

Land Use Advisory Committee

Meeting date: September 20, 2018

Subject: Land Use Advisory Committee and Metropolitan Area Water Supply Advisory Committee Collaboration

District(s), Member(s): All

Policy/Legal Reference: Minn. Stat. sections 473.127 and 473.1565

Staff Prepared/Presented: Deb Detrick and Lanya Ross

Division/Department: Local Planning Assistance, Community Development Division and Water Supply Planning, Environmental Services

Proposed Action

None.

Background

At a joint meeting on November 6, 2017, the Land Use Advisory Committee (LUAC) and the Metropolitan Area Water Supply Advisory Committee (MAWSAC) identified overlapping interests and discussed their interest in working together on shared issues. This was the first joint meeting of advisory committees at the Metropolitan Council. Council Member Commers, Council Member Rummel, Phil Klein, managers and staff planned the joint meeting and led continuing efforts to collaborate.

Attachments summarize responsibilities of the committees, overlapping interests, and shared goals for collaboration, as well as a timeline for the committees from 2018 to 2020. The information is intended to support further discussion of collaboration between the committees and the Land Use Advisory Committee's work plan for 2019.
