

## Land Use Advisory Committee

Meeting date: May 18, 2017

<b>Subject:</b>	September 2017 PlanIt Workshop 'Water Management Tools: Going Beyond the Comprehensive Plan'
<b>District(s), Member(s):</b>	All Districts
<b>Policy/Legal Reference:</b>	NA
<b>Staff Prepared/Presented:</b>	Lanya Ross, Karen Jensen, Angela Torres
<b>Division/Department:</b>	MCES (Water Supply, Special Projects), RA (Local Planning Assistance)

### Proposed Action

For the LUAC meeting on May 18<sup>th</sup>, water resources and planning staff invite a discussion to get input from LUAC members on topics of interest as a PlanIt workshop on water resources is developed.

### Background

Throughout the PlanIt program, local stakeholders have expressed high interest in learning more about approaches for managing water resources. A workshop is planned for September 2017, to showcase water management tools that can help communities go beyond the minimum requirements of the comprehensive plan.
