

Community Development Committee

Meeting date: March 17, 2014

For the Metropolitan Council meeting of March 26, 2014

Subject: Park Acquisition Opportunity Fund Grant Request for the Intercity Regional Trail, Three Rivers Park District

District(s), Member(s): Council District 5, Steve Elkins; and District 8, Adam Duinick

Policy/Legal Reference: MN Statute Section 473.315

Staff Prepared/Presented: Tori Dupre, Senior Planner, Regional Parks & Natural Res. (651-602-1621)

Division/Department: Community Development, Regional Parks and Natural Resources

Proposed Action

That the Metropolitan Council:

1. Authorize a grant of up to \$55,400 from the Parks and Trails Legacy Fund Acquisition Account to Three Rivers Park District to finance up to 75% of the costs to acquire five permanent public trailway easements for the Intercity Regional Trail as described in Attachments 1 to 7. The grant should be financed with:
 - \$33,240 from the FY2014 Parks and Trails Legacy Fund appropriation, and
 - \$22,160 from Metropolitan Council bondsThe grant will be matched with up to \$18,465 by Three Rivers Park District.
2. Authorize the Community Development Director to sign the grant agreement and accompanying documents including the restrictive covenant.

Background

On February 20, 2014, Three Rivers Park District requested a park acquisition opportunity fund grant of up to \$55,400 to acquire five permanent public trailway easements for the Intercity Regional Trail (Attachment 1). These five easements represent the first of approximately 17 permanent public trailway easements that the Park District will acquire over the next several months for the Regional Trail. The easements total 4,701 square feet, or 0.108 acres.

The proposed acquisition is consistent with the Intercity Regional Trail master plan, which the Metropolitan Council approved on October 31, 2012 (Business item 2012-316). The master plan indicates that trail easements may be required, and includes the estimated costs (Attachment 1, "Brief Overview of Grant Request"). The closing for each easement is contingent upon the Metropolitan Council's action on the grant request.

The easements total approximately 3,400 square feet, or 0.08 acres in size and are located in the cities of Bloomington and Richfield. They are depicted in context of the Inter-City Regional Trail alignment in Attachment 2. They include the Halverson property at 8256 Old Cedar Avenue South in Bloomington (Attachment 3), the Patterson property at 8400 Old Cedar Avenue South in Bloomington (Attachment 4), the RKR property at 7700 12th Avenue South in Richfield (Attachment 5), the Hendrickson property at 8214 Old Cedar Avenue South in Bloomington (Attachment 6), and the MLMJR property at 8234 Old Cedar Avenue South in Bloomington (Attachment 7).

Rationale

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the

Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit.

Currently, the cumulative amount of all Park Acquisition Opportunity Fund grants totals \$34,813,674 which acquired 2,841 acres.

All park acquisition opportunity grant agreements include an “agreement and restrictive covenant” that park agencies record to ensure that the property remains in regional recreation use. The Metropolitan Council’s action authorizes the Community Development Director to sign the grant agreement and accompanying documents including the restrictive covenant.

The Parks District’s grant request is consistent with the Park Acquisition Opportunity Fund Rules.

Funding

The current balance in the Park Acquisition Opportunity Fund Parks and Trails Legacy Fund account is \$3,241,900, which includes the \$452,658 from fiscal year 2014 Parks and Trails Legacy Fund appropriation and \$2,789,242 from Metropolitan Council bonds. The Metropolitan Council added \$1.5 million to this fund on September 25, 2013. Note that the balance reflects the City of Bloomington’s acquisition grant request (\$187,029).

The Park District’s estimated acquisition costs total \$73,865 which includes the purchase price, appraisal, and title insurance and closing costs as shown in Table 1.

Table 1: Acquisition Costs

Cost Items	Amount
Purchase Price (5 Easements)	\$50,800
Closing costs, Title Insurance, etc.	\$23,065
Total Acquisition	\$73,865

The Park Acquisition Opportunity Fund grant will be financed with the following revenue sources, shown in Table 2. The Park District will fund the required 25% match and is not requesting future reimbursement from a regional parks capital improvement program.

Table 2: Acquisition Grant Revenue Sources

Revenue Sources	Amount
Estimated Total Acquisition Costs	\$73,865
Grant Total (up to 75% acquisition total)	\$55,400
FY2014 Parks and Trails Legacy Fund (60%)	\$33,240
Metropolitan Council bonds (40%)	\$22,160
Local Match (25%)	\$18,465

If the Metropolitan Council approves this grant to Three Rivers Park District, the Parks and Trails Legacy Fund Acquisition Account balance is \$3,186,500.

Known Support / Opposition

There is no known opposition to the Park District’s acquisition of these five easements for the Intercity Regional Trail, or to its grant request. The Metropolitan Parks and Open Space Commission unanimously approved the report recommendations.
