

**Business Item 2021-203:**  
**L46 and L49 Lift Station Improvements**  
**Real Property Acquisition and**  
**Condemnation**

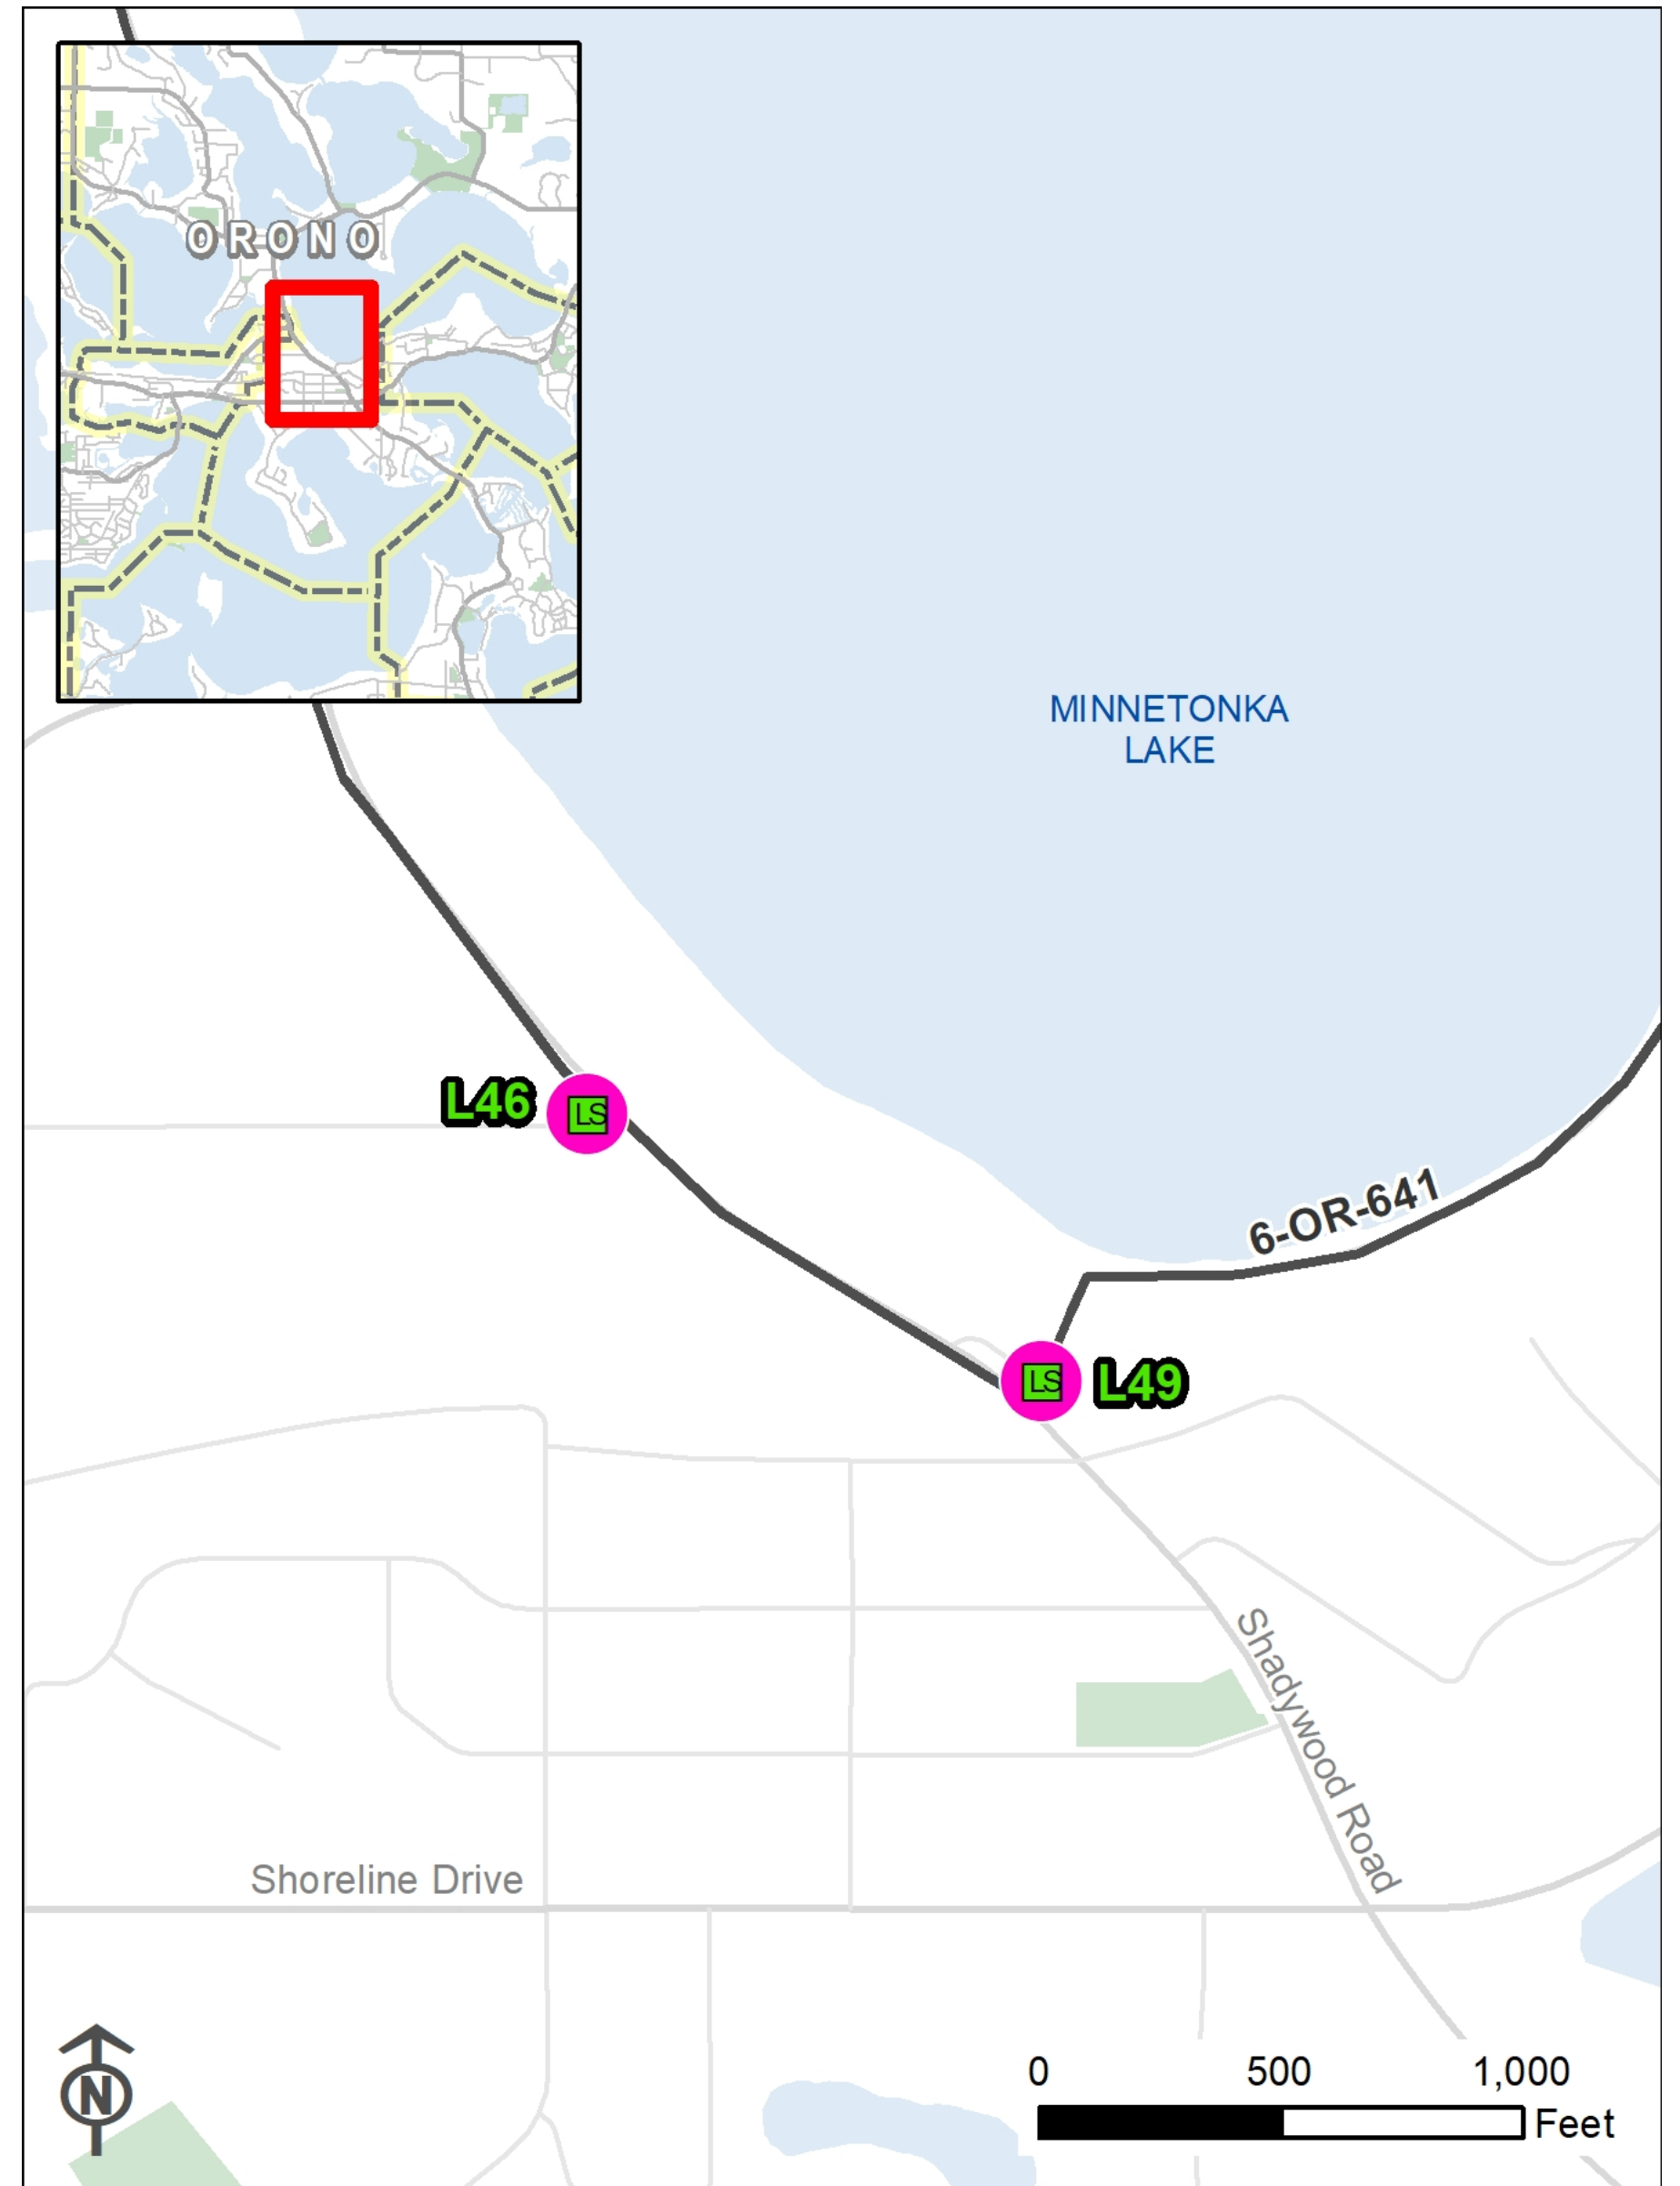

Tim Wedin, Assistant Manager, Interceptor Engineering  
Adam Gordon, Manager, Interceptor Engineering

Environment Committee: July 27, 2021

# Project Background

- L46 and L49 lift stations in Orono have condition deficiencies, and mechanical equipment is reaching the end of its useful life. L46 will be rehabilitated and L49 will be reconstructed
- Easement acquisition is necessary to implement the proposed lift station improvements

# Easement Needs

- The work will require temporary easement for construction on one parcel
- The needed site improvements at L46 will require an expansion of an existing permanent easement

# Proposed Action

That the Metropolitan Council adopts Resolution 19 authorizing the acquisition and condemnation of real property for the L46 and L49 Lift Station Improvements, MCES Project No. 802831.

# Questions

Tim Wedin

Assistant Manager, Interceptor Engineering  
Wastewater Planning & Capital Project Delivery
