Proposed Action

That the Metropolitan Council authorize the 2024 Unified Budget amendment as indicated, and in accordance with, the attached tables.

Background

This business item amends the Community Development operating budget and capital program. It also provides informational background on project level adjustments that have taken place.

Capital Program – Attachment #1 (Program Level)

2024 Operating and Passthrough Budgets – Attachment #2

Capital Program – Attachment #3 (Project Level) is included for reference and informational purposes only.

Capital Program

Parks Legacy Funding

The Community Development Division passes through state and regional funds to 10 Regional Parks Implementing Agencies. Funds are managed through grant agreements once the Council brings funds into the Authorized Budget.

This amendment authorizes State Fiscal Year (SFY) 2025 Parks and Trails Legacy Fund (Legacy) appropriations and required Council match. Legacy was established in 2008 through an amendment to the Minnesota Constitution that increased the state sales tax by three-eighths of one percent through 2034. In odd numbered years, 14.25% of the revenue raised by the sales tax increase is allocated to support parks and trails of regional or statewide significance.

Legacy funds for the Metropolitan Regional Parks System are distributed to the Agencies according to a formula set in Minn. Stat. § 85.53. By law, 10% of each year's appropriation is set aside for land acquisition. The remaining 90% is distributed as follows:

- 45% is based on each Agency's relative share of the most recent Operation and Maintenance distribution.
- 31.5% is based on each Agency's relative share of the most recent population estimate in the metropolitan area; and
- 13.5% is based on each Agency's relative share of non-local visits based on the Council's most recent user visitation survey.

The Council's SFY25 Legacy appropriation was \$29,167,000. Agency shares total \$26,250,300. The 10% land acquisition set aside for SFY 2025 is \$2,916,700 and it requires a 3:2 Council match of \$1,944,467. Match dollars are programmed in the Council's approved Capital Improvement Plan (CIP).

Environment Natural Resource Trust Fund

The Council has been appropriated SFY25 Environment Natural Resource Trust Fund dollars in the 2024 session. Funds were appropriated to the Council after a competitive grant process and a recommendation by the Legislative-Citizen Commission on Minnesota Resources (LCCMR) to the legislature.

The function of the LCCMR is to make funding recommendations to the legislature for special environment and natural resource projects, primarily from the Environment and Natural Resources Trust Fund (ENRTF). These projects help maintain and enhance Minnesota's environment and natural resources. The LCCMR developed from a program initiated in 1963.

The Council's SFY25 appropriation is \$3,000,000. The SFY25 appropriation requires a 1:1 match with local funds. The Council will provide a 3:2 local match of \$2,000,000. The remaining match will need to be committed by Parks Implementing Agencies. Funds will be awarded to Parks Implementing Agencies on a first come, first served basis through our Parks Acquisition and Opportunity Fund program. All acquisition grants come before the Council for formal action prior to award.

Parks State General Fund Appropriation

This amendment authorizes one-time State Fiscal Year (SFY) 2025 state general fund appropriations.

The Council's SFY25 appropriation for Tree Planting is \$1,400,000. These funds are distributed to Agencies according to their proportional share of weighted acreage.

The Council's SFY25 appropriation for Fishing Piers is \$500,000. These funds will be awarded to Parks Implementing Agencies competitively.

The Council's SFY25 appropriation for Community Tree Planting is \$2,500,000. These funds will be awarded competitively through a new program enabled in statute in the 2024 session.

Parks Direct State Appropriation Projects

This amendment authorizes \$1,125,000 in state general fund for 2 projects defined by direct appropriation. The Council does not match direct appropriations.

Administrative Adjustments

The administrative adjustment section, Attachment #3, represents project level changes and is included for reference and information purposes only. This amendment includes adjustments to the Family Affordable Housing Program and Regional Parks projects.

The Community Development Division passes through state and regional funds to 10 Regional

Parks Implementing Agencies. Funds are managed through grant agreements once the Council brings funds into the Authorized Capital Program at the program level. Council staff then program authorized funds to specific projects with administrative adjustments, in accordance with State Statute and Council Policy.

Closing Projects

This amendment reduces the Regional Parks Authorized Capital Program by just over \$6 million by removing completed projects from the capital program. All projects have been completed and have fully expended funds.
