Often called the EAC, the Committee provides advice and critical recommendations to the Council on a broad range of equity policies, programs, and initiatives for our region. We are looking for people from all walks of life interested in equity policies and creating more equitable outcomes for the people who live and work in the region. The EAC provides opportunities for more in-depth discussion and exploration of these issues. The Council often uses the EAC as a sounding board for ideas around equity policy, projects, and practices.

We are looking for community members and citizens with these interests from all 16 Met Council Districts.
