

Information Item: Targeted Stormwater Grant Program

Judy Sventek, Manager, Water Resources Assessment

Environment Committee: January 13, 2015

Grant Program Overview

- \$800,000
- 2-4 projects
- Projects need to:
 - Serve as visible demonstration projects
 - Be easy to replicate
 - Focus on highly urbanized areas
 - Include long-term monitoring
 - Provide information on challenges and opportunities

Proposed Process

- Formal solicitation process
- Reviewed by internal staff and Metro Cities partner
- Reviewed by MCES management
- Approved by Environment Committee

Primary Criteria

- Innovative
- Widely applicable
- Require monitoring and assessment

Secondary Criteria

- Visible
- Ready to go
- Project drains to stream or river reach monitored by Council
- Will benefit impaired water and be identified as needed in one of several plans
- Leverages other funds
- Includes long-term maintenance
- Integrates with other water issues
- Supports Thrive MSP 2040 and the Water Resources Policy Plan
