# Objectives

- Introduce a process to prioritize equitable outcomes in all LUAC content.
- Apply this process to the Livable Communities Act program as an example.
- In discussion, solicit feedback and direction from LUAC on the proposed process.

# A proposal to advance equity

1. Define, identify and scope existing “(in)equity.”
2. Integrate existing “(in)equity” into presentations to LUAC.
3. Identify the desired equitable outcomes (short- & long-term) in conversations with LUAC.
