Business Item: 2021-34
Interceptor Chemical Odor and Corrosion Control Project Public Hearing Request, MCES Project No. 819011

Robert Johnson, Senior Engineer, Interceptor Engineering
Chris Remus, Assistant Manager, Interceptor Engineering

Environment Committee: January 26, 2021
Background

- Council recently approved an 18-month extension with Evoqua to continue providing nitrate salts and operation and maintenance of the odor control system.
- Staff is working on a Request for Proposals (RFP) for design-build and operation and maintenance for the Interceptor Chemical Odor and Corrosion Control project.
- MCES shall own all non-proprietary equipment. Single Contractor to be awarded both agreements. Contractor will operate, maintain, and supply chemical for 10 years with the potential for two 5-year extensions.
## Next Steps

**Tentative Dates:**
