Proposed Action

That the Metropolitan Council approve the attached Resolution 2014-35 adopting the Livable Communities Act Local Housing Incentives Account (LCA LHIA) Affordable and Lifecycle Housing goals adopted by the City of Chanhassen to participate in the Livable Communities Act beginning calendar year 2015.

Background

According to the Livable Communities Act, a community must adopt affordable and life-cycle housing goals to be eligible to participate in the LCA Program ("Program"). Communities establish their goals through a City Council resolution and communicate their desire to participate in the Program to the Council by November 15 of any year. The City of Chanhassen passed a resolution in November electing to participate after dropping out of the Program in 2010. The statute also requires the Council to hold a public hearing before adopting the City's affordable and life-cycle housing goals. Council adoption of the City's goals must be accomplished by the January 15th of the year.

Rationale

The City of Chanhassen Resolution states it elects to participate in the Program, and the public hearing and adoption by the Council of the City's affordable and lifecycle housing goals is a required part of the process.

Funding

This action has no funding impact.

Known Support / Opposition
