

## Draft 2014 Work Plan for Land Use Advisory Committee

### Meeting dates in 2014

- Regular meetings of the Land Use Advisory Committee are planned on **January 16, March 20, May 15, July 17, September 18 and November 20.**

### Goals for work plan

- Assist the Metropolitan Council by performing land use planning functions and other responsibilities. Provide advice and assistance on metropolitan land use, comprehensive planning and matter of metropolitan significance as requested by the Council.
- Respond to interests of Committee members.
- Tie Land Use Advisory Committee (LUAC) activities to outcomes.

### Topics for meeting on March 20

- Transportation and land use strategies for updating the *Transportation Policy Plan* (TPP)
- Transit market areas for the TPP

### Ideas to aid discussion of topics in work plan

- Industry clusters
  - Industry clusters are geographic concentrations of businesses that sell goods or services outside of the region and help define its economic competitiveness.
- Racially concentrated areas of poverty (RCAPs) and land use role, including access to opportunities for RCAPs
- Revised population, household and employment forecasts for communities, following planned adoption of *Thrive MSP 2040 (Thrive)* in April 2014
- Local Planning Handbook and technical assistance for *Thrive*
  - The Local Planning Handbook and technical assistance are provided by the Council to guide and support local municipalities in developing and amending their comprehensive plans.
- Typologies for transit station areas – maybe in 2015
  - Typologies will set expectations for transit-supportive land use planning, such as connectivity, density and intensity.
