

Environment Committee

Meeting date: December 10, 2019

For the Metropolitan Council meeting of December 11, 2019

Subject: Maple Plain, Medina and Independence Improvements
District(s), Member(s): District 1, Judy Johnson
Policy/Legal Reference: Policy 3-3, Expenditures
Staff Prepared/Presented: Tim Wedin, 651-602-4571; Jeannine Clancy, 651-602-1210
Division/Department: MCES c/o Leisa Thompson, 651-602-8101

Proposed Action

That the Metropolitan Council authorize the Regional Administrator to award and execute a construction Contract 19P258, for Maple Plain, Medina and Independence Improvements, MCES Project No. 808100 with Meyer Contracting for their low responsive, responsible bid of \$2,739,619.19.

Background

The project includes improvements required to connect the City of Loretto to the Metropolitan Council system at L-63 through the City of Medina/Independence local system. The project includes installation of 2,000 linear feet (LF) of gravity pipe at County Road 19, a meter structure at Independence pump station Number 5, and rehabilitation of Metropolitan Council Lift Station L-63.

The project was advertised on October 7, 2019. A pre-bid meeting was facilitated on October 24, 2019. A public bid opening was held on November 14, 2019. Four bids were received. The bids ranged from \$2,739,619.19 to \$3,103,347.00. Meyer Contracting submitted the lowest responsive and responsible bid. The bid was \$500,000 higher than the engineer’s estimate of \$2,226,082.10. After comparative evaluation it was determined that the previous estimate did not correctly reflect the costs of Temporary Conveyance or Building Modifications. The Office of Equal Opportunity established a goal of 15%. Meyer Contracting, exceeded the goal with a commitment of 22%.

Rationale

Construction contract awards greater than \$2,500,000 require Council authorization.

Thrive Lens Analysis

This action advances the Thrive Outcome of Stewardship. Public financial resources will be invested efficiently and effectively to maintain the existing wastewater infrastructure, which protects the region’s natural resources.

Funding

The project is included in the 2019 MCES Authorized Capital Program.

Known Support / Opposition

Cities of Loretto, Medina, Maple Plain, and Independence and the Minnesota Pollution Control Agency (MPCA) are supportive of the project.
