

Business Item 2020-124:
Ratification of Declaration of Emergency
for Boiler Operator Temporary Services

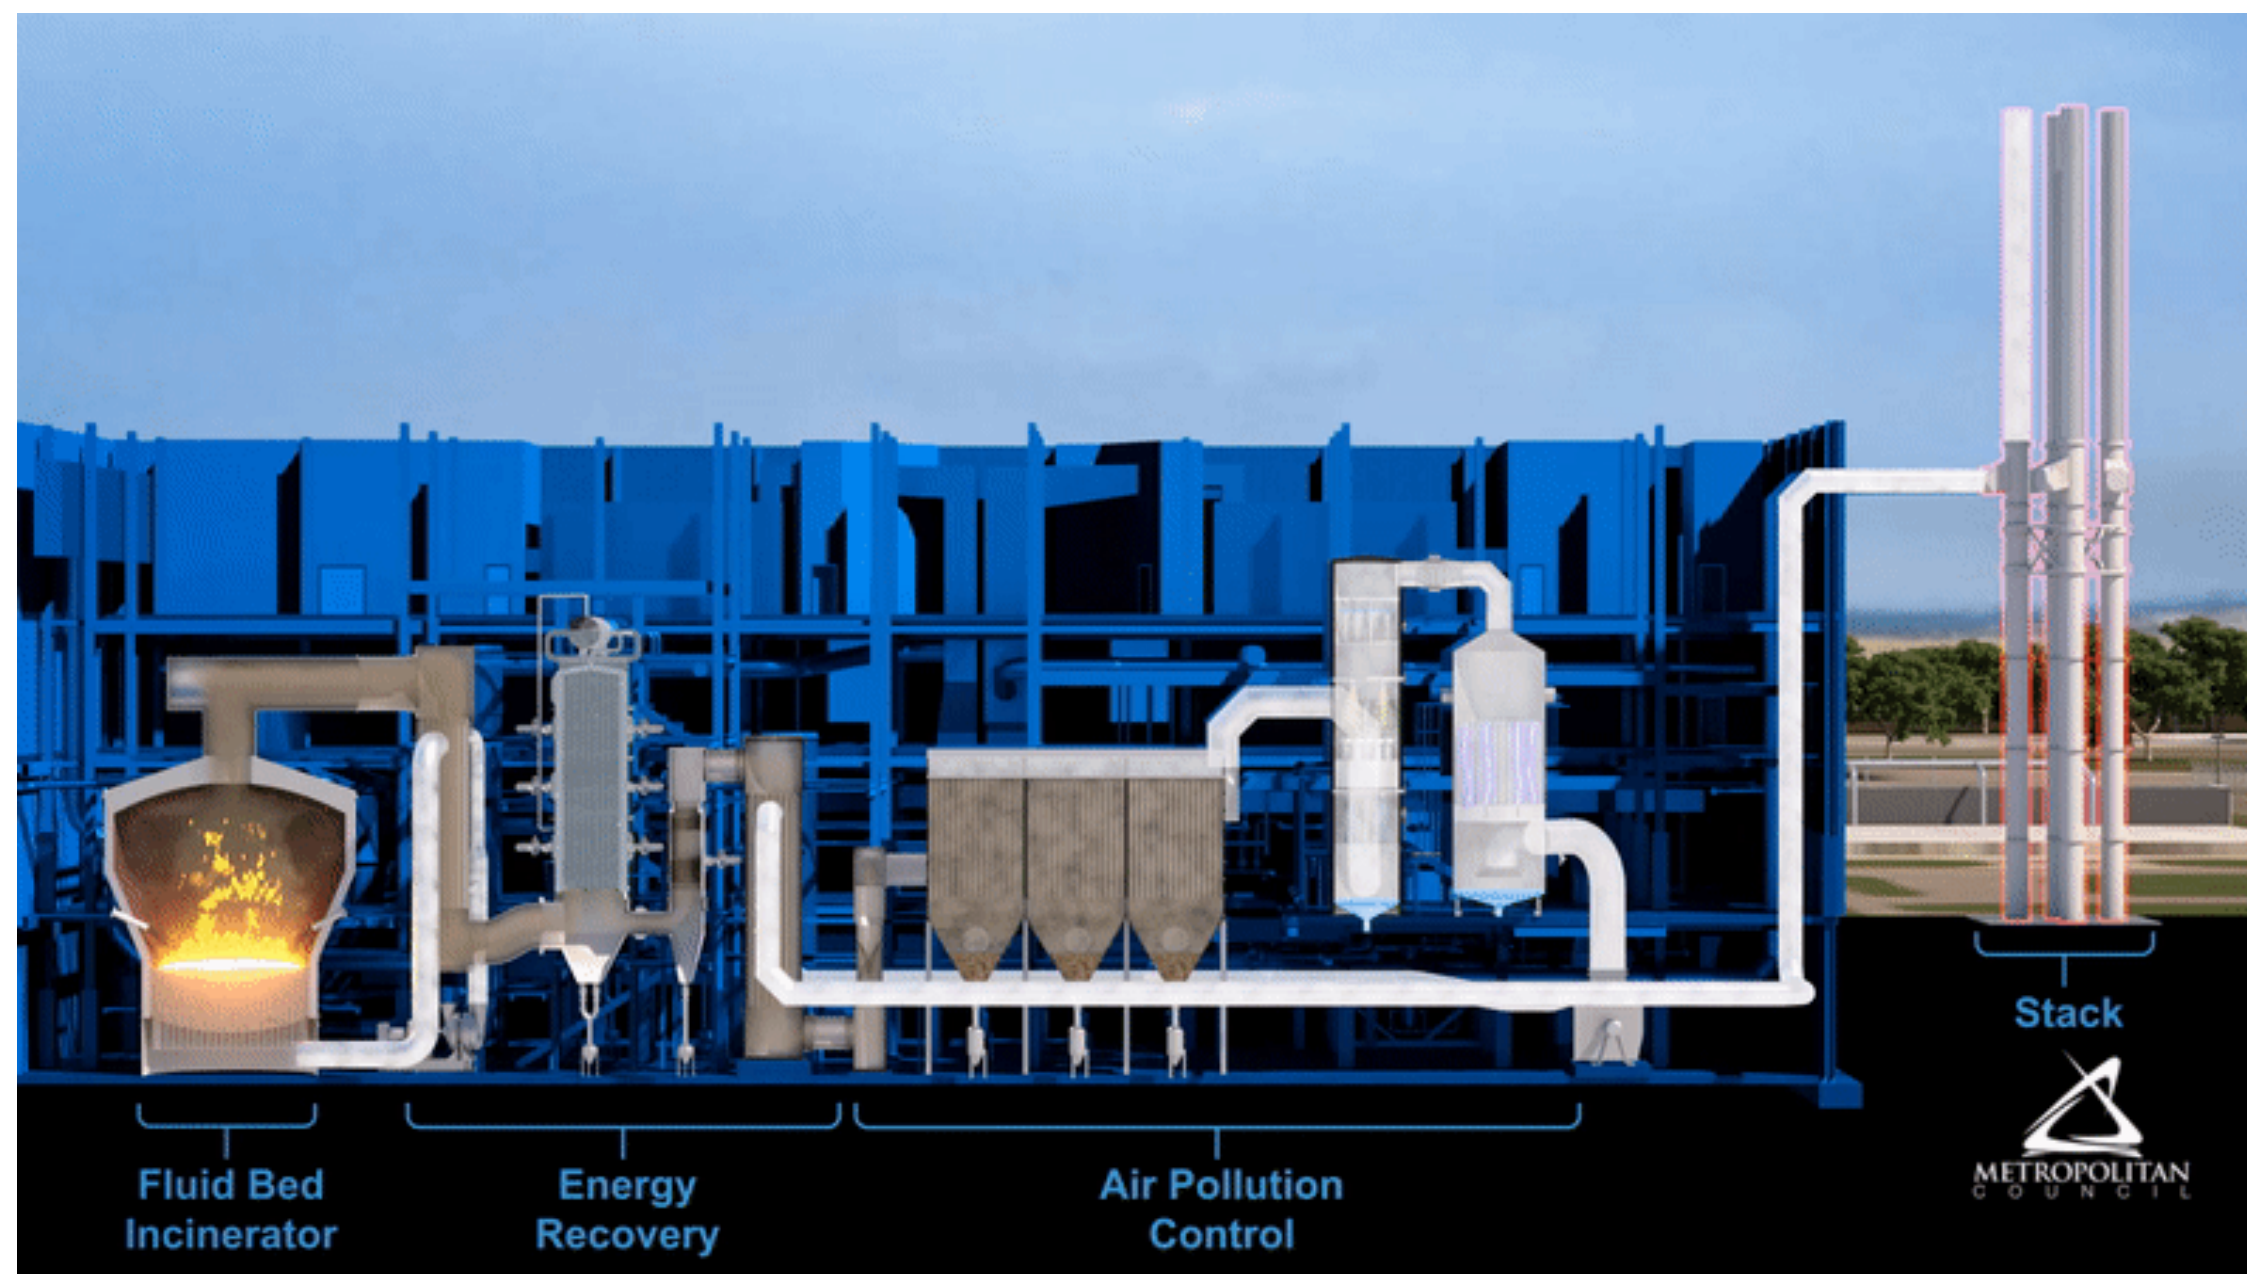

Larry Rogacki, Interim Assistant General Manager, Operations

Environment Committee: April 14, 2020

Background

Metro Plant Incineration with Energy Recovery

- Saves the Council \$2.5 million per year in electricity and natural gas
- Requires 8 1st Class, Grade A Boiler Operators to run continuously
- Incinerator trains cannot run without the waste heat boilers

Proposed Action

That the Metropolitan Council ratify the Emergency Declaration attached to the business item for Environmental Services Boiler Operator Temporary Services.
