

DATE: March 11, 2015
TO: Land Use Advisory Committee
FROM: Freya Thamman, Sector Representative, Local Planning Assistance
SUBJECT: Local Planning Handbook – Community Highlights

The goal is to provide a demonstration on the Community Highlights section of the Local Planning Handbook and ask for feedback from Committee members. Community Highlights showcase communities implementing good planning practices throughout the region. The Community Highlights will include a range of different topics and communities in the region.

A demonstration of the Community Highlights portion of the Local Planning Handbook will be presented to the Committee on March 19. We'd like feedback on this component of the Handbook, as well as any suggestions from the Committee on potential topic areas or communities to highlight.
