Funding Recommendations for 2023 Livable Communities Act Policy Development Grants

District(s), Member(s): All
Policy/Legal Reference: Livable Communities Act (Minn. Stat. § 473.25)
Staff Prepared/Presented: Hannah Gary, Planning Analyst, Livable Communities (651) 602-1633
Division/Department: Community Development / Regional Planning

Proposed Action

That the Metropolitan Council award three (3) Livable Communities Act Policy Development Grants totaling \$101,400 as shown Table 1 below.

Table 1. Recommended Grant Projects and Funding Amounts

Applicant	Recommended Project	Award Amount
City of Chaska	Zoning Code Updates to Foster More Adaptive Zoning Practices	\$50,000
City of Fridley	Zoning Code Update - Policy Development	\$15,000
City of New Brighton	New Brighton Housing Study Implementation: Accessory Dwelling Units (ADUs)	\$36,400

Background

The Livable Communities Act (LCA) supports Metropolitan Council priorities through the Livable Communities Demonstration Account (LCDA) by funding projects that connect jobs, transit, services, and housing in efficient and effective ways. The Council adopted the 2023 LCA Policy Development guidelines, criteria, schedule, and evaluation process as part of the Annual Livable Communities Act Fund Distribution Plan ([Business Item 2023-48](#)) on February 22, 2023. This program supports locally adopted policies that further LCA goals and have an impact on physical development in the applicant city.

On July 21, 2023, the Council received three applications for Policy Development funding. The City of Chaska, the City of Fridley, and the City of New Brighton submitted applications. A staff evaluation concluded that all submitted applications met eligibility requirements. Project details are included in the attached project summaries.

Rationale

As detailed in the Review Process section of this report, the recommended projects and award amounts meet the funding award criteria for the program. As outlined in the 2023 Fund Distribution Plan, the Council has two rounds of LCA Pre-Development funding in 2023, with up to \$1,000,000 available in each round. The funding for the Policy Development program is part of the funding

allocated for Round Two of LCA Pre-Development. There is an award limit of \$50,000 per city for Policy Development awards which is included in the \$300,000 per-city limit for Pre-Development. Unallocated funds will be available for future programming.

Thrive Lens Analysis

Projects that demonstrate efficient and effective use of public financial resources further the Thrive Stewardship Outcome.

Projects that redevelop and increase density further the Thrive Prosperity outcome of “[e]ncouraging redevelopment and infill development across the region.”

Projects that provide a mix of housing affordability levels further the Thrive Equity outcome of “[c]reating real choices in where we live, how we travel, and where we recreate for all residents, across race, ethnicity, economic means, and ability.”

Projects that introduce more housing types and affordability levels in existing neighborhoods further the Thrive Livability outcome of “[p]roviding housing and transportation choices for a range of demographic characteristics and economic means.”

Funding

Funds are available in the Livable Communities authorized 2023 budget and Livable Communities reserve accounts to award these grants. Reserves may need to be amended into a future annual budget to meet cashflow needs on Livable Communities multi-year grants.

Known Support / Opposition

All applicants have submitted a statement of support from their City Council or other authorizing body. There is no known opposition to the proposals submitted.

Review Process

The Council issued a notice of funding availability in March 2023 after adopting the 2023 Annual Livable Communities Fund Distribution Plan. Staff held informational webinars, distributed information about funding availability and met with applicants to discuss the LCA processes, criteria, and best program fit for their projects.

Three applications were submitted, as shown in Table 2. Council staff conducted a preliminary review for completeness and eligibility, then used Council-approved criteria to evaluate each application in the following areas: Policy Development Outcomes, Policy Development Process, and Policy Development Team. The results of the staff evaluation are shown in Table 3.
