# Background

- *2040 Regional Parks Policy Plan*
  - 13 equity-related policy commitments
    - Regional Parks System equity toolkit
  - “The Council and the Regional Parks and Natural Resources unit staff will work with in close collaboration with regional park implementing agencies, partners, community based organizations, advocacy groups, and other stakeholders to develop a Regional Parks System equity toolkit” (p. 99)

## Legend

# Toolkit Use

- *2040 Regional Parks Policy Plan*
  - **Completed** by regional park implementing agencies
    - CIP/PTLF grant requests
  - **Used** by MPOSC and the Council to evaluate project lists
    - Intent: Council involvement in reviewing and assessing the ranked list of proposed projects
      - In some cases, the Council may opt to reprioritize an agencies project list
- Note: toolkit will not used for screening purposes, determine funding eligibility, or alter an agency's share of their CIP or PTLF funds.

01

# EQUITY TOOLKIT

## Improving Regional Parks System Performance

# TOOLKIT GOAL

**Eventually, implementing agencies and the Met Council should be able to answer at any give time:**

- What is the proposed project's equity performance?
- Will the proposed project perform as well as it could against equity measures?
- How do we know?
- What (and how) should the proposed project improve or change?

# TOOLKIT DEVELOPMENT

- Regional Park Implementing Agencies
- Regional Park System Partners
- Community-based Organizations
- Advocacy Groups

## + Other Stakeholder Groups

- Users
- Vendors
- Anyone with a stake in the success of the regional park system

**Bring me in early, I'm your partner.  
Bring me in late, I'm your judge.**

Equity Toolkit

Ambassador Program

# RECOMMENDATION DEVELOPMENT

1. Input from session and communication channel participants
  - > 250 suggestions
  - > 150 comments
2. Environmental scan; various resources
  - Thrive MSP 2040
  - GARE Racial Equity Toolkit
  - CDC Parks & Trails Health Impact Assessment
  - Equitable Development Principles & Scorecard 2.0
3. Results of survey on first draft of recommendations
  - 7 sets of suggested changes
4. CultureBrokers expertise
5. Review final recommendations with Council staff
6. Survey Equity Toolkit participants about recommendations
7. Make recommendations to MPOSC and Council

# KEY LEARNING & CONSIDERATIONS

- No one tool can do everything well. Variety of tools are needed to:
  - Inventory what is happening
  - Monitor outcomes
  - Institutionalize successes
- Implementing agencies do not currently measure all project or program outcomes in ways that help them strengthen regional parks equity.
- Tool users (people at agencies and Met Council) will not all be experts.
- Tools are an investment. The toolkit should grow and adapt with users' needs and capabilities.
- There are people who have been long ready for measurable change.

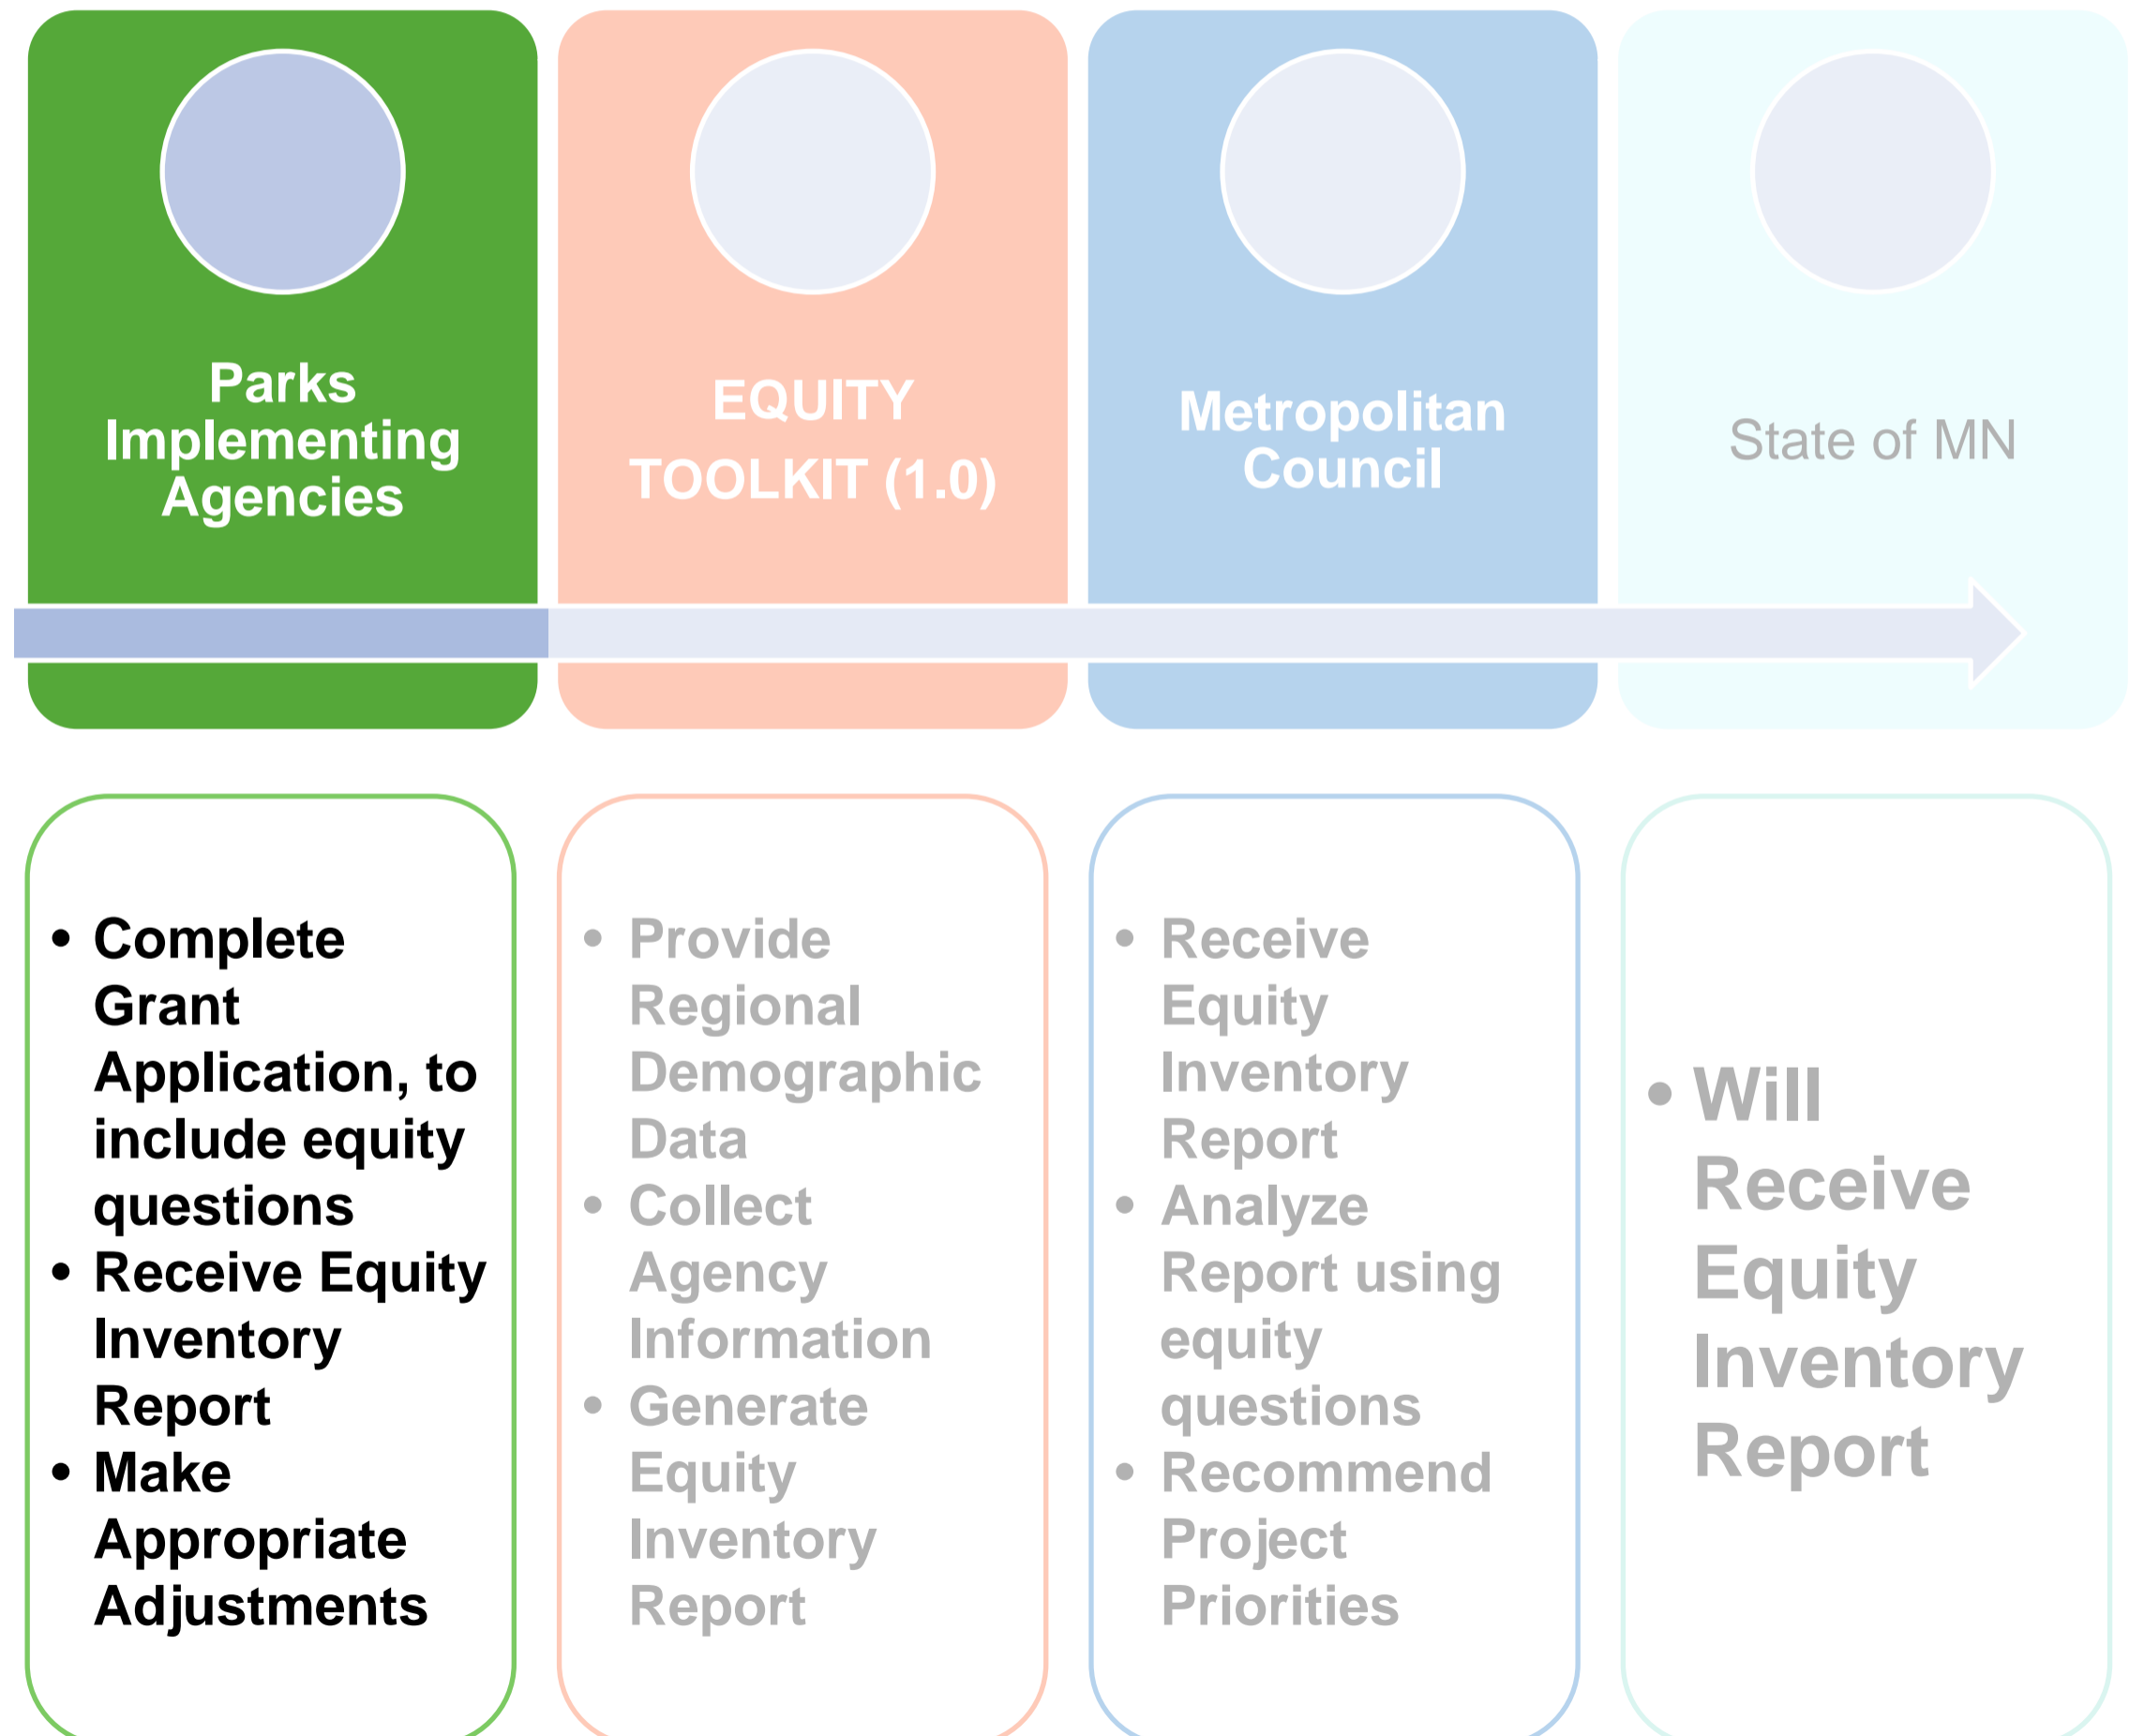

# The Recommendations

# RECOMMENDATIONS TO MET COUNCIL

1. The **toolkit** launches with an inventory function and consists of four distinct “tools”.
  - Set of equity questions answered by agencies.
  - Report of the responses to equity lens questions.
  - Set of questions to guide analysis of the responses.
  - Set of user sessions to help agencies, Met Council staff and MPOSC understand, use and advance.
2. There is a blueprint for continuous improvement and development of the toolkit.
3. Plan to address the Additional Recommendations and share that with the Equity Toolkit participants.

# TOOLKIT FUNCTION (BIENNIUM #1)

## USE AN EQUITY LENS TO INVENTORY PROJECTS

# GRANT APPLICATION

## (Park Implementing Agencies)

### Answer five equity questions:

1. What are the population numbers for the following groups within your agency's jurisdiction?
2. Which populations in Q1 are currently underserved by the regional parks system?
3. Which of the underserved populations identified in Q2 will this project serve better?
4. What specific aspects of this project will help to better serve the target populations identified in Q3?
5. Exactly how will you verify the target populations identified in Q3 are better served?

# 1. What are the population numbers for the following groups within your agency's jurisdiction?

- A. TOTAL HOUSEHOLDS
- B. RACE & HISPANIC/LATINO ORIGIN (% BY CATEGORY)
- C. INCOME IN THE PAST 12 MONTHS
- D. DISABILITY CHARACTERISTICS (% BY CATEGORY)
- E. AGE (% BY CATEGORY)
- F. NATIVE & FOREIGN BORN (% BY CATEGORY)

This data will be auto-populated from the most current Census or American Community Survey. Park Implementing Agencies that cross multiple counties would auto-populate with aggregated figures.

**Purpose: Understand current demographic reality. Use to compare against proposed project plans and outcomes.**

# SAMPLE RESPONSE

## Auto-populated

### 1. What are the population numbers for the following groups within your agency's jurisdiction?

**A. TOTAL HOUSEHOLDS**

--

**B. RACE & HISPANIC/LATINO ORIGIN (%)**

- White
- Black or African American
- American Indian and Alaska Native
- Asian
- Native Hawaiian & Other Pacific Is-lander
- Some Other Race
- Hispanic or Latino
- Not Hispanic or Latino

**C. INCOME IN THE PAST 12 MONTHS**

- Households with earnings (#)
- Mean earnings (\$)
- With Social Security income (%)
- With cash public assistance income (%)
- With retirement income (%)
- With Food Stamp/SNAP benefits (%)

**D. DISABILITY CHARACTERISTICS (%)**

- Disability status
- Hearing difficulty
- Vision difficulty
- Cognitive difficulty
- Ambulatory difficulty
- Self-care difficulty
- Independent living difficulty

**E. AGE (%)**

- Under 5 years
- 5 to 17 years
- 18 to 24 years
- 25 to 44 years
- 45 to 54 years
- 55 to 64 years
- 65 to 74 years
- 75 to 84 years
- 85 years and over

**F. NATIVE & FOREIGN BORN (%)**

- Native born
- Foreign born
- English only
- Language other than English
- Speak English less than "very well"

**2. Which populations in Q1 are currently underserved by the regional parks system?** (Refer to the 2016 Regional Parks & Trails Survey. Check all that apply. )

Purpose: Understand current demographic gaps in service opportunity, access and/or quality. Use to compare against proposed project plans and outcomes.

# SAMPLE RESPONSE

## Auto-populated

2. Which of populations in Q1 are currently underserved by the regional parks system?

Underserved Populations	Percent
Black or African American	
American Indian and Alaska Native	
Asian	
Native Hawaiian & Other Pacific Islander	
Some Other Race	
Hispanic or Latino	
Hearing difficulty	
Vision difficulty	
Cognitive difficulty	
Ambulatory difficulty	
Self-care difficulty	
Independent living difficulty	

Actual data pending  
2016 Regional Parks &  
Trails Survey

### **3. Which of the underserved populations identified in Q2 will this project serve better? (Check all that apply)**

*List of checkboxes pre-populated with responses piped from question #2.*

**Purpose: Identify specific underserved groups that are expected to be served by the project. Use to compare against proposed project plans and outcomes. Recognize that those targeted groups may vary by park or trail.**

## SAMPLE RESPONSE (A)

3. Which of the underserved populations identified above is this project designed to serve better?

Underserved Populations	Check Appropriate Boxes
Black or African American	
American Indian and Alaska Native	
Asian	
Native Hawaiian & Other Pacific Islander	
Some Other Race	
Hispanic or Latino	
Hearing difficulty	
Vision difficulty	
Cognitive difficulty	
Ambulatory difficulty	X
Self-care difficulty	
Independent living difficulty	

## SAMPLE RESPONSE (B)

3. Which of the underserved populations identified above is this project designed to serve better?

Underserved Populations	Check Appropriate Boxes
Black or African American	X
American Indian and Alaska Native	X
Asian	X
Native Hawaiian & Other Pacific Islander	X
Some Other Race	X
Hispanic or Latino	X
Hearing difficulty	
Vision difficulty	
Cognitive difficulty	
Ambulatory difficulty	
Self-care difficulty	
Independent living difficulty	

## 4. What specific aspects of this project will help to better serve the target populations identified in Q3?

*Open text response*

**Purpose: Validate the project plan has components that are effective in serving the target populations.**

### **SAMPLE RESPONSE (A)**

Provide ADA compatible restroom facilities with design features that extend beyond minimum requirements.

### **SAMPLE RESPONSE (B)**

Provide culturally relevant programming to racially and ethnically diverse audiences through forging partnerships with local organizations.

## 5. Exactly how will you verify the target populations identified in Q3 are better served?

*Open text response*

Purpose: Validate the agency or project has a method of measuring progress toward serving the target populations.

### **SAMPLE RESPONSE (A)**

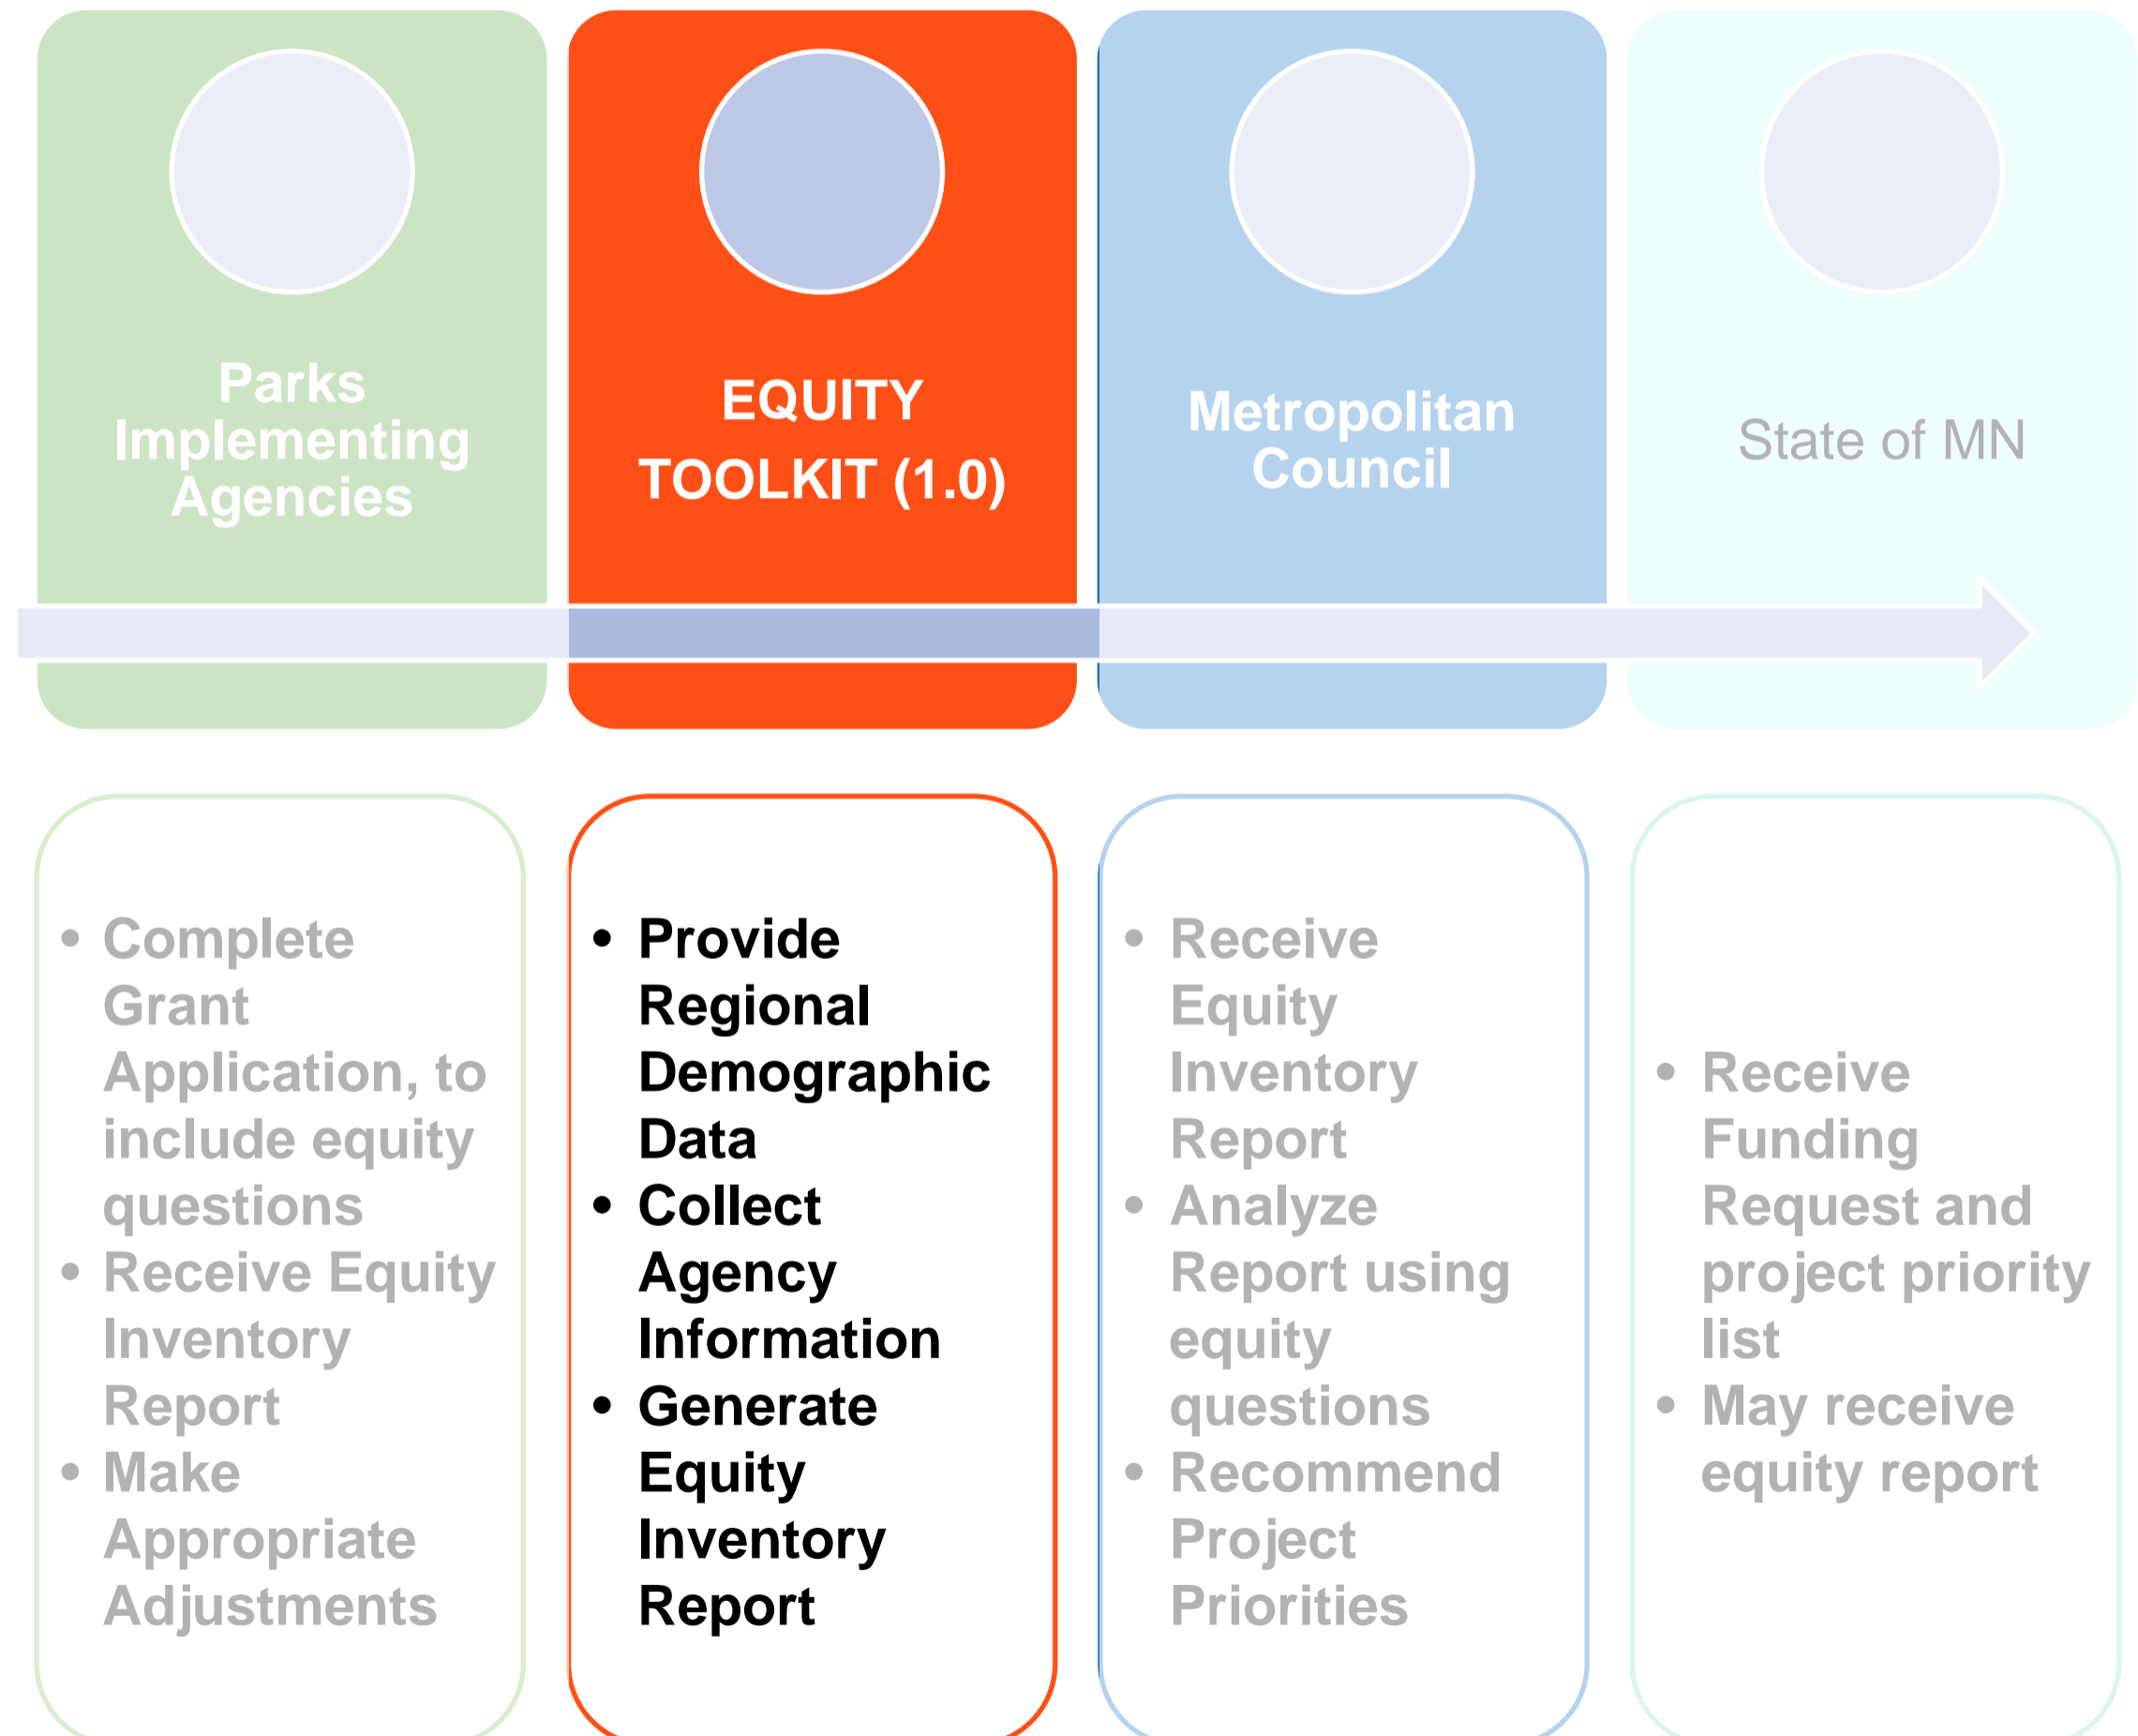

An observational pre and post test conducted before construction and after construction.

### **SAMPLE RESPONSE (B)**

- # of new partnerships formed with local organizations
- # of culturally relevant programs developed provided
- # of program participants by race and ethnicity

# TOOLKIT FUNCTION (BIENNIUM #1)

## USE AN EQUITY LENS TO INVENTORY PROJECTS

# CONSIDERING THE INVENTORY REPORT (MPOSC and Council)

Use five equity questions to analyze the report:

1. What populations are the currently underserved by the regional parks system?
2. Which of the underserved populations identified above are being served better by these proposed projects? What seem to be trends across the region? Are there strengths, gaps?
3. What interesting / promising approaches to better serving targeted populations do you see within these projects?
4. What does this tell you about where the regional park system is now and where it may need to go in the future?
5. What suggestions would you make?

# TOOLKIT FUNCTION (BIENNIUM #1)

## USE AN EQUITY LENS TO INVENTORY PROJECTS

# TOOLKIT USER SESSIONS

## **Implementing Agencies, Met Council Staff & MPOSC:**

- Learn and use the toolkit.
- Share toolkit results and insights.
- Discuss approaches, good practices, successes.
- Engage in continuously improving the current tools.
- Co-create new tools to add to the toolkit.
- Understand and explore emerging equity issues and advances as they relate to the Regional Park system.

# RECOMMENDATIONS TO MET COUNCIL

1. The toolkit consists of:
  - Set of “equity lens” questions answered by agencies.
  - Report of the responses to equity lens questions.
  - Set of “equity analysis” questions to guide conversation about the responses.
  - Set of “user sessions” to help agencies, Met Council staff and MPOSC understand, use and progress.
2. There is a blueprint for continuous improvement and development of the toolkit.
3. Plan to address the Additional Recommendations and share that with the Equity Toolkit participants.

# BLUEPRINT FOR CONTINUOUS IMPROVEMENT (Led by Equity Toolkit User Group)

1. After Biennium 1, take stock of the inventory of project analyses. Identify areas of strength, weakness and opportunity.
2. Make adjustments to the toolkit – adapt/add components; require specific measurable goals.
3. Implement adjustments in Biennium 2.
4. Repeat 1 – 3 for future years.

# Eventually Your Well-developed Toolkit Could Provide:

- **Framework** for revealing implicit and explicit project impact on key areas of concern.
- **Pictures** of where and how a proposed project measurably performs on key aspects of equity.
- **Opportunity** to develop projects that better support equity.
- **Information** to help set priorities, establish and achieve meaningful equity goals, and determine immediate next steps.

# PLAN TO ADDRESS ADDITIONAL RECOMMENDATIONS FROM EQUITY TOOLKIT PARTICIPANTS

- Eleven suggestions outside the scope of this equity toolkit project
  - Ensuring staff have adequate resources to actually deliver on the Regional Parks equity commitment.
  - Linking other Met Council divisions to support Regional Parks (i.e. ensuring public transit supports equitable regional park usage).
  - Aligning Regional Park System outcomes with other Met Council goals (i.e., Transit-oriented development, diverse vendor procurement, concentrated areas of poverty).
  - Finding additional ways to support implementing agencies in their role as front-line equity workers.

# The Anticipated Impacts

# IMPACTS ON COMMUNITIES

- Immediate increase on the level of visibility of underserved populations in the regional park system.
- Immediate increase on the ability of residents to see exactly what actions are being taken to consider and serve specific communities.
- Immediate increase on the levels of consideration for underserved populations in the regional park system.
- Long term increase on the level and quality of service to underserved populations in the regional park system.
- Long term improvement on the quality of life of all communities in the region.

# IMPACTS ON IMPLEMENTING AGENCIES

- No impact on amount of grant funds allocated or awarded to agencies through Capital Improvement Program and Parks and Trails Legacy Fund.
- Immediate increase in time spent completing the relevant grant applications.
- Immediate increase in motivation and ability of agencies to use an equity lens as they develop and propose projects for funding.
- Potential immediate impact on priority ranking of park projects agencies propose for funding.

# IMPACTS ON METROPOLITAN COUNCIL

- No impact on amount of grant funds allocated or awarded to agencies through Capital Improvement Program and Parks and Trails Legacy Fund.
- Potential immediate impact on priority ranking of park projects agencies propose for funding.
- Immediate increase in time spent by staff and commission in reviewing the relevant grant applications.
- Immediate increase on ability of staff and leaders to use an equity lens as they make decisions.

# The Recommendations

# CULTUREBROKERS RECOMMENDATION

1. The toolkit consists of:
  - Set of “equity lens” questions answered by agencies.
  - Report of the responses to equity lens questions.
  - Set of “equity analysis” questions to guide conversation about the responses.
  - Set of “user sessions” to help agencies, Met Council staff and MPOSC understand, use and progress.
2. There is a blueprint for continuous improvement and development of the toolkit.
3. Plan to address the Additional Recommendations and share that with the Equity Toolkit participants.

# Staff Recommendation

That the Metropolitan Council accept the Regional Parks System Equity Toolkit recommendations and direct staff to begin use of the toolkit in the Capital Improvement Program and the Parks and Trails Legacy Fund grant program in the manner specified in the *2040 Regional Parks Policy Plan*.
