projects near shared stations in downtown Minneapolis are reported with the Green Line beginning with the Green Line base year
- Grants relinquished by grantees are not included (this means some grants that were included in previous reports will not appear if they were relinquished in the meantime)
- The base year for including projects is the year after pre-engineering is completed for each line. The base year for each line is listed below:
 - Blue Line, 1998
 - Northstar Line, 2000
 - Green Line, 2006
 - Green Line Extension, 2011
