

Business Item 2020-81:
**Metropolitan Wastewater Treatment Plant
Solids Renewal & Improvements**

Rene Heflin, Manager, Plant Engineering, Technical Services

Stephen Norton, Principal Engineer, Plant Engineering, Technical Services

Environment Committee: February 25, 2020

MWWTP Solids Renewal & Improvements

✓ Project Objectives/Goals

Preserve Wastewater Treatment Plant Infrastructure

The harsh environment inside the incinerators require regular renewals

Optimize and Improve Performance

Reduce operating costs, increase performance, and increase reliability

Metro Solids Program Schedule

This project will ensure reliability of existing solids processing facilities until the fourth incinerator is operational in 2024.
