

Business Item 2024-227:

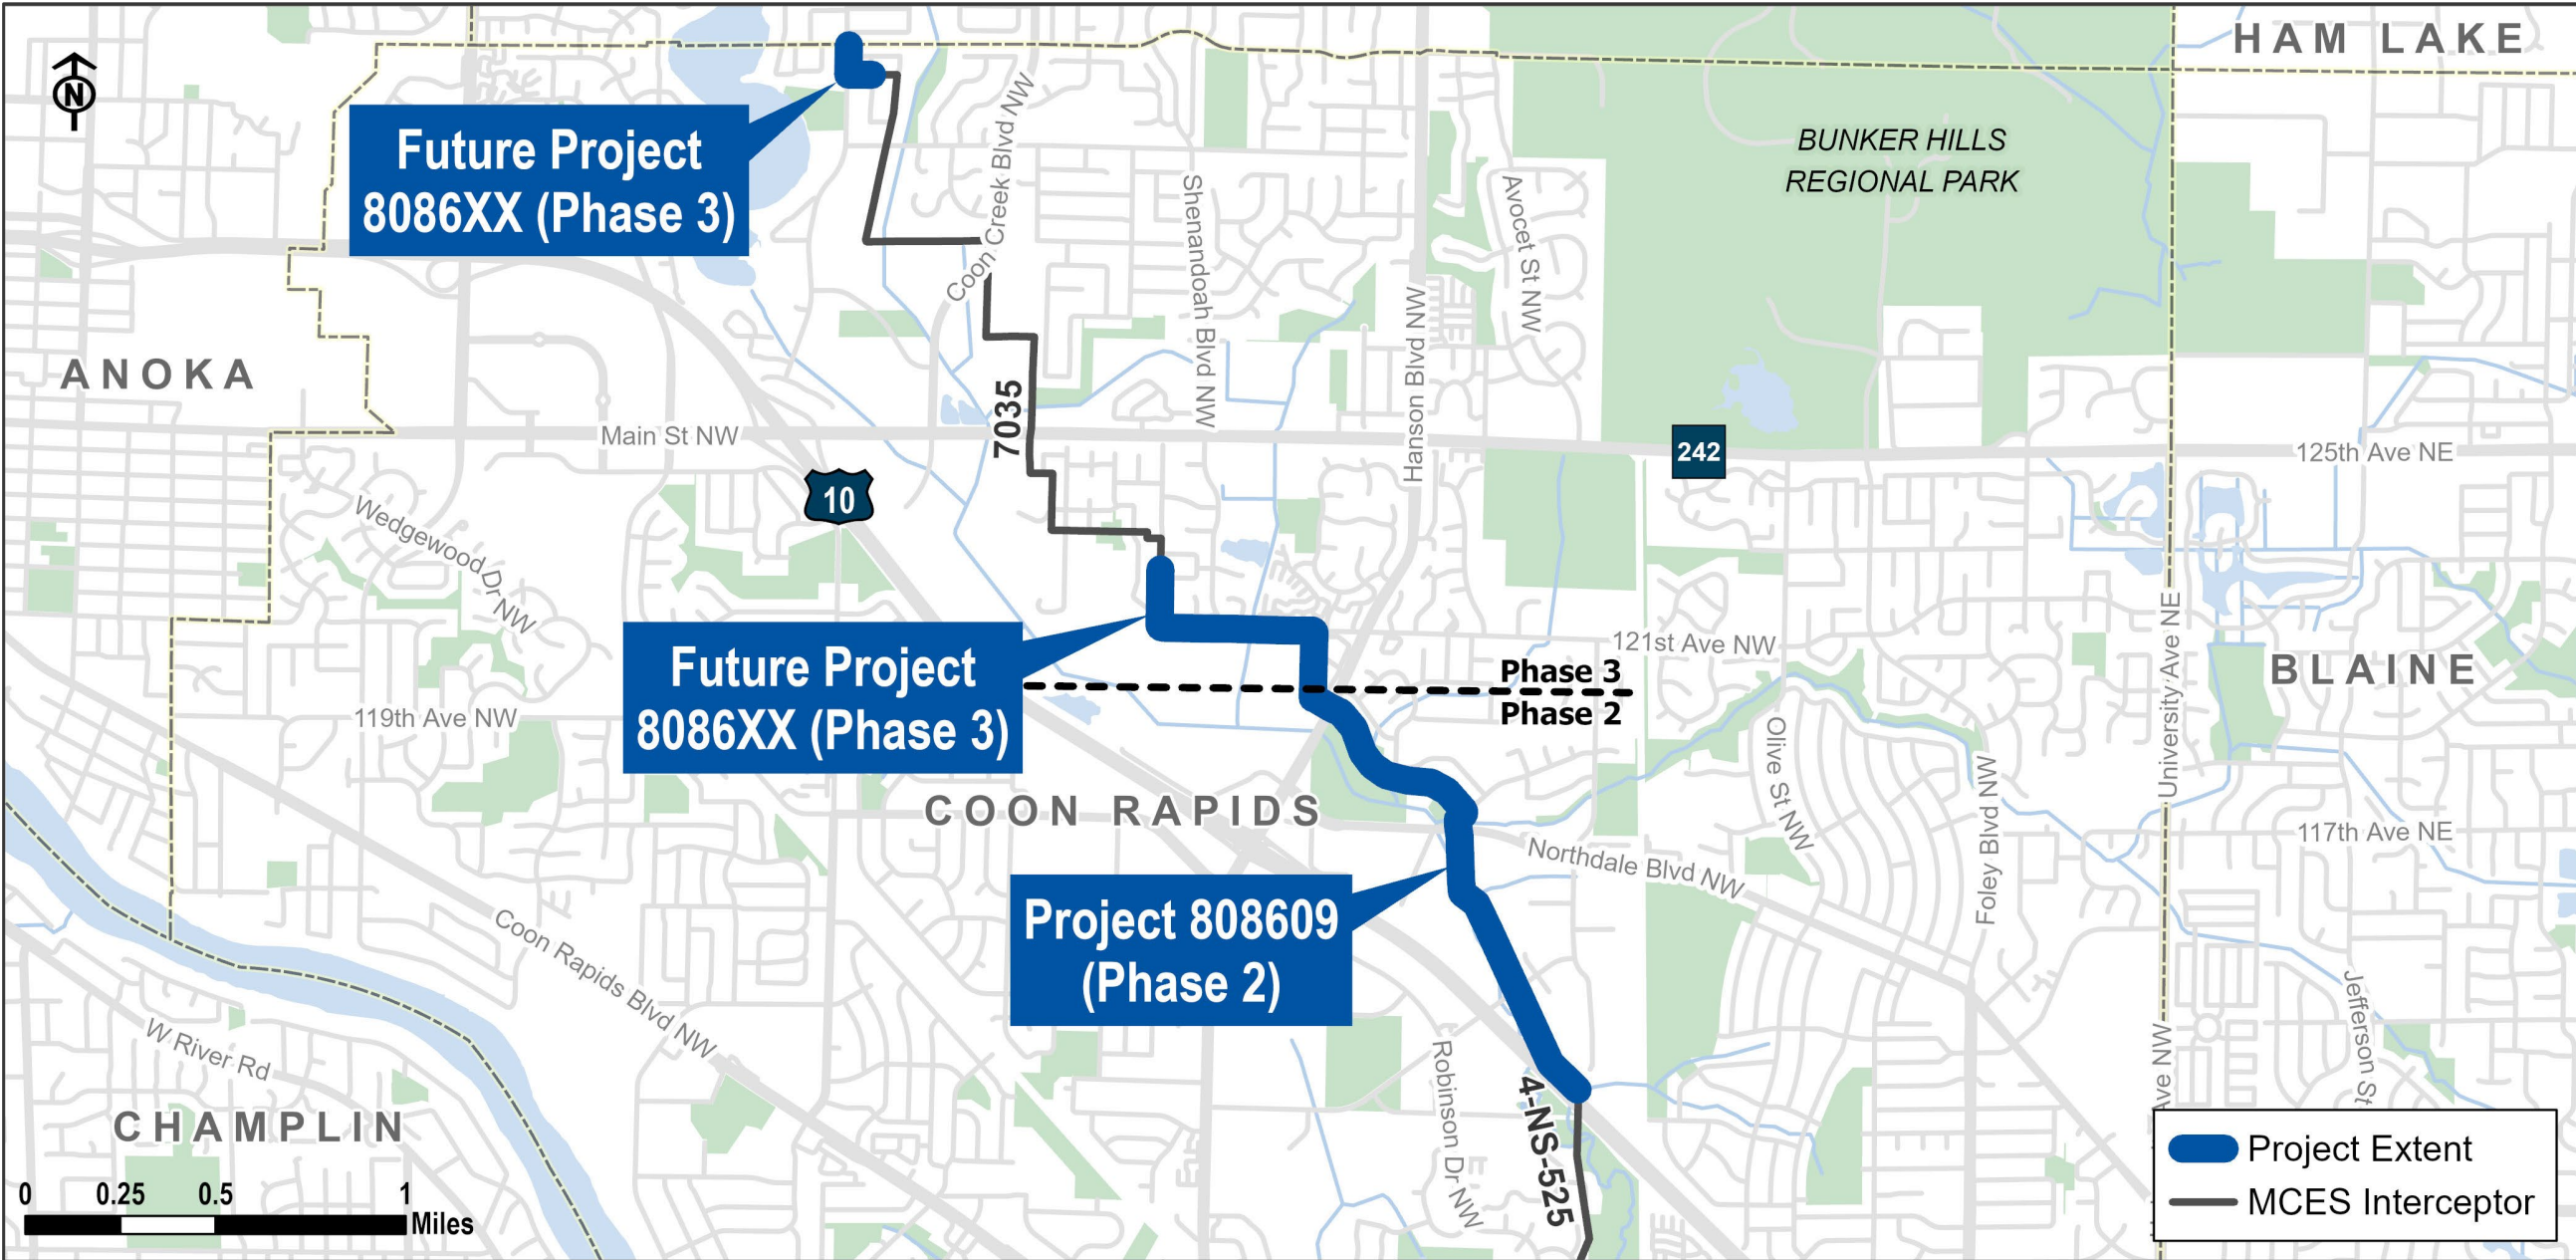

Authorization to Hold a Public Hearing on the Draft Facility Plan for the Coon Rapids Interceptor Rehabilitation

Environment Committee: September 10, 2024

Tim Wedin

Project Location

4-NS-525, 7035, and M218 History and Condition

- Interceptors 4-NS-525 and 7035 and flow meter M218 were originally constructed between 1968 and 1972.
 - 36-inch and 48-inch reinforced concrete pipe
 - 6-inch Parshall Flume
- Condition assessments of these facilities between 2018 and 2021 determined the need for a project based on their overall poor condition.
- Rehabilitation of facilities is required to address poor conditions.

Next Steps

Tentative dates for the facility plan public hearing process (subject to change):

- September 25, 2024: Authorization granted from Metropolitan Council to hold public hearing
- September 30, 2024: Open House
- November 19, 2024: Public Hearing
- January 2025: Council Adoption
- March 2025: Submittal to MPCA

Proposed Action

That the Metropolitan Council authorize a public hearing in November 2024 to gather input on the draft facility plan for the Coon Rapids Interceptor Rehabilitation project, MCES Project No. 808609.
