

### Environment Committee

For the Metropolitan Council meeting of August 27, 2014

**Subject:** Authorization to Award and Execute a Construction Contract of the North Area Interceptor Rehabilitation Phase 3 – Elm Creek East, Project No. 808630, Contract 14P099

#### **Proposed Action**

That the Metropolitan Council authorize its Regional Administrator to award and execute a contract for construction of the North Area Interceptor Rehabilitation Phase 3 – Elm Creek East, Project 808630, Contract 14P099, with Lametti & Sons, Inc for their low responsive and responsible bid of \$12,027,092.00.

#### **Summary of Committee Discussion/Questions**

Staff clarified that pipe is only 17 years old and early rehabilitation is due to material issues. This was an early attempt at lining new concrete pipe with a field applied spray-on polyurethane coating to prevent corrosion. The coating separated from the concrete pipe which left the pipe unprotected and resulted in corrosion.

**Motion to approve the proposed action was made, seconded, and passed unanimously.**

## Environment Committee

Meeting date: August 12, 2014

For the Metropolitan Council meeting of August 27, 2014

**Subject: Authorization to Award and Execute a Construction Contract of the North Area Interceptor Rehabilitation Phase 3 – Elm Creek East, Project No. 808630, Contract 14P099**

**District(s), Member(s): District 2, Lona Schreiber**

**Policy/Legal Reference: Policy 3-3, Expenditures**

**Staff Prepared/Presented: Karen Keenan, 651-602-4561**

**Division/Department: MCES c/o Leisa Thompson, 651-602-8101**

### Proposed Action

That the Metropolitan Council authorize its Regional Administrator to award and execute a contract for construction of the North Area Interceptor Rehabilitation Phase 3 – Elm Creek East, Project 808630, Contract 14P099, with Lametti & Sons, Inc for their low responsive and responsible bid of \$12,027,092.00.

### Background

Interceptor improvements are required to improve the integrity of the Elm Creek Interceptor (9004) along 101<sup>st</sup> Avenue North in Brooklyn Park.

This contract is the second of two construction contracts to rehabilitate the interceptor between meter M232 and the junction with the 8252-481 interceptor at Noble Avenue North. This phase will consist of the installation of roughly 13,400 feet of Cured-In-Place Pipe (CIPP) along 101<sup>st</sup> Avenue North between Trunk Highway 169 and Noble Avenue North.

Four (4) bids, ranging from \$12,027,092.00 to \$16,461,901.50, were received and opened on July 17, 2014. The low bid was less than the engineer's estimate of \$18,136,477. The Metropolitan Council Underutilized Businesses (MCUB) participation goal for this contract is 5%. The Office of Equal Opportunity has determined that Lametti and Sons, Inc. made a good faith effort to achieve the goals for this contract.

### Rationale

Construction contracts exceeding \$2,500,000 require Council authorization.

### Funding

Project No. 808630 is included in the 2014 MCES Authorized Capital Program

Currently Authorized: \$21,300,000

Unencumbered Funds: \$21,300,000

Requested Amount: \$12,207,092

### Known Support / Opposition

No known opposition
