Management Committee

Meeting date: October 23, 2019

For the Metropolitan Council meeting of November 13, 2019

Subject: Annual Sole Source Hardware/Software Maintenance Services

District(s), Member(s): All

Policy/Legal Reference: Council Policy 3-3 Expenditures – Procurement of Goods and Services over

\$500,000.

Staff Prepared/Presented: Theresa Nistler, Assistant Director, 602-1504; Jody Jacoby, Procurement

Department, 651-602-1144

Division/Department: RA - Information Services

Proposed Action

That the Metropolitan Council authorize the Regional Administrator to make ongoing maintenance, hosted services and support service payments as Sole Source purchase orders in an amount not to exceed \$7,382,603. This includes installed software and hardware as listed on the attached 2020 Information Services Sole Source Vendor list.

Background

Computer hardware and software purchased by the Council require ongoing maintenance, hosted services and support. Competitive procurements for the hardware and software have already been completed; this item addresses ongoing maintenance and support services resulting from these competitive procurements.

Council Procurement Procedure 10.4.1 addresses Sole Source procurements and provides the following guidance: "Sole source procurement of Original Equipment Manufacturer (OEM) repairs, parts, equipment and systems, software maintenance and support, or other services that are required on a continuous basis may be authorized on an ongoing basis."

The 2020 Information Services Sole Source Vendor list was thoroughly reviewed by the Procurement staff for accuracy and reasonableness.

Rationale

It is Council practice to annually update the list of vendors and request approval to authorize the vendor payments throughout the subsequent year. This allows for ongoing authorization, transparency, and efficient administration.

Thrive Lens Analysis

Maintenance services for software and hardware are needed to address the reliability, resilience, security and cost-effectiveness of the Council's technology systems which support the Thrive outcomes of stewardship and sustainability. By integrating maintenance across the Council, we are able to efficiently track efforts, which supports the Thrive accountability principle.

Funding

Funding for these software and hardware services is included in the Council's operating budget.

Known Support / Opposition

Authorization for IS Sole Source purchases has been requested and approved annually. This request provides for the authorization of an updated list of Information Services Sole Source vendors for 2020.

Division	Vendor	Product	Amount
COMMUNITY DEVELOPMENT/HRA			
CD	MRI/Happy	HRA software used for Section 8 Housing	58,000
CD	Qualtrics LLC	Datacollection Software	11,000
CD	Regional Economic Models	Support renewal for Policy Insight modeling software	8,000
		Total for Community Development	77,000
ENTERPRISE			
Enterprise	Articulate	Software to build curriculum for online training courses	25,000
Enterprise	Benefit Focus	Hosted Services used by HR for Employee Benefits	200,000
Enterprise	Citilabs	Transportation and land use modeling software	7,500
Enterprise	Developer Express	Development tools used to develop web based applications	6,500
Enterprise	Dulles Technology Partners	Hosted Service for grant management software	25,000
Enterprise	Gartner	Consulting service agreement for technology research and advice to assist Information Services make value driven purchases.	160,000
Enterprise	Granicus/GovDelivery	Hosted service for bulk e-mail and list management	90,000
Enterprise	Granicus	Web streaming for Council Meetings - hardware and software	28,000
Enterprise	Information Systems Corp	AppXtender - document management software Custom Platform	121,000
Enterprise	NeoGov	Hosted service for HR recruiting, applicant tracking, onboarding and performance management.	96,000
Enterprise	RTVision	Real estate software	11,000
Enterprise	Snap Survey	Hosted service WebHost survey software	6,500
Enterprise	Sympro	Treasury Software to track journal Entries	15,000
