Background

The 2nd quarter unified budget amendment includes an amendment to the operating budget for Community Development and Transportation as well as amendments to the capital program for Transportation, Environmental Services and Community Development.

These proposed amendments were reviewed and approved by the Transportation Committee on June 8, 2020, the Environmental Services Committee on June 9, 2020 and will be reviewed by the Community Development Committee on June 15, 2020.

Operating Component of the 2020 Unified Budget

Regional Administration

Change in Revenues: \$1,167,531; Expenditures: \$1,167,531; Reserves: \$0

This amendment recognizes two IS positions, System Field Technology Technicians, who will support Real Time Signs and passenger interactive technology systems. These positions are currently budgeted in the Metro Transit Bus operating budget and are being transferred to the Regional Administration IS department's budget. This will increase the salaries and benefits expense in the IS budget by \$229,738 and will be supported by an increase in the Interdivisional Cost Allocation of \$229,738 to the Metro Transit Bus operating budget.

This amendment provides for a transfer of \$937,793 in expenses from the Metro Transit Bus Operating Budget to the Regional Administration IS department and will be supported by an increase in the Interdivisional Cost Allocation of \$937,793 to the Metro Transit Bus Operating Budget. These expenses are for critical IT equipment scheduled for replacement and needed in 2020 that does not meet the capital expenditure threshold on an individual purchase level basis, including desktops, laptops, tablets, printers, and copiers.

Community Development Committee

Meeting date: June 1, 2020

For the Metropolitan Council meeting of June 24, 2020

Subject: 2020 Budget Amendment – 2nd Quarter

District(s), Member(s): All

Policy/Legal Reference: 2020 Unified Budget; Minnesota Statutes Section 473.13, Subd. 1

Staff Prepared/Presented: Heather Aagesen-Huebner, Director of Finance and Administration 651-

602-1728; Abdiwahab Ali, Financial Analyst (651-602-1823)

Division/Department: Community Development Division

Proposed Action

That the Metropolitan Council authorize the 2020 Unified Budget amendment as indicated, and in accordance with, the attached tables.

Background

This amendment programs available reserves and new funds into the Community Development operating, passthrough, and capital programs.

The operating adjustment to Metropolitan Housing and Redevelopment Authority (Metro HRA) revenue and expenses will program new federal funds received as a result of the Federal Cares Act. Funds are eligible to be used for administrative costs associated with COVID-19 including additional staff time needed to process income changes due to lost employment, increased technology needs due to remote work, and other administrative costs to keep voucher families housed during COVID-19. Families and individuals with vouchers pay 30% of their income towards rent. The federal voucher makes up the remaining 70%. HUD has indicated it will distribute additional funding to cover increased voucher costs in the coming weeks or months; these funds will be part of a future budget amendment.

The passthrough adjustment to Livable Communities programs reserves needed to fully fund grantee reimbursement requests. Livable Communities grant programs have multi-year grant terms and available funds are housed in reserve accounts. All grants have been awarded by Council and align with Council approved Fund Distribution Plans. Forecasts indicate reserves will be needed in 2020.

The capital program adjustment programs Legacy funds to address administrative errors.

Thrive Lens Analysis

The Thrive outcome of Stewardship is supported through responsible planning and management of resources for the Community Development Division operating, passthrough, and capital programs.

The Thrive outcomes of prosperity, equity, and livability are supported by providing rent assistance to low-income families to live in safe, affordable housing.

Funding

Proposed Action

That the Metropolitan Council amend the 2020 Unified Budget – Authorized Capital Program (ACP) by \$20,000,000 as indicated and in accordance with the Unified Capital Program – Environmental Services (Table 10) and the Capital Program table - Attachment 3.

Background

The proposed amendment includes the following changes to the Environmental Services ACP and Capital Improvement Program (CIP):

<u>Increased Authorization Funding for Program 8089, Metro Wastewater Treatment Plant (WWTP) Asset Renewal</u>

Environmental Services proposes accelerating the bidding of a project planned at the Metro WWTP with the goal to start construction in early 2021. Work associated with secondary treatment replaces aeration diffusers at the Metro WWTP and upgrades the aeration controls, leading to improved environmental performance and energy efficiency in one of the most energy intensive processes at the plant.

The proposed amendment increases the ACP by \$20,000,000 by moving \$20,000,000 from the CIP into the ACP. Specifically, \$17,000,000 will be moved from year 2023 and \$3,000,000 from year 2024. The amendment does not change the anticipated Environmental Services current year expenditures and does not change the overall six-year Capital Program of \$1,388,045,536.

Rationale

This amendment is required for additional authorization funding for the Metro WWTP Asset Renewal Program. This action is needed to minimize operational impacts and to ensure reliable wastewater service.

Thrive Lens Analysis

This action advances the Thrive outcomes of stewardship, prosperity and sustainability by investing in the regional wastewater system which also provides jobs and improves the efficiency of the Metro WWTP.

Funding

The capital amendment will be funded by wastewater fees.
