

Preparing for the 2050 Regional Plan

Today's meeting

- Overview of Regional Planning
 - Planning cycle and timing
 - System plans
 - Comprehensive plans
- Activity
- Discussion
- Wrap-up and next steps

Outcomes of today's discussion

- High-level understanding of the regional planning process and timeline
- Listen to Council member expectations and interests
- Provide time for discussion about your policymaking goals
- Plan for future conversations, work to guide the regional plan process

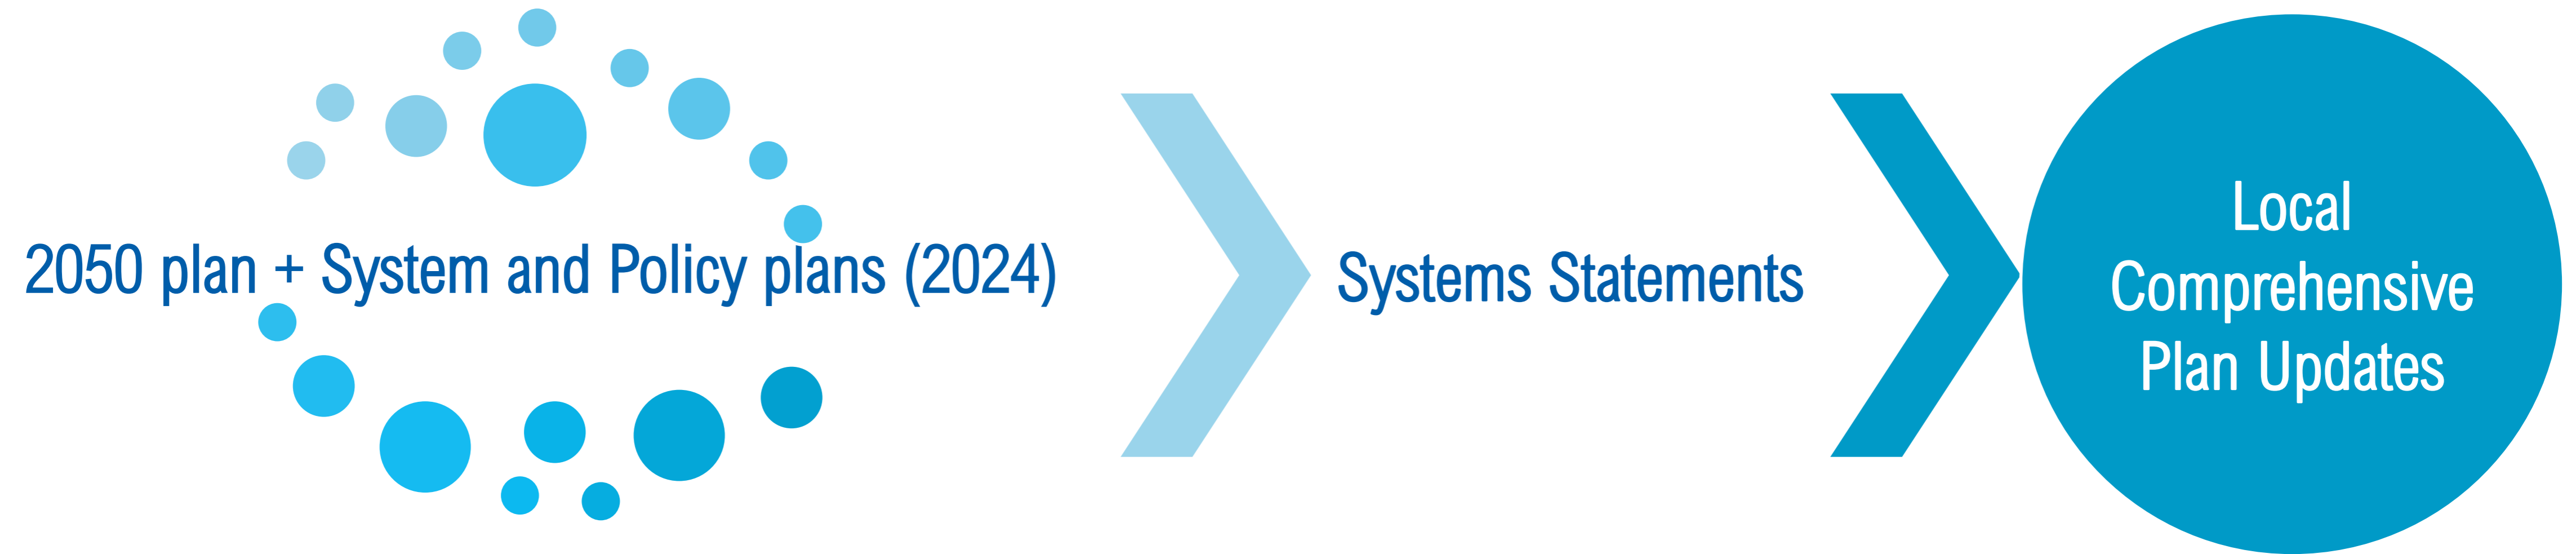

Comprehensive Development Guide

- Regional plan – land use, systems, census data
- Related plans
 - Regional parks
 - Transportation (aviation)
 - Water resources
 - Housing
 - Water supply
- Provides comprehensive and system policy guidance
 - Local government
 - State government
 - Compliance to state and federal government

Regional and Local Planning

Regional and Local Planning

Lessons learned from Thrive MSP 2040

A more integrated planning process

- Feedback from local government, committees, other stakeholders
- Extensive staff engagement

Bottom line: better coordinate regional plan and system plans

Discussion Activity

METROPOLITAN
