

Business Item 2024-265:

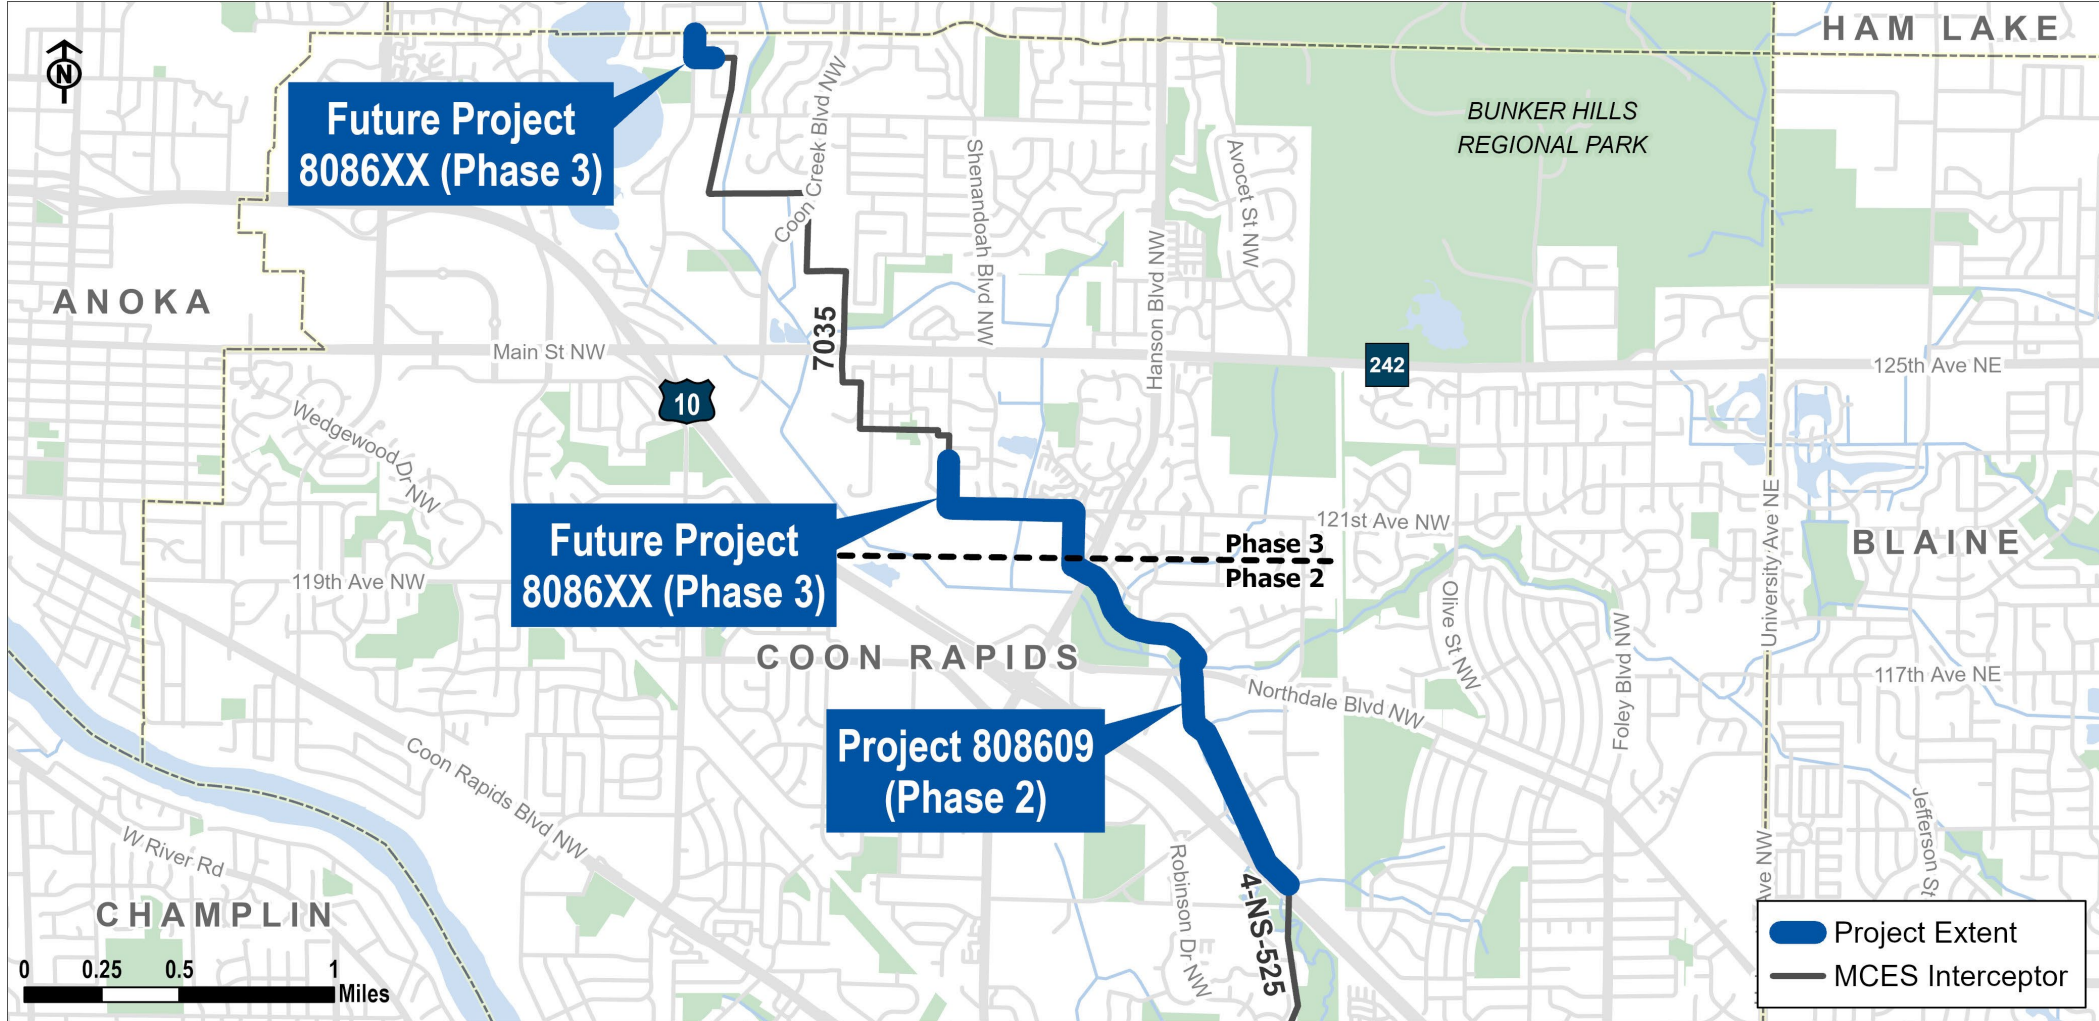

Interceptor 4-NS-525 Rehabilitation, Project 808609 Land Acquisition

Environment Committee: October 22, 2024

Tim Wedin

Project Location

Project Background

- Interceptor 4-NS-525 was originally constructed between 1965 and 1969 and consists of 48-inch reinforced concrete pipe.
- Condition assessments of these facilities between 2018 and 2021 determined the need for a project based on their overall poor condition.
- Rehabilitation of facilities required to address poor conditions.
- Land acquisition will be needed to access and repair the pipe.

Proposed Action

That the Metropolitan Council pass Resolution 2024-18 authorizing acquisition of temporary and permanent easements for Interceptor 4-NS-525 Rehabilitation Project 808609 and staff to initiate condemnation proceedings.
