District(s), Member(s):	All
Policy/Legal Reference:	2023 Unified Budget; Minn. Stat. § 85.53; Minn. Stat. § 473.315, subd. 1
Staff Prepared/Presented:	Heather Giesel, Director of Finance and Administration 651-602-1715; Nick Hendrikson, Manager of Finance 651-602-1340; Aimee Junget, Budget Analyst 651-602-1823

Proposed Action

That the Metropolitan Council authorize the 2023 Unified Budget amendment as indicated, and in accordance with, the attached tables.

Background

This business item amends the Community Development operating budget and capital program. It also provides informational background on project level adjustments that have taken place.

Capital Program – Attachment #1 (Program Level)

2023 Operating Budget – Attachment #2

Capital Program – Attachment #3 (Project Level) is included for reference and informational purposes only.

Operating Budget

This amendment also authorizes state fiscal year (SFY) 2024 Operations and Maintenance appropriations. These appropriations cover a share of the cost of Regional Parks' operation and maintenance every year.

Capital Program

Administrative Adjustments

The administrative adjustment section, Attachment #3, represents project level changes and has been included for reference and information purposes only. The Community Development Division passes through state and regional funds to ten Regional Parks Implementing Agencies. Funds are managed through grant agreements once the Council brings funds into the Authorized Capital Program at the program level. Council staff then program authorized funds to specific projects, in accordance with State Statute and Council Policy.

Closing Projects

This amendment reduces the Regional Parks Authorized Capital Program by nearly \$34 Million by removing 36 completed projects from the capital program. All projects are complete, and funds are

fully expended.

Capital Program Regional Parks and Natural Resources

Authorize New Projects, Increase Authorization, and Reduce Authorization

This amendment will reduce project 10703 by \$64,162 (of a \$1.5M 2017 appropriation) in expired Environmental and Natural Resources Trust Funds.

Administrative Adjustments

Funds in the Authorized Capital Program (ACP) have been programmed to specific projects. State Bond and Legacy projects have been identified by Parks Implementing Agencies in accordance with state statute. Some projects are complete and reallocating unused funding to undesignated accounts for future programming.

The Council has reviewed and approved several acquisition projects in separate official actions at the recommendation of the Metropolitan Parks and Open Space Commission. 2023 Unified Budget Amendment – 2nd Quarter.

District(s), Member(s):	All
Policy/Legal Reference:	2023 Unified Budget, Minnesota Statutes Section 473.13, Subdivision 1-Council Budget Requirements
Staff Prepared/Presented:	Ned Smith, Director of Pretreatment and Finance, 651-602-1162 and Adam Gordon, Manager, Interceptor Engineering, 651-602-4503
Division/Department:	MCES c/o Leisa Thompson, 651-602-8101

Proposed Action

That the Metropolitan Council amend the 2023 Unified Budget – Authorized Capital Program (ACP) with a reallocation of \$15,000,000 and an increase of \$29,000,000 as indicated and in accordance with the Capital Program – Environmental Services (Table 10) and the Capital Program Table – Attachment 3.

Background

The proposed amendment reallocates funding from one program to another. The amendment includes the following change to the Environmental Services ACP and Capital Improvement Program (CIP):

Reduce Authorization Funding for Program 8063, South Washington County (SWC) Interceptor – Lake Elmo Connections by \$15,000,000.

Increase Authorization Funding for Program 8086, North Area Interceptor Rehabilitation by \$40,000,000.

Recent construction cost estimates combined with price escalation projections for the Southwest Lake Elmo Service Connection and L77 Improvements projects are more than the capital funding available to fund these projects in the SWC Interceptor – Lake Elmo Connections program. Funding is only sufficient to fund one of the projects, not both. These two projects will be moved to the North Area Interceptor Rehabilitation program, and funding adjusted to fully fund the construction of these two projects.

The Hastings Collection System Modifications for the New Wastewater Treatment Plant (WWTP) project currently has a \$8,000,000 budget for planning design, and construction consulting services. This budget needs to be increased to \$12,000,000 to cover the proposal costs received from the recently publicly solicited consultant proposals.

The proposed amendment changes the total 2023 budget for ACP and the anticipated

Environmental Services current year expenditures. Furthermore, this action increases the overall six-year Capital Program to \$1,292,266,758.

Rationale

This amendment is required for additional authorization funding for the North Area Interceptor (NAI) Improvements program and the Hastings WWTP program. This action is needed to minimize operational impacts and to ensure reliable wastewater service.

Thrive Lens Analysis

This action advances the Thrive outcomes of Stewardship and Sustainability. Public financial resources will be invested efficiently and effectively to maintain wastewater infrastructure which protects the region's natural resources.

Funding

The capital amendment will be funded by wastewater fees through Environmental Services' capital program.

Small Business Inclusion

The proposed action has no direct impact to the small business community. The Office of Equity and Equal Opportunity will review the two projects referenced above for small business goals prior to advertisement.
