

**Business Item 2021-79:**  
**Joint Use Agreement for MCES ERS07**  
**and Minneapolis Central City Storm**  
**Tunnel - Contract 211011**

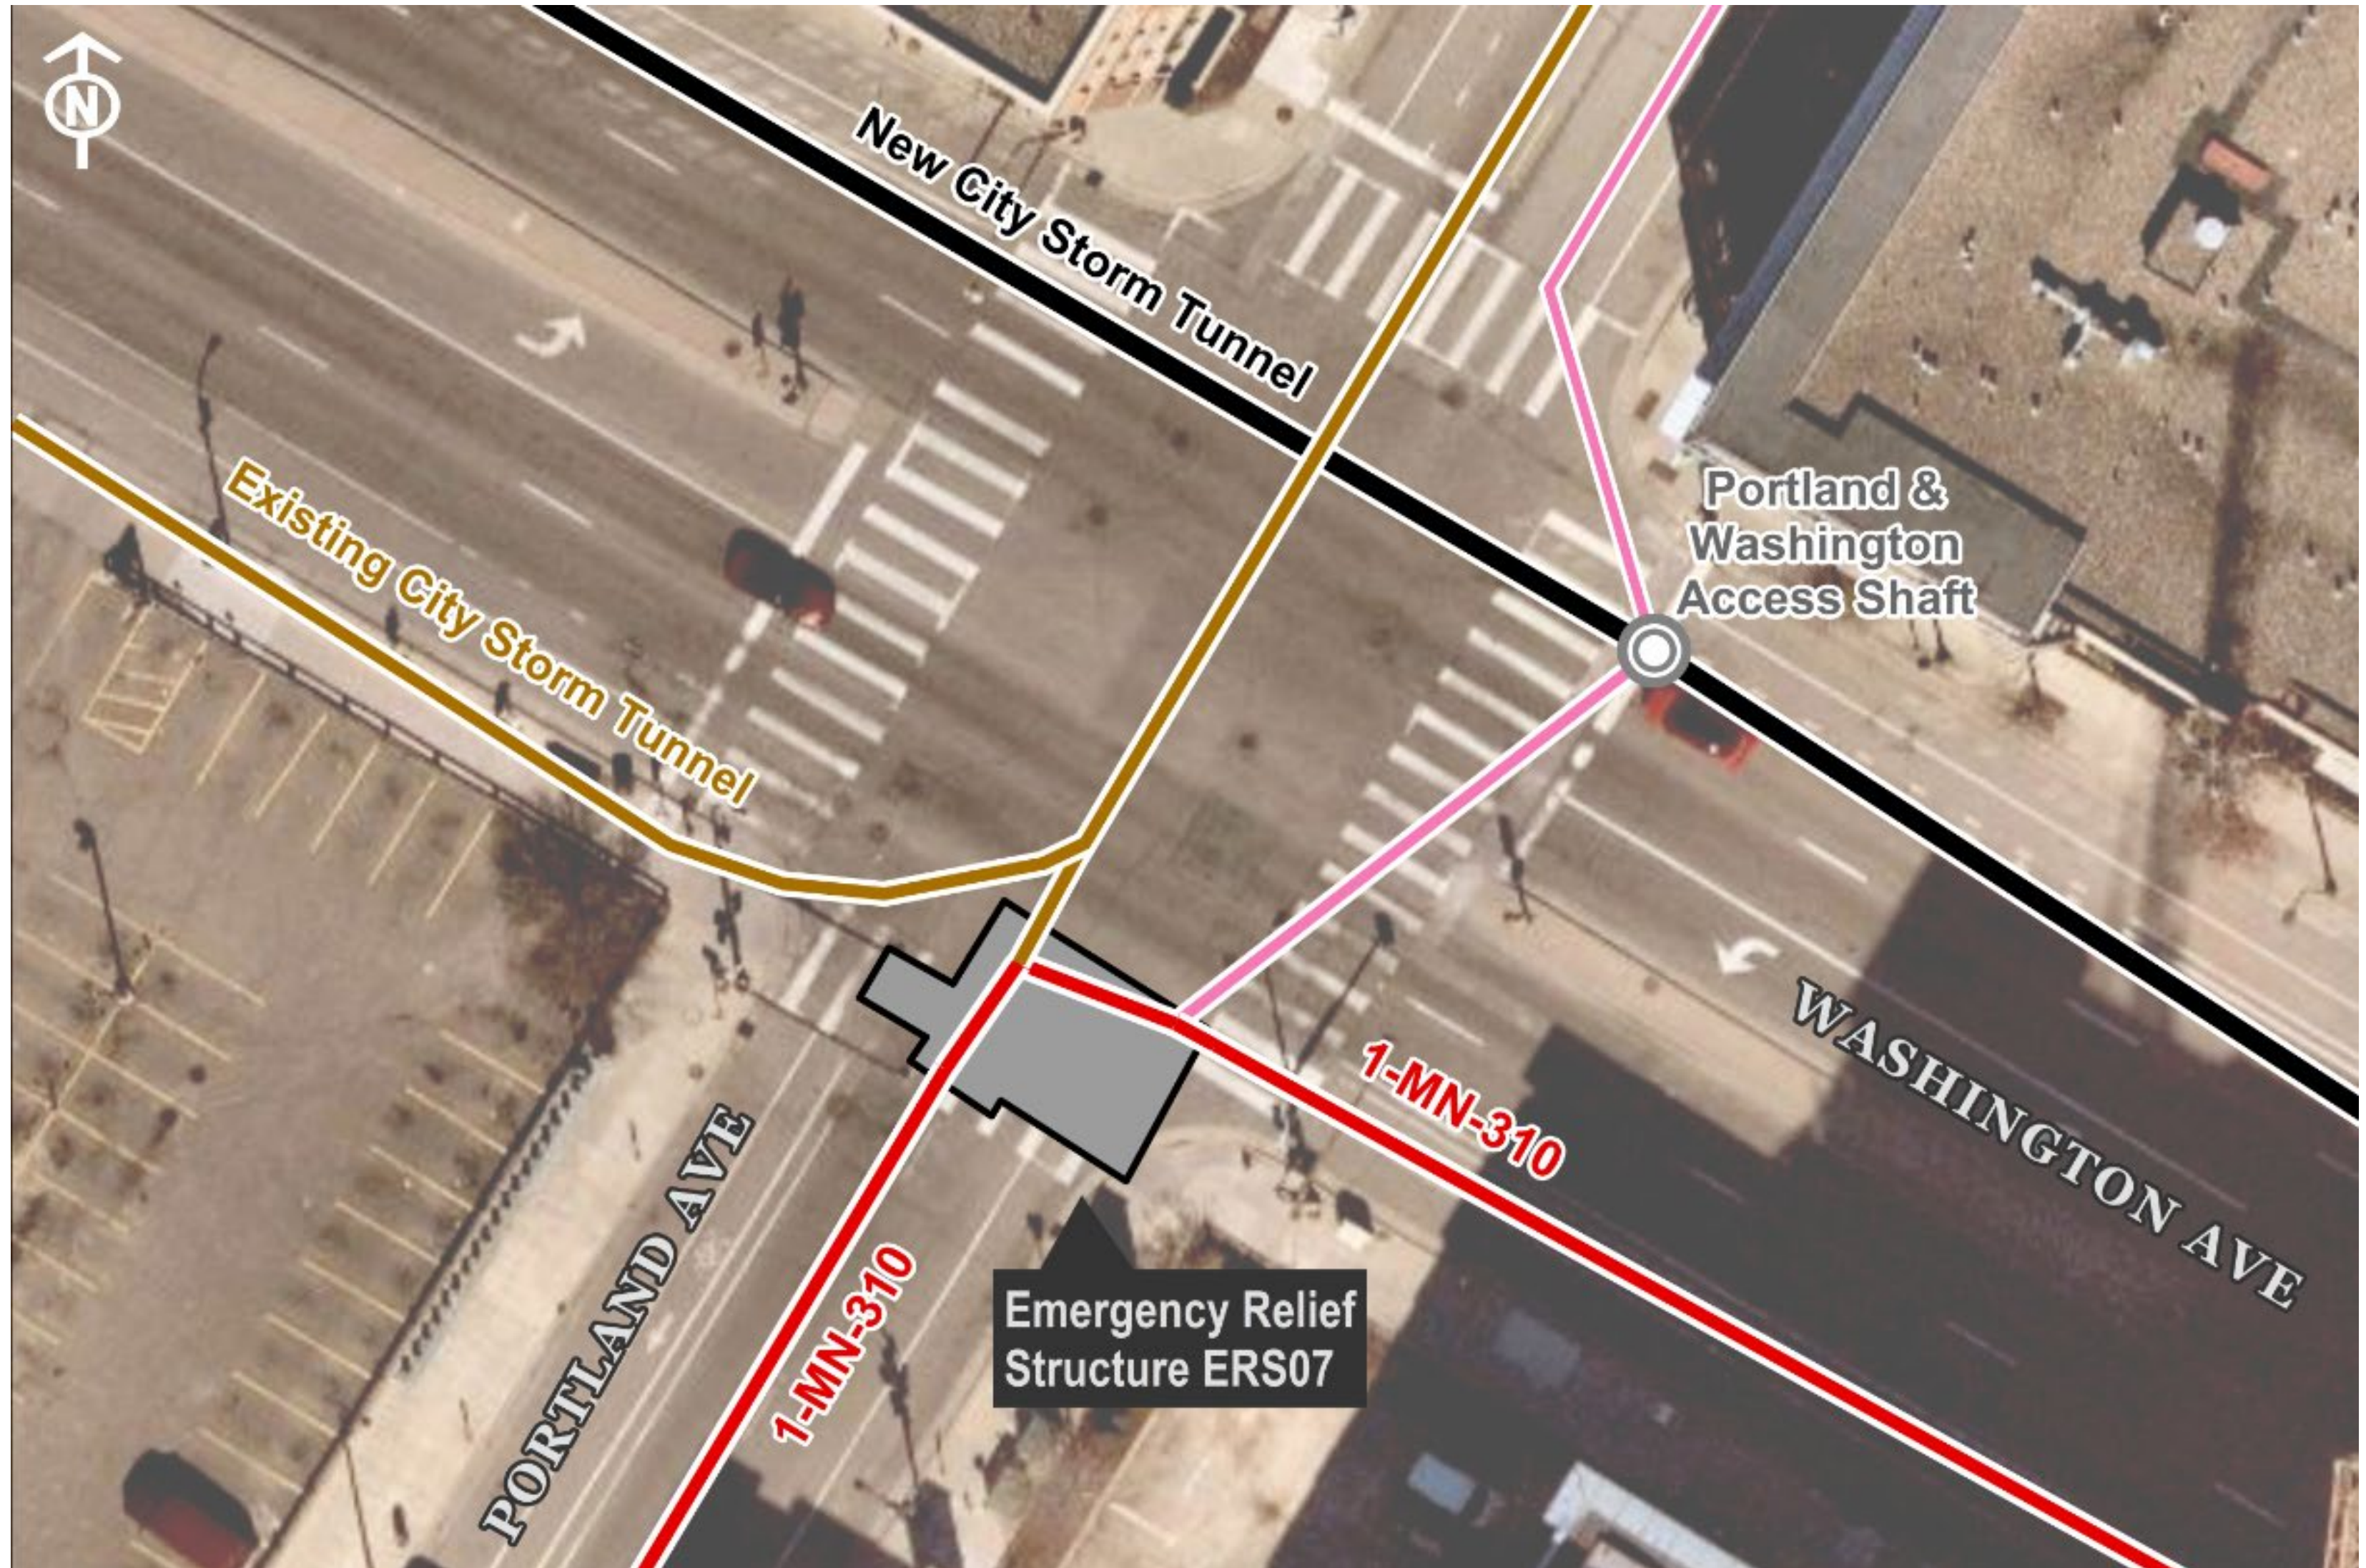

Jeff Schwarz, Minneapolis Area Program Manager

Environment Committee: March 23, 2021

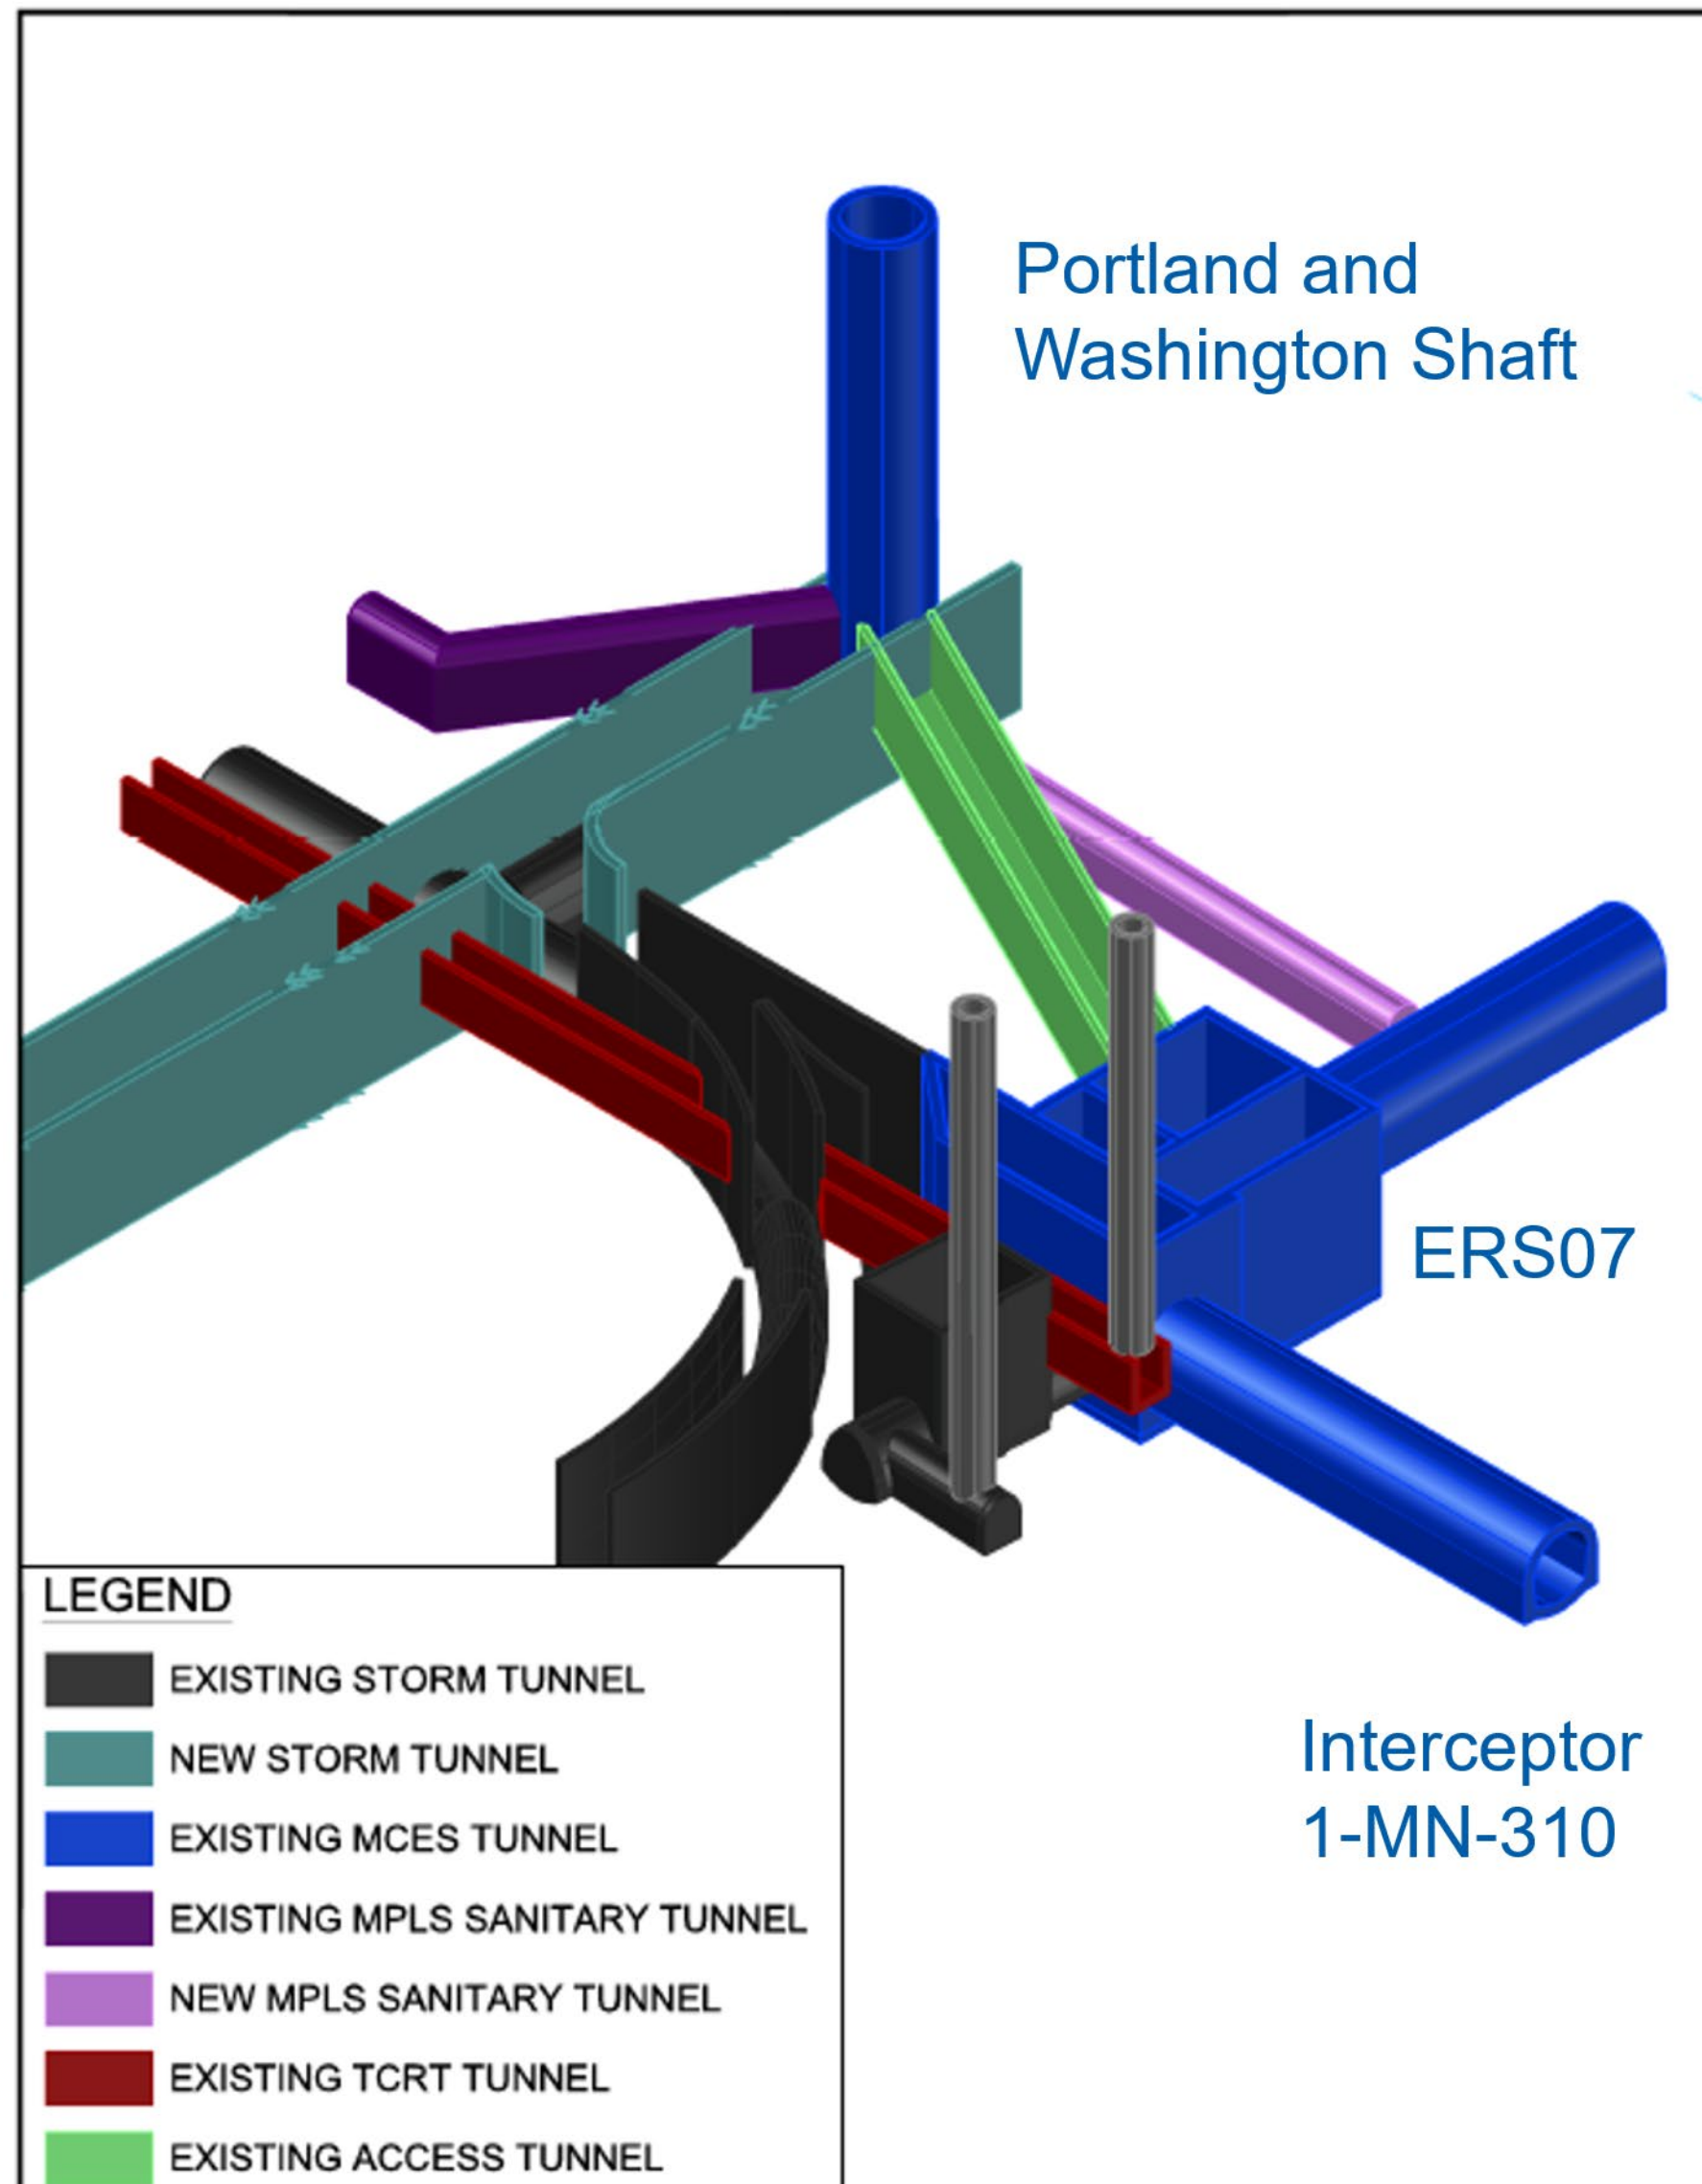

# Facility Layouts

# Facility Layouts

# Key Elements of Agreement

- The City will manage and pay for all design and construction work.
- The Council will provide input during the design process and will inspect Council facilities impacted by the construction.
- Both the City and Council will use the access shaft to operate and maintain their respective facilities after construction.

# Proposed Action

That the Metropolitan Council authorizes its Regional Administrator to enter into a Joint Use Agreement with the City of Minneapolis to accommodate City construction of the proposed Central City Storm Tunnel in 2021-2022.
