### Proposed Action

That the Metropolitan Council approve the attached list of Authorized Financial Institutions for 2014.

### Background

In accordance with the Council's investment policy, all banks and brokerage companies doing business with the Council, whether they are receiving funds as deposits or for investments, must be approved by the Council before they receive Council funds.

Pursuant to Minnesota Statute 473.542, the Council shall designate one or more national or state bank, or trust companies, as official depositories before conducting business with said financial institution. The designation shall be in writing and shall set forth all the terms and conditions upon which deposits are made, and shall be signed by the Chair and Treasurer, and be made a part of the minutes of the Council.

### Rationale

This request is presented to the Council at least annually so that the Council is kept informed of its financial partners; it is also presented when new parties are added to the list.

### Funding

Except for the commodity hedging account, investment purchases are done primarily on a net settlement basis whereby the broker fee is built into the cost of the investment being purchased or sold. Hedging brokerage fees are funded by the benefiting Council division.

General banking and merchant banking credit card processing fees are funded within the budgets of benefiting business divisions. There are no fees typically charged to the Council for certain card usages: purchasing card (a.k.a., P-Card), payroll cards, and, payment cards provided to housing program participants for utilities payment reimbursements. In the appendix, Wells Fargo has been deleted as a card provider since US Bank's similar services were of greater benefit to the Council. Also, JP Morgan was deleted as a money market fund provider since they are no longer used by the Council due to their rates not being competitive enough.
