**Proposed Action**
That the Metropolitan Council:

1. Approve a grant of up to $112,973 from the Park Acquisition Opportunity Fund to Dakota County to acquire a 5-acre parcel located at 160th Street East and Pleasant Avenue in Hastings, MN, for the Vermillion River Greenway Regional Trail (Hastings).

2. Authorize the Executive Director of Community Development to execute the grant agreement and restrictive covenant on behalf of the Council.

**Background**

**Regional Park Implementing Agency and Project Request**
Dakota County requested a Park Acquisition Opportunity Fund (PAOF) grant on April 24, 2024, to fund the acquisition of a 5.02-acre parcel for the Vermillion River Greenway Regional Trail. A copy of the Agency’s request is attached to this item as Exhibit 2 with application details in Exhibit 3.

The Vermillion River Greenway Regional Trail (Hastings) travels five miles from the Mississippi River Greenway Regional Trail through Hastings. The trail links destinations including Vermillion Falls Park, downtown Hastings, the Mississippi River Greenway Regional Trail, and the Port Douglas Regional Trail (see Exhibit 1, Figures 2, 3, and 4). The Dakota County Community Development Agency property is the next crucial piece of land needed to continue developing the remaining mile or so of the regional trail in Hastings (see Exhibit 1, Figure 3).

**Subject Property**
The subject 5.02-acre property is within the Council-approved boundary of Vermillion River

Park Acquisition Opportunity Fund (PAOF)
The Council’s Park Acquisition Opportunity Fund (PAOF) Program provides funding to purchase property and easements via two state sources: the Parks and Trails Legacy Fund (PTLF) and the Environment and Natural Resources Trust Fund (ENRTF). The Council contributes by matching every $3 in state funds with $2 in Council funds. The $3 to $2 match is required at the program level, not the individual project level.

State and Council funds contribute up to 75% of the purchase price and eligible costs; the Regional Park Implementing Agency (Agency) contributes the remaining 25% as local match.

Project Budget
The appraised value of the subject property is $138,000, and the Seller has agreed to that amount. See Exhibit 4 for more information on the appraisal. The total project cost including legal fees, taxes, and appraisal is $150,631 as shown in Table 1 below.

Acquisition Details
This is a straightforward fee title acquisition. The Vermillion River Greenway long-range plan identified the subject location as a preferred alignment for the greenway. Since the property could provide additional public benefits for transportation and residential development, the County worked with the Community Development Agency (CDA) to acquire the property. The CDA has redevelopment authority powers which allow it to acquire property for future residential development and then sell non-development portions of the property. The County is interested in acquiring the north part of the parcel along the Vermillion River to protect the river and develop the greenway corridor.

Rationale
Council staff conduct the review of each PAOF request on a first-come-first-served basis under the following standards:

- the proposed acquisition complies with state statute and Council policy
- all necessary documentation for the acquisition is in place
- the appraisal is reasonable and appropriate

This acquisition is consistent with:

- The Parks and Trails Legacy Fund
- The 2040 Regional Parks Policy Plan
  - Planning Policy Strategy 1 requires that before an Agency can receive a grant for acquisition, the proposed project must be consistent with a Council-approved long-range plan. The Council approved the Vermillion River Greenway Regional Trail long-range plan.
The proposed acquisition is within the boundaries of the approved long-range plan.

- Siting and Acquisition Strategy 1 prioritizes the acquisition of lands with natural resource features, access to water, and/or restoration potential for the Regional Parks System. The subject property is necessary to complete the Vermillion River Greenway Regional Trail and contains wetlands and woodlands along the Vermillion River.

- Finance Strategy 7 authorizes the use of PAOF as the funding mechanism for the acquisition of Regional Park lands and matching every $3 in state funds with $2 in Council bonds.

**Thrive Lens Analysis**

This request is consistent with *Thrive MSP 2040*’s Livability and Stewardship outcomes. The Council’s investment in the Vermillion River Greenway Regional Trail will provide additional access to nature and the outdoors and enhance quality of life.

**Funding**

The Council will fund the 75% share with Parks and Trails Legacy Fund and Council funds. The PAOF program has available funds in the Council’s Authorized Capital Program.

Dakota County will provide a local match of $37,658.

Emmett Mullen
Metropolitan Council
390 North Robert Street
St. Paul, MN 55101

Dear Emmett:

Dakota County requests Metropolitan Council consideration authorizing a $112,973 Parks Acquisition Opportunity Fund grant to acquire a portion of property owned by the Dakota County Community Development Agency (CDA) for a section of the Vermillion River – Hastings Regional Greenway.

The Dakota County Board (County Board) of Commissioners adopted the Vermillion River – Hastings Greenway (Greenway) Master Plan (Plan) on October 29, 2019. The Plan identified a portion of a 9.97-acre property located in the northwest quadrant of the intersection of Pleasant Avenue and County Highway 46 (Property) in the City of Hastings as a preferred alignment for the greenway trail. Since the Property could also provide additional public benefits, including a future residential development area and additional right of way for transportation improvements, the County began working with the CDA to have the CDA acquire the Property. The CDA is a public corporate and political subdivision of the State having housing and redevelopment authority powers which allows it to acquire property for future residential development and sell non-development portions of acquired property.

The County, in coordination with the CDA, appraised, reviewed and accepted an independent appraised value of $402,000, with individual value allocations for the development area, right of way and the 5.02-acre greenway corridor. The CDA then used the appraisal to successfully negotiate with the former Property owner and acquired the Property for the slightly lower $395,000 listing price on August 18, 2023. The appraised value for the greenway corridor was $138,000. Subsequently, the CDA learned that there were pending road assessments totaling $6,750 which the County and CDA agreed to evenly split.

The Dakota County Board of Commissioners authorized acquisition of a portion of the CDA property and submission of an AOF grant request at its March 26, 2024, meeting. The PAOF grant is based on the following expenses:

The Parties acknowledge that pursuant to a Grant Agreement entered or to be entered between the Council and the Buyer (Grantee), Council may exercise its contractual right to the Wastewater Facilities Rights on one or more occasions. The Buyer (Grantee) agrees that the Wastewater Facilities Rights may not be exercised unless assigned to the Council, its successors or assigns.

If the Buyer is eligible to receive Council funding for the Property, Seller will allow the above-described, additional Council-required restrictions within that portion of the Property identified as Tract No. 488 in Exhibit A.

THIS AGREEMENT AND RESTRICTIVE COVENANT is made and entered into this _____ day _____________, 202_, by and between COUNTY OF DAKOTA (the “Grantee”) and the Metropolitan Council, a political subdivision of the State of Minnesota (the “Council”).

RECITALS

1. The Grantee has acquired the following described real property, to-wit:

See attached Exhibit A, hereinafter referred to as the “Property.”

2. The Council has contributed funds toward the acquisition of the Property pursuant to its grant program authorized by chapter 563, Laws of Minnesota, 1974.

3. The grant program was established pursuant to the law to provide for the acquisition, preservation, protection, development, and betterment of regional recreational open space for public use.

4. The grant agreement under which the Council contributed funds towards the acquisition of the Property is identified as SG-_______.

NOW, THEREFORE, in consideration of the grant made by the Council to the Grantee and in consideration of the mutual agreements and covenants contained in this Agreement, the parties agree as follows:

1. No sale, lease, mortgage, or other conveyance, nor the creation of any easement, restriction, or other encumbrance against the Property shall be valid for any purpose unless the written approval of the Council or its successors is duly filed and recorded at the time of the filing and recording of the instrument to which such approval pertains, nor shall the Property be used for any purpose except regional recreational open space purposes as those purposes are from time to time defined by the Council or its successors, unless the Council or its successors shall consent to the other use or uses by written instrument duly filed and recorded and designating the nature, extent, and duration of the use for which such consent is given.

2. As a condition to this Grant, and provided that conveyance of such easement or easements is consistent with the Approved Master Plan, the Grantee agrees to convey to the Council, its successors or assigns, a permanent easement or easements, hereinafter referred to as

Upon written request by and at no cost to the Council, Grantee will execute and deliver to the Council the Wastewater Facilities Easement[s] substantially in the form of the Easement attached hereto and incorporated herein for the location or locations described by the Council in its written request to Grantee. The Council may exercise this contractual right to the Wastewater Facilities Easement[s] on one or more occasions.

The Council agrees to work cooperatively with Grantee to locate the Wastewater Facilities Easement[s] and the regional wastewater conveyance facilities on the Property in a manner which minimizes the impact on existing and planned park system facilities on the Property and natural resources. As further consideration for the conveyance of the Wastewater Facilities Easement[s], the Council agrees to waive the Sewer Availability Charge for the Property.

As a further condition for this Grant, the Council may, at any time after execution of this Grant, provide to Grantee written notification of the proposed location of a future regional wastewater conveyance corridor on the Property.
