Management Committee  
Meeting date: October 27, 2021  
For the Metropolitan Council meeting of November 10, 2021

| Subject: Ratification of Emergency Declaration – COVID-19 Related Procurement |
| District(s), Member(s): |
| Policy/Legal Reference: Council Expenditure Policy 14-2, Emergency Expenditures |
| Staff Prepared/Presented: Philip Walljasper, 651-602-1787; Jody Jacoby, 651-602-1144 |
| Division/Department: Regional Administration |

**Proposed Action**  
That the Metropolitan Council ratify the attached Emergency Declaration for purchase of COVID-19 Saliva Take Home and On-site testing kits and access to 37 clinic locations for PCR testing in the amount of $1,835,000.00.

**Background**  
The COVID-19 pandemic is an emergency public health crisis with recent Delta variant cases on the rise. With vaccines now readily available, immediate action is needed to require weekly COVID-19 testing for employees not vaccinated to ensure health and safety of our employees and customers.

**Rationale**  
The Metropolitan Council has delegated authority to the Regional Administrator to declare emergencies on behalf of the Council when the health, safety or welfare of the public is compromised, or potentially compromised, and immediate action is required to address the emergency. The emergency declaration is presented to the appropriate implementation committee for approval and placed on a following Council consent list for formal ratification.

Accountability – Following policy 14-2, the Regional Administrator may authorize appropriate contracts and payments necessary to meet the emergency situation provided that, if the cost to correct the emergency situation totals $175,000 or more, the emergency declaration shall also be presented to the appropriate committee for formal ratification at its next regular meeting.

**Thrive Lens Analysis**  
This action advances the Thrive outcome of stewardship. Public financial resources will be invested efficiently and effectively in the region.

**Funding**  
The full cost of COVID-19 Saliva Take Home and On-site testing kits and access to 37 clinic locations for PCR testing is estimated at $1,835,000.00. Cost will be applied to each division's operation funds.

**Known Support / Opposition**  
There is no known opposition.
"A declared public emergency is an emergency situation in which the health, safety or welfare of the public or the safety of Metropolitan Council employees or facilities is compromised or potentially compromised and requires immediate action to correct."

Based on the above information, an emergency situation exists within the meaning of the Council Procurement Policy. Carrying out the competitive bidding process and the technical requirements of the Council’s Procurement Policy, and awaiting Council declaration of an emergency and approval for the purchase of materials or supplies or the making of emergency repairs would significantly and unacceptably delay the commencement of repair work on the above-referenced project. The Metropolitan Council, by its Procurement Policy, has delegated authority to the Regional Administrator to declare an emergency on behalf of the Council in such cases. Therefore, I declare on behalf of the Metropolitan Council, that an emergency exists as described above and that the emergency situation requires the immediate purchase of materials or supplies or the making of emergency repairs. I authorize the General Manager/Division Director named above to let appropriate contracts and make payments for the purchase of materials or supplies or the making of repairs necessary to meet the emergency situation without advertising for bids, without meeting other technical requirements of Council Procurement Policy, and without prior approval of the Council. If the costs to correct the emergency situation total $175,000 or more, I direct that this emergency declaration and any such contracts and/or payments be presented to the Metropolitan Council for formal ratification at its next meeting.
