Regional Vision: Current Themes

Racial inequities are eliminated.

Individuals and communities feel welcome, valued, and safe.

The region's diversity and entrepreneurship help drive economic growth.

Development and redevelopment preserve and restore natural systems.

The region becomes more interconnected and navigable for those without personal vehicles.

A diversity of existing and emerging "places" contributes to vibrancy and sense of community throughout the region.

Affordable housing and workforce opportunities exist throughout the region.

Public investments support economic growth, sustainable development patterns, equitable outcomes, and GHG reduction.

Current Themes

“A diversity of existing and emerging “places” contributes to vibrancy and sense of community throughout the region.”

- Is this theme, or some version of it, part of your local vision?
- How do we overcome challenges?
- What success stories can you share?
- What do you think is possible locally and regionally?
