# **Management Committee**

Meeting date: June 24, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2015 Unified Budget

District(s), Member(s): All

Policy/Legal Reference: MN Statutes Section 473.13, Subd. 1

Staff Prepared/Presented: Paul Conery, Director of Budget/Operations (651-602-1374)

**Division/Department:** Transportation and Community Development

# **Proposed Action**

That the Metropolitan Council:

 authorize the amendment of the 2015 Unified Budget as indicated and in accordance with the attached tables.

# **Background**

The Transportation Division has proposed amendments to the capital component of their division budget and the Community Development Division has proposed amendments to the operating and capital components of its division budget. Because of a tight timeline and the fact that the budget amendment is simply authorizing the expenditure of state revenues received in the Special Session, the Community Development amendment was not reviewed by the Community Development Committee and is coming directly to the Management Committee. The business item was mailed to Community Development Committee members for their review. The Transportation Committee will review their amendment request on June 22.

### **Capital Component of 2015 Unified Budget**

Transportation and Community Development have proposed amendments to the capital program.

### Transportation

Change in Authorized Capital Program (ACP): (\$16,700,000)

Change in Capital Improvement Plan (CIP): \$16,700,000

Change in 2015 Capital Budget: \$0

The proposed amendment to the capital program removes \$16.7 million in authority from the Authorized Capital Program and adds \$16.7 million to the Capital Improvement Plan. The 2015 Legislature cancelled \$29.7 million in state general fund appropriations originally approved by the 2013 Legislature for the Southwest Corridor Light Rail Project. To address immediate cash flow needs resulting from this cancellation of state funds, staff is proposing the transfer of \$13 million in Motor Vehicle Sales Tax (MVST) reserve funds to the Southwest project.

### Parks and Open Space

Change in Authorized Capital Program (ACP): \$ 18,386,333

Change in Capital Improvement Program: (\$ 18,386,333)

Change in 2015 Capital Budget: \$5,119,200

The proposed amendment to the capital program adds \$ 18.4 million in authority to the Authorized Capital Program and reduces the Capital Improvement Plan by the same amount. The amendment provides authority for 33 capital grants to park implementing agencies and undesignated land acquisition grants funded with the Parks and Trails Legacy appropriation from the 2015 State Legislature. Funding includes \$ 17,237,000 in state funding and \$ 1,149,333 in regional funding to match state funds appropriated for land acquisition grants.

The proposed amendment also recognizes a \$ 950,557 land acquisition grant approved by the Council on June 24, 2015 and reduces the land acquisition opportunity account balance by the same amount.

### Rationale

The proposed amendments program available state and regional funds to the Unified Budget to allow the Council to carry out its work plan and its long-term capital program.

# **Funding**

The capital amendment is funded with state and regional funding.

### **Cash Flow**

This amendment adds \$1.7 million in new authorized expenditures to capital projects. Transit and anticipate spending \$5.1 million in 2015.

### **Fiscal Impact on Regional Taxpayers**

The amendment increases authorized issuance of regional Parks bonds by \$1.1 million, but this level of regional bonding was included in the Capital Improvement Plan and reflected in the fiscal impact analysis when the 2015 Unified Budget was adopted in December.

# **Known Support / Opposition**

None

# **Transportation Committee**

Meeting date: June 22, 2015

Management Committee of June 24, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2015 Unified Budget

District(s), Member(s): All

Policy/Legal Reference: 2015 Unified Budget; Mn Statutes Section 473.13, Subd. 1 – Council Budget

Requirements

**Staff Prepared/Presented:** Mary Bogie, Chief Financial Officer 651-602-1359; Brian J. Lamb, General Manager, Metro Transit 612-349-7510; Mark W. Fuhrmann, Deputy General Manager 612-373-3810;

Edwin D. Petrie, Director of Finance, Metro Transit 612-349-7624

**Division/Department:** Transportation / Metro Transit

# **Proposed Action**

That the Metropolitan Council amend the 2015 Unified Budget – Capital Program (annual appropriation) and Authorized Capital Program (multi-year authorization) as indicated and in accordance with the spreadsheet in Capital Attachment Table 9 (Program Level).

# **Background**

State of Minnesota Session Laws 2013, chapter 117, article 1, section 4 originally appropriated State General Funds of \$37.0M for the Southwest Corridor Light Rail Transit Line to be used for environmental studies, preliminary engineering, acquisition of real property and design. This was a one-time appropriation and was available until expended.

State of Minnesota Session Laws 2015, SF 1647, article 1, section 6 cancelled \$29.7M of unspent State General Fund Appropriations from the Minnesota Session Laws of 2013. This State Appropriation Cancellation created an immediate funding and cash flow shortfall for the Southwest Corridor Light Rail Transit Project.

Staff presented a cash flow/funding plan to finance the state's share of project costs to the Transportation and Management Committees on June 8 and June 10, respectively. This budget amendment addresses the first step in implementing that plan and resolves the immediate cash flow needs for calendar year 2015 by transferring Motor Vehicle Sales Tax (MVST) reserve funds totaling \$13M to the capital program.

The Metropolitan Council budgets Motor Vehicle Sales Taxes (MVST) at 95% of the current state forecast. Actual MVST receipts above 95% go into the MVST Reserve and are included in the budget for the following year. The MVST Reserve has a minimum balance target of \$15.0M, with a current reserve balance of \$28M. MVST funds transferred to the capital program will be replenished in the 2016 operating budget by increased State General Fund revenues appropriated in the 2015 legislative session for transit operations.

Funding decisions for project costs projected for calendar year 2016 and beyond will come forward to the Council as future budget decisions.

Prior to the receipt of the federal full funding grant, New Start projects are funded solely with local monies. The local shares are 20% state, 20% Hennepin County Regional Railroad Authority (HCRRA) and 60% Counties Transit Improvement Board (CTIB). Therefore, the balance of the expenditures will be funded by the local funding partners which include HCRRA and CTIB.

# **Capital Program:**

### **Metro Transit**

### **Reduce Authorized Funding/Authorize New Projects:**

### Southwest LRT - Project #61001

This amendment provides \$13,000,000 in Motor Vehicle Sales Tax (MVST) Reserve Transfers and removes \$29,700,000 of State General Fund Appropriations cancelled with the State of Minnesota Laws of 2015, SF 1647, article 1, section 6. This project is identified in the CIP.

### **Rationale**

This amendment is required to authorize additional funding and remove cancelled funding required to carry out the long-term capital improvement program for transit. This amendment will also move \$16.7M from the Authorized Capital Program to the Planned Capital Program for a future funding decision. The proposed action is the only practical statutorily available funding solution for the short term expenditures in calendar years 2015 and early 2016. Staff will come to the Management and Transportation Committees for long term funding solutions at a future date.

# **Funding**

### **Capital Program:**

This amendment increases other funds by \$13,000,000 and decreases state funds by \$29,700,000.

# **Known Support / Opposition**

No known opposition.
