Policy/Legal Reference:	Council Policy on Investments, Minnesota Statutes 473.542 and 118A.02
Staff Prepared/Presented:	Mark Thompson, Director Treasury, 651-602-1629
Division/Department:	Regional Administration/Finance

Proposed Action

The Metropolitan Council approve amending the 2023 List of Authorized Financial Institutions to add Sunrise Banks and BankCherokee as approved institutions for the Certificate of Deposit program.

Background

At its November 30, 2022 meeting, the Metropolitan Council approved the 2023 List of Authorized Financial Institutions (BI 2022-291). This business item asks for approval to amend the previously approved list to add Sunrise Banks and BankCherokee to the Certificate of Deposit category. All banks and investment firms doing business with the Council require prior approval.

As a way to put a portion of long-term investments to work in the community, the Council has been purchasing Certificate of Deposits at local community banks that have a successful track record of supporting and investing in locally owned small businesses, affordable housing, and community development initiatives. The Council has approved \$20-25 million for this program and currently \$18.5 million is invested with seven banks.

Staff has been working to add more banks to the program. Applications have been received from Sunrise Banks and BankCherokee. Sunrise Banks has demonstrated community involvement through its 'Outstanding' CRA rating and is a Community Development Financial Institution, which means least 60% of its loan portfolio goes to low-and-moderate income tracts. BankCherokee has a 'Satisfactory' CRA rating and been active in financing minority woman-owned small businesses in the medical and grocery industries, as well as a women-owned business providing counseling and sober housing for women who have custody of children. BankCherokee requires all bank officers to serve with community organizations.

Adding these two banks to the List of Authorized Financial Institutions does not guarantee invest with them. Purchases are subject to available Council funding, further evaluation, and ongoing reporting commitments from the banks. It is anticipated that any purchases done with these banks will be for \$1-3 million each for approximately 1-year terms.

Rationale

The List of Authorized Financial Institutions is presented at least annually to inform and update the Council regarding its financial service relationships and obtain designation of official depositories as required by statute and policy. It is also be presented when new financial institutions are proposed to be added.

Thrive Lens Analysis

The List of Authorized Financial Institutions provides transparency around the Council's financial relationships and demonstrates **Stewardship** over the Council's financial resources and activities.

Funding

General banking, custody and credit card processing fees are funded within division budgets. There are typically no fees charged to the Council for Purchasing cards, payroll debit cards, and debit cards provided to housing program participants for utilities reimbursements. No commissions are paid to investment brokers. Hedging transaction fees are funded by Transit. Certificate of Deposit purchases are funded from the long-term investment portfolio.

Small Business Inclusion

There are no direct impacts to small business inclusion associated with the proposed action.
