Dan Marckel, Planning Analyst (651-602-1548)  
Michelle Fure, Manager of Public Involvement (651-602-1545)

**Division/Department:** Community Development / Regional Planning & Communications

### Proposed Action

No action is proposed. This information is presented as an update and for discussion.

### Background

As we close out the review of local comprehensive plans in the 2040 planning process, the Council is turning to more in depth efforts related to the 2050 regional planning process. In addition to review of local 2040 plans, key milestones in the 10-year, or decennial, process have occurred, such as receipt of initial 2020 census data and updates to regional land use inventories, in addition to a number of other studies and reports. Council staff will provide a status update on work accomplished so far, provide an overview of the overall 2050 planning process, and discuss work expected to occur in the coming year. Staff will also seek feedback and direction on the developing a regional vision and Council Member involvement in the development of that vision.
