

Environment Committee

Meeting date: December 10, 2019

For the Metropolitan Council meeting of December 11, 2019

Subject: Metropolitan Wastewater Treatment Plant Solids Renewal & Improvements Project Rejection of Bids
District(s), Member(s): District 13; Council Member Chai Lee
Policy/Legal Reference: Policy 3-3 Expenditures
Staff Prepared/Presented: Rene Heflin, 651-602-1077
Division/Department: MCES c/o Leisa Thompson, 651-602-8101

Proposed Action

That the Metropolitan Council authorize its Regional Administrator to reject all bids for construction of Metropolitan Wastewater Treatment Solids Renewal & Improvements, Project Numbers 805947 and 808920, Contract 19P187, and rebid the project.

Background

The Project provides for construction of the following at the Metropolitan Wastewater Treatment Plant:

- 1. Fluid bed incinerator air distribution renewal
- 2. Baghouse rehabilitation
- 3. Waste heat boiler tube replacement
- 4. Scrubber modifications
- 5. Cake feed piping modifications
- 6. Alkaline loadout and other miscellaneous improvements

Three bids were received November 19, 2019, ranging from \$19,338,710.00 to \$21,189,113.42. The Disadvantaged Business Enterprise (DBE) goal for this contract was 2% Minority DBE (MBE) and 2% Woman-Owned DBE (WBE).

The two lowest apparent bids were determined to be non-responsive. MCES proposes to reject all bids and to re-bid this project because the remaining responsive bid was \$1.85 million dollars higher than the lowest bid received.

Rationale

Rejection of bids exceeding \$2,500,000 requires Council authorization.

Thrive Lens Analysis

This action supports the Thrive outcome of stewardship as the work supports efforts to maintain the region’s wastewater treatment system.

Funding

Funds are provided in the Capital Program.

Known Support / Opposition

None
