Proposed Action

That the Metropolitan Council

- Adopt the proposed 2014 Unified Planning Work Program (UPWP) with a budget of \$5,074,697.
- Adopt the attached resolution authorizing the filing of an application with the Minnesota Department of Transportation for a planning grant under MAP-21.

Background

The UPWP is a program required by federal law through which Metropolitan Planning Organizations (MPOs) receive federal funds to conduct transportation and land use planning activities. It includes work proposed by the Metropolitan Council, the Minnesota Department of Transportation (MnDOT), the Minnesota Pollution Control Agency (MPCA), and Metropolitan Airports Commission (MAC). There are six planning activities (Planning Program Support and Administration, TIP Development and Management, Comprehensive and Land Transportation Planning, Research and Travel Forecasting, Operations and Management, and Aviation Transportation Planning) in the proposed 2014 UPWP with an overall budget of \$5,074,697 (attached).

Rationale

The main purpose of the UPWP is to serve as an application to the US DOT for federal transportation planning funds and to ensure coordination of planning activities among the various agencies involved in the transportation planning process.

Funding

The proposed UPWP is based on the assumption that \$3,864,737 will be available in 2014 from the Federal Highway Administration and the Federal Transit Administration for the proposed Council work. If the final approved grant amounts are different, the Council reserves the right to reconsider the work program. The local match is \$1,149,960 with the

Metropolitan Council providing \$1,033,492 and MAC providing \$116,468. FTA funds in the amount of \$60,000 are included for the New Freedom program administration.

Known Support / Opposition

The 2014 UPWP was reviewed by the Technical Advisory Committee and approved by the Transportation Advisory Board on August 21, 2013 (Action item attached). There is no known opposition.

Transportation Advisory Board
of the Metropolitan Council of the Twin Cities

ACTION TRANSMITTAL No. 2013-31

DATE: August 27, 2013
TO: Transportation Committee
FROM: Transportation Advisory Board
PREPARED BY: Elaine Koutsoukos, Senior Planner
SUBJECT: 2014 Unified Planning Work Program (UPWP)
REQUESTED ACTION: Request that the Transportation Advisory Board adopt the draft 2014 Unified Planning Work Program and recommend adoption to the Metropolitan Council.
RECOMMENDED MOTION: Recommend adoption of the 2014 Unified Planning Work Program (UPWP) for the Twin Cities Metropolitan Area

BACKGROUND AND PURPOSE OF ACTION: The Unified Planning Work Program (UPWP) serves as the Council's application for USDOT transportation planning funds. The UPWP is prepared annually and describes metropolitan-area transportation planning activities being undertaken by four agencies. Participants in the UPWP include the Metropolitan Council, the Minnesota Department of Transportation, Minnesota Pollution Control Agency, and the Metropolitan Airports Commission.

The UPWP includes activities required by federal regulation that address planning priorities of the metropolitan area. The document identifies budgeted expenditures, funding sources, and allocation of staff resources for transportation planning activities of many participants. Projects with Metropolitan Council participation are detailed with staff hours and consultant costs that detail how the \$3.8 million of federal planning money will be spent, along with a 20 percent local match.

Many of the tasks are required by state or federal law and are ongoing, including the TAC/TAB committee process and corridor studies, or they repeat on an annual or biennial cycle, such as the preparation of the TIP and the regional solicitation.

RELATIONSHIP TO REGIONAL POLICY: The UPWP is a federally required description and documentation of proposed transportation and transportation-related planning activities in the metropolitan area.

COMMITTEE COMMENTS AND ACTION:

TAB reviewed and approved the motion to recommend adoption of the 2014 UPWP.
