

Management, Environment, Transportation and Community Development Committees

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2014 Unified Budget and the 2015 Unified Budget

Proposed Action

That the Metropolitan Council:

- authorize the amendment of the 2014 Unified Budget as indicated and in accordance with the attached tables, and
- authorize the amendment of the 2015 Unified Budget as indicated and in accordance with the attached tables.

Summary of Committee Discussion/Questions

The Community Development Committee reviewed and approved the proposed amendments for the Community Development Division at its meeting on June 1, 2015. There were no issues or concerns.

The Transportation Committee reviewed and approved the proposed amendments for the Transportation Division at its meeting on June 8, 2015. There were no issues or concerns.

The Environment Committee reviewed and approved the proposed amendments for the Environmental Services Division at its meeting on June 9, 2015. There were no issues or concerns.

The Management Committee reviewed and approved the proposed amendments for all the divisions at its meeting on June 10, 2015. There were no issues or concerns.

Management Committee

Meeting date: June 10, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2014 Unified Budget and the 2015 Unified Budget

District(s), Member(s): All

Policy/Legal Reference: MN Statutes Section 473.13, Subd. 1

Staff Prepared/Presented: Paul Conery, Director of Budget/Operations (651-602-1374)

Division/Department: Transportation and Community Development

Proposed Action

That the Metropolitan Council:

- authorize the amendment of the 2014 Unified Budget as indicated and in accordance with the attached tables, and
- authorize the amendment of the 2015 Unified Budget as indicated and in accordance with the attached tables.

Background

The Transportation Division has proposed amendments to the operating and capital components of their division budget, the Environmental Services Division has proposed amendments to their capital program and the Community Development Division has proposed amendments to its parks capital program. The Community Development Committee reviewed their amendment request on June 1 and recommended approval. The Transportation Committee will review their amendment requests on June 8 and the Environment Committee will review their amendment requests on June 9.

Operating Component of 2014 and 2015 Unified Budgets

Requested changes to the operating component of the **2014 Unified Budget** total \$682,000. The following request is made by the Environmental Services Division:

Environmental Services

Change in Expenditures: \$682,000; Revenues: \$0, Reserves: (\$682,000)

\$682,000 is requested by Environmental Services to provide budget authority for utility costs incurred in 2014 that caused the division to exceed its amended 2014 operating budget. For much of 2014, both an incinerator and its electricity-generating turbine were offline due to performance failures. This resulted in increased electricity and natural gas consumption. Environmental Services anticipated that budget savings in other areas were sufficient to cover the overruns in utilities, but higher than anticipated contractual service expenses in December caused the division budget to be exceeded. This amendment will bring actual expenses within the 2014 amended budget for the Environmental Services Division.

Requested changes to the operating component of the **2015 Unified Budget** total \$250,000. The following requests are being made by the Transportation Division:

Transportation

Change in Expenditures: \$250,000; Revenues: \$250,000; Reserves: \$0

\$250,000 is requested by Metropolitan Transportation Services to provide consultant services for the *Principal Arterial Intersection Conversion Study*. The expenses are funded with a grant from the Minnesota Department of Transportation.

The operating amendment recognizes \$800,000 in federal revenues in Metro Mobility and reduces programmed Motor Vehicle Sales Tax revenues by \$800,000.

The operating amendment also authorizes the transfer of \$7,920,000 in federal funds from the capital program to the operating budget and the transfer of \$7,920,000 in Motor Vehicle Sales Tax revenues from the operating budget to the capital program to fund capital projects that are not eligible for regional bond financing.

Capital Component of 2015 Unified Budget

Transportation, Environmental Services and Community Development all have proposed amendments to the capital program.

Transportation

Change in Authorized Capital Program (ACP): \$58,408,318

Additions: \$58,792,347

Deletions: (\$384,029)

Change in Capital Improvement Plan (CIP): (\$57,758,318)

Change in 2015 Capital Budget: \$13,519,383

The proposed additions to the capital program add \$58.8 million in authority to existing capital projects, funded with \$39.8 million in new federal funding, \$785,000 in MVST funding and \$18.2 million in regional bond funding.

All of the proposed capital projects with three exceptions were in the adopted capital improvement program and involve moving the project from the Capital Improvement Plan (planned projects) to the Authorized Capital Program (funded and authorized projects). The three exceptions involve the purchase of replacement vehicles for Metro Mobility and Transit Link that were damaged in accidents and needed to be replaced and the replacement and upgrade of the Interactive Voice Response (IVR) platform in Metro Transit. These three new projects will increase the authorized capital program and the overall capital program by \$1,034,000.

Parks and Open Space

Change in Authorized Capital Program (ACP): \$ 341,271

Additions: \$ 3,409,000

Deletions: (\$3,067,729)

Change in Capital Improvement Program: (\$ 3,409,000)

Change in 2015 Capital Budget: \$ 575,190

The proposed additions to the capital program add \$3,409,000 in authority to existing capital projects, funded with \$2,569,000 in new state funding and \$840,000 in regional bond funding. The proposed amendment requests \$666,000 in regional parks bond funding to match \$1,000,000 in state Environmental Trust Fund appropriations for land acquisition grants.

Environmental Services

Change in Authorized Capital Program (ACP): \$ 124,000,000

Additions: \$ 124,000,000

Deletions: \$ 0

Change in Capital Improvement Program: (\$ 15,000,000)

Change in 2015 Capital Budget: \$ 10,000,000

The proposed amendment adds two new projects to the Capital Program. The gravity sewer condition assessment program identified 10 locations in St Paul and adjacent cities where interceptor rehabilitation should be implemented as soon as possible. The assessment program also identified an interceptor in Richfield needing rehabilitation in 2016-2017. These two capital projects total \$109 million.

Rationale

The proposed amendments program available federal, state, local and regional funds to the Unified Budget to allow the Council to carry out its work plan and its long-term capital program.

Funding

The operating budget amendment is funded with available reserves.

The capital amendment is funded with new federal, state and regional funding. The following table summarizes the regional transit bonding authority committed to authorized projects. The remaining authority is will be committed to planned projects in future amendments.

	Metro Transit	Metro. Transp. Serv.	Total
2014 Authorization	22,200,000	14,800,000	37,000,000
2015 Authorization	22,980,000	15,320,000	38,300,000
Total Authority	45,180,000	30,120,000	75,300,000
Previously Committed	25,786,912	8,345,734	34,132,646
Plus: This Amendment	17,522,004	294,000	17,816,004
Total Committed	43,308,916	8,639,734	51,962,069
Remaining Authority*	1,871,084	21,480,266	23,351,350
2012 Special Authorization		4,200,000	
Previously Committed		3,171,698	
Plus: This Amendment		0	
Total Committed		3,171,698	
Remaining Authority*		1,028,302	

*Remaining authority is committed to planned projects in the adopted capital improvement plan.

Fiscal Impact

Cash Flow

This amendment adds \$182.7 million in new authorized expenditures to capital projects. Transit, Parks and Environmental Services anticipates they will spend \$24.1 million in 2015.

Impact on Regional Taxpayers

The amendment increases authorized issuance of regional Transit and Parks bonds by \$18.7 million, but this level of regional bonding was included in the Capital Improvement Plan and reflected in the fiscal impact analysis when the 2015 Unified Budget was adopted in December.

The amendment increases projected issuance of regional wastewater debt by \$109.0 million, which will result in an increase in SAC transfers and wastewater rates over levels reflected in the fiscal impact analysis done when the 2015 Unified Budget was adopted in December. Environmental Services staff estimate that the additional regional bonding for these projects will increase Metropolitan Wastewater Charges by 0.5% per year for the next four years over current projections and will increase Service Availability Charges by 2.0% per year for the next four years over current projections.

Known Support / Opposition

None

Transportation Committee

Meeting date: June 8, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2015 Unified Budget – 2nd Qtr. Budget Amendment

District(s), Member(s): All

Policy/Legal Reference: 2015 Unified Budget; Mn Statutes Section 473.13, Subd. 1 – Council Budget Requirements

Staff Prepared/Presented: Arlene McCarthy, Director, MTS 651-602-1754; Brian J. Lamb, General Manager, Metro Transit 612-349-7510; Heather Aagesen-Huebner, Manager of Administration, MTS 651-602-1728; Sean Pfeiffer, Principal Financial Analyst, MTS 651-602-1887; Edwin D. Petrie, Director of Finance, Metro Transit 612-349-7624

Division/Department: Transportation / Metro Transit and Metropolitan Transportation Services

Proposed Action

That the Metropolitan Council amend the 2015 Unified Budget – Capital Program (annual appropriation) and Authorized Capital Program (multi-year authorization) as indicated and in accordance with the spreadsheet in Capital Attachment #1 (Program Level).

That the Metropolitan Council amend the 2015 Unified Budget – Operating Budget as indicated and in accordance with the spreadsheet in Operating Attachment #2.

Background

Capital Attachment #3 (Project Level Spreadsheet) is included for reference and informational purposes only.

Capital Program:

Metro Transit

Administrative Adjustments:

Nextfare Fare Collection Upgrade Systems - Project #67211

This amendment adjusts \$520,605 from RTC to Other to reflect funding received from HCCRA for costs associated with the Nextfare fare collection upgrade for the Metro Green Line. This project is identified in the CIP.

Arterial BRT Rapid Bus Procurement – Project #65400 CLOSE 2014 Expansion Buses – Project #65403

This amendment will close project #65400 and reallocate (\$1,568,074) in Federal Funding and (\$392,018) in RTC funding into Project 65403 for project consolidation and ease of administrative tracking. These projects are identified in the CIP.

Closing Projects/Reallocate Authorized Funding:

Transit Facility Land Acquisition – Rail Spur – Project #69212 CLOSE

Transit Facility Land Acquisition – Project #69110

This amendment will close project #69212 and reallocate (\$359,385) in RTC funding back into the Metro Transit Capital Program. The remaining balances in Other funds, \$370,000 and \$130,000 in RTC funds will be transferred into Project #69110 for project consolidation and ease of administrative tracking. These projects are identified in the CIP.

LRT Blue Rebuild Track Work with Direct Fixation – Project #61400 CLOSE

LRT Blue Bi Directional Running – Project #68405

This amendment will close project #61400 and reallocate (\$668,775) in Federal Funding and (\$167,196) in RTC funding into Project 68405 for project consolidation and ease of administrative tracking. These projects are identified in the CIP.

Reduce Authorized Funding: None

Increase Authorized Funding/Authorize New Projects:

Low Growth Expansion Buses – East 7th Street St. Paul – Project New

This amendment provides \$1,476,725 in Federal CMAQ Funds and \$532,425 in RTC funds for the purchase of 5 forty-foot standard buses. This project is identified in the CIP.

2016 Bus Replacement – Project #65320e

This amendment provides \$29,579,414 in Federal Funds, \$4,434,899 in RTC funds and \$785,000 of MVST Funds contingent on approval of the operating amendment to provide the funding to issue a notice to proceed for the purchase of 24 replacement forty-foot standard propulsion buses and 30 sixty-foot standard propulsion buses. This project is identified in the CIP.

LRV OVH Type 1 OVH 2 Parts – Project #64401e

This amendment provides \$2,880,000 in Federal Funds and \$720,000 in RTC Funds for the purchase of phase 2 parts needed to overhaul the Type I Bombardier vehicles. This project is identified in the CIP.

Facility Power Redundancy – Project #62315e

This amendment provides \$1,040,000 in Federal Funds and \$260,000 in RTC Funds for installation of emergency power sources needed for main power supply outages at multiple facilities. This project is identified in the CIP.

Major Improvements to Support Facilities – Project #62790e

This amendment provides \$2,600,000 in RTC Funds to begin planned improvement projects to support facilities. Projects include: OSC Remodeling, OHB Compactor, Heywood Money Room Addition, Windshield Washer Fluid Tanks and Parking Lot Repairs. This project is identified in the CIP.

Transfer Road Building – Project #64216e

This amendment provides \$1,250,000 in RTC Funds to design and construct departmental work space within the Transfer Road building. This project is identified in the CIP.

Transit Facility Land Acquisition – Project #69110e

This amendment provides \$2,000,000 in RTC Funds for land acquisition and appraisals for Metro Transit sites. This project is identified in the CIP.

Northstar Track & Facility Improvements – Project New

This amendment provides \$320,000 in Federal Funds and \$80,000 in RTC Funds for the design and construction of a drop table, additional repair track and a maintenance pit at the Northstar Facility. This project is identified in the CIP.

Public Facilities Refurbishment – Project#63350

This amendment provides \$500,000 in RTC Funds for the design and construction of passenger shelters and amenities. This project is identified in the CIP.

COM Equipment – Project 68312e

This amendment provides \$321,768 in RTC Funds for the purchase of 7 radio network controllers and 60 radios to support various Metro Transit departments. This project is identified in the CIP.

Type 1 LRV Diagnostic & Monitoring Equipment Replacement – Project #68404e

This amendment provides \$520,000 in Federal Funds and \$130,000 in RTC Funds for updated monitoring and diagnostic systems on the Type I Bombardier vehicles. This project is identified in the CIP.

Card Access Transit Facilities – Project 69215e

This amendment provides \$50,000 in RTC Funds for security card access equipment at the Heywood and Big Lake facilities. This project is identified in the CIP.

PCI Equipment/Server Replacement – Project New

This amendment provides \$240,000 in Federal Funds and \$60,000 in RTC Funds to replace servers and upgrade hardware and software on the automated fare collection system. This project is identified in the CIP.

LRT-Technology Systems Enhancements (RCC) – Project New

This amendment provides \$80,000 in Federal Funds and \$20,000 in RTC Funds to create a Rail Operations interactive dashboard, blue warning lights on the radio console, and enhanced camera and video capabilities. This project is identified in the CIP.

Replace Interactive Voice Response (IVR) Platform – Project New

This amendment provides \$830,000 in RTC Funds to replace and upgrade the interactive voice response (IVR) system that allows customer to recharge a Go-To card over the phone. This project was on a list of unfunded capital projects that were not included in the adopted capital program.

Bus Stop ID Program – Project #62407e

This amendment provides \$500,000 in RTC Funds for equipment to improve bus stop level information for customers. This project is identified in the CIP.

P & R CCTV Security Upgrades – Project #62223e

This amendment provides \$100,000 in RTC Funds to upgrade LPR security camera's at Metro Transit Park & Ride facilities. This project is identified in the CIP.

LRT Station Security Upgrades – Project #62224e

This amendment provides \$160,000 in Federal Funds and \$40,000 in RTC Funds to upgrade security camera’s on the Blue Line platforms. This project is identified in the CIP.

Transit Hub Security Upgrades – Project #62225e

This amendment provides \$40,000 in RTC Funds to upgrade security at transit hubs with digital CCTV systems. This project is identified in the CIP.

Non-Revenue Vehicles and Support Equipment – Project #65790e

This amendment provides \$1,355,116 in RTC Funds to replace non-revenue vehicles and support equipment. This project is identified in the CIP.

Update Fare Counting Equipment – Project New

This amendment provides \$100,000 in RTC Funds to replace coin sorters in the Metro Transit money room for improved money counting efficiency. This project is identified in the CIP.

Onboard Information Centers – Project #69210e

This amendment provides \$40,000 in RTC Funds to install Customer Information Centers on LRV’s. This project is identified in the CIP.

Mobile Camera Trailers – Project New

This amendment provides \$200,000 in Federal Funds and \$50,000 in RTC Funds to purchase 5 new camera trailers to aide police in investigations. This project is identified in the CIP.

Arterial BRT – A Line – Project #61217

This amendment provides \$960,000 in Federal Funds and \$240,000 in RTC Funds for construction, shelter installation and technology improvements on the A-Line. This project is identified in the CIP.

35W Orange Line BRT – Project #62405

This amendment provides \$1,800,000 in Federal Funds for environmental, engineering, design and staff costs for the Orange Line. Federal match is already authorized in the project. This project is identified in the CIP.

Rail Station Modifications – Project #62316e

This amendment provides \$160,000 in Federal Funds and \$40,000 in RTC funds for Blue Line and Northstar platform modifications. This project is identified in the CIP.

LRT Blue Bi Directional Running – Project #68405

This amendment provides \$240,000 in Federal Funds and \$60,000 in RTC to design and construct embedded track at LRT stations. This project is identified in the CIP.

LRT-Downtown Minneapolis Traffic Controller Upgrade– Project New

This amendment provides \$162,400 in Federal Funds and \$40,600 in RTC to standardize downtown traffic controllers to create smoother train traffic through Minneapolis. This project is identified in the CIP.

Green Line OMF and Right of Way Improvements – Project New

This amendment provides \$1,500,000 in RTC Funds for planned improvement projects at the Green Line OMF Facility and stations. Projects include: Accessibility upgrade, maintenance, operations and safety enhancements. This project is identified in the CIP.

Metropolitan Transportation Services

2015 – Metro Mobility – Small Bus (2) – Replacement – Project #35984 (New)

This amendment authorizes \$136,000 of RTC funds to purchase two small cutaways to replace existing vehicles. These vehicles were deemed total losses due to accidents and require replacement. This project was not identified in the CIP but will be covered with unprogrammed RTC.

2015 – Transit Link – Small Bus (1) – Replacement – Project #35984 (New)

This amendment authorizes \$68,000 of RTC funds to purchase one small cutaways to replace existing vehicles. This vehicle was deemed total losses due to an accident and requires replacement. This project was not identified in the CIP but will be covered with unprogrammed RTC.

SWT – SW Village Debt Payment (2014 Principal Only) – NTD – Project #35985 (New)

This amendment authorizes \$90,000 in RTC funds (in lieu of NTD) for a debt principal payment on the debt instrument used to finance the SouthWest Village transit station. This project is identified in the CIP.

Change to Current Year Expenditures

Based on projected expenditures for the proposed amendments, the 2015 capital budget is proposed to be increased by \$13,225,383 and \$294,000 for Metro Transit and MTS, respectively.

Operating Budget:

Background:

Metro Transit

Change in Revenues: \$0; Expenditures: \$0; Reserves: \$0

This operating amendment authorizes \$7,920,000 of federal funds to be used for preventative maintenance activities in the Metro Transit operating budget. This amendment reduces \$7,920,000 of MVST Funds to be used in the Metro Transit capital program to provide additional local match to capital projects.

Metropolitan Transportation Services

Transportation/Transportation Planning

Change in Revenues: \$250,000; Expenditures: \$250,000; Reserves: \$0

This amendment authorizes \$250,000 from MnDOT to match \$300,000 of Unified Planning Work Program (UPWP) federal funds. These funds will be used for the *Principal Arterial Intersection Conversion Study*. This work will engage a consultant to identify potential

improvements for principal arterials across the region. Work will begin in 2015 and will continue into 2016 and potentially 2017.

Transit Link

Change in Revenues: \$0; Expenditures: \$0; Reserves: \$0

This amendment authorizes \$800,000 of Section 5311 (Non-Urbanized Area) federal funds to cover Transit Link services that operate exclusively in the seven counties' non-urbanized area.

Rationale

This amendment is required to authorize additional funding and expenses in the operating budget to carry out transit service operations. It also authorizes closing projects, changes to existing projects, and new projects required to carry out the long-term capital improvement program for transit.

Funding

Capital Program:

This amendment increases federal funds by \$39,818,539 in federal funds, \$785,000 in other funds and regional transit capital funds by \$17,829,423.

Operating Budget:

This amendment decreases RA-MVST by \$7,920,000 and increases federal funds by \$7,920,000 in the 2015 Unified (Operating) Budget. These RA-MVST funds will be used in the Capital Program to provide additional local match to capital projects.

Known Support / Opposition

No known opposition.

Environment Committee

Meeting date: June 9, 2015

Management Committee

Meeting date: June 10, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2014 and 2015 Unified Budgets

District(s), Member(s): All

Policy/Legal Reference: Council Admin Policy 3-1 and Procedure 3-1a; MN Statute 473.13-Council Budget Requirements, and 473.517 – Wastewater fees and reserve authority

Staff Prepared/Presented: Ned Smith, 651-602-1162; Kyle Colvin, 651-602-1151

Division/Department: MCES c/o Leisa Thompson, General Manager (651-602-8101)

Proposed Action

That the Metropolitan Council authorizes the amendment of the 2014 Unified Budget as indicated and in accordance with Attachment A and B, and authorize the amendment of the 2015 Unified Budget as indicated and in accordance with the attached tables.

Amendment to the 2014 Unified Budget – Operating Budget

Background

The Environmental Services Division requires an amendment to the 2014 operating budget. For much of 2014, the electricity-generating turbine was offline at the Metro Plant due to performance failures, while an incinerator undergoing capital improvements was offline for longer than budgeted due to additional items discovered during rehabilitation. In addition, there were excess rains in late spring and early summer. These incidents resulted in increased electricity and natural gas consumption to offset the lack of electricity and heat generation for the plant, as well as increased electricity consumption to operate the effluent pumps to counter the high river level. In addition, sludge that would have been burned in the incinerator had to be treated and hauled for landfill disposal, resulting in increased chemical and contract services expenses.

Throughout the year, under runs in salary and benefits from vacancies and contract services were sufficient to cover the overruns in utilities. However, an exceptionally back-end loaded December for contract services (28% of annual spend booked to December versus 22% forecast and historical averages of 22-25%) erased the coverage. Invoices continued to book to December through March of 2015, reducing the visibility to the overall overspend until March. Going forward, Environmental Services will work to track contract billing more closely and partner with Regional Administration for timelier reporting. The incinerator and turbine are also improved and are back on line in 2015.

Requested changes to the operating component of the 2014 Unified Budget total \$682,000. The following requests are being made by the Environmental Services Division:

Environmental Services

Change in Expenditures: \$682,000; Revenues: (\$0); Reserves: (\$682,000)

The proposed budget amendment will increase the Treatment Services utilities budget by \$682,000, from \$13,718,000 to \$14,400,000.

Rationale

The proposed amendments will bring actual 2014 expenses within the amended budget for the Environmental Services Division.

Funding

The motion proposes that this needed funding come from the Wastewater Operating Contingency Reserve. This amendment will not cause wastewater operating reserves to fall below the 10% Council policy target balance level.

Fiscal Impact

The amendment will not impact wastewater users. The amendment uses available reserves and will not cause the year end 2014 fund balance to fall below the target fund balance for Environmental Services.

Known Support / Opposition

None

Amendment to the 2015 Unified Budget – Capital Program

Background

The proposed amendment includes the following changes to the Environmental Services Authorized Capital Program (ACP) and Capital Improvement Program:

Increased Authorization Funding for Program 8086, North Area Interceptor Rehabilitation

Environmental Services has been conducting a gravity sewer condition assessment program over the past several years. This program has identified several locations across the north area of the region from Brooklyn Park/Champlin to Coon Rapids/Fridley to Hugo where gravity sewers are severely corroded and require rehabilitation as soon as practicable. Areas in Fridley and Hugo are being added to the Authorized Capital Program.

The proposed amendment increases the Authorized Capital Program by \$44,000,000. There is no net change to the Capital Program for the North Area Interceptor Rehabilitation work.

Authorize Two New Programs - Program 8088, St. Paul Interceptor System Rehabilitation and Program 8087, Richfield Interceptor System Rehabilitation

The gravity sewer condition assessment program has identified ten locations in St. Paul and nearby cities where interceptor rehabilitation should be implemented as soon as possible. These areas were identified after the preparation of the 2015 Capital Program.

The gravity sewer condition assessment program has identified the interceptor along 66th Street in Richfield as needing rehabilitation within ten years. Hennepin County and the City of Richfield are planning full re-construction of 66th Street and utilities in 2016-2017. To minimize disruption and provide efficient use of resources, rehabilitation of this interceptor will be expedited.

The proposed amendment increases the Authorized Capital Program by \$56,000,000 for the St. Paul Interceptor System Rehabilitation Program and \$24,000,000 for the Richfield Interceptor System Rehabilitation Program. The amendment also provides \$29,000,000 in the Capital Improvement

Program for the second phase of the Richfield Interceptor System Rehabilitation work in the Airport area. The net increase to the Capital Program as a result of these two programs is \$109,000,000.

Rationale

This amendment is required for additional authorization funding for the North Area Interceptor Rehabilitation Program and to authorize funding and add two new additional interceptor rehabilitation projects to the Capital Program. This action is needed to ensure reliable wastewater service and to preserve our assets.

Funding

The capital amendment will be funded with \$109,000,000 in new regional funds. The amendment also changes the Environmental Services current year expenditures. Based on the projected expenditures for the proposed amendment, the 2015 Capital Budget will be increased by \$10,000,000.

Fiscal Impact

If no other projects were re-prioritized, the increase in debt service would result in a 0.5% MWC increase and a 2.0% SAC increase per year for four years. However, throughout 2015, MCES will re-evaluate other lower priority projects to decrease the rate impacts.

Known Support / Opposition

No known opposition.

Community Development Committee

Meeting date: June 1, 2015

For the Management Committee meeting of June 10, 2015

For the Metropolitan Council meeting of June 24, 2015

Subject: Authorization to Amend the 2015 Unified Budget—Second Quarter Amendment

District(s), Member(s): All

Policy/Legal Reference: MN Statute 473.315 for Parks Capital Budget

Staff Prepared/Presented: Arne Stefferud, Planning Analyst (651-602-1360)

Division/Department: Community Development/ Regional Parks and Natural Resources

Proposed Action

That the Metropolitan Council authorize the amendment of the 2015 Unified Budget as indicated and in accordance with this memorandum and the attached table.

Background

The proposed budget amendment includes the following changes to the 2015 Parks operating and capital budget as part of the 2015 Second Quarter amendment:

Operating Budget

Fiscal Year 2016 State appropriations totaling \$8,540,000 to finance regional parks operations and maintenance to be disbursed to the regional park implementing agencies under Minnesota Statute 473.351 are included in the operating budget.

Capital Budget

Reducing Funding Commitments

The amendment closes five grants for a total of \$3,067,729 as depicted in Attachment 1 under “**Grants that were completed and closed out**”.

Increasing Funding Commitments

Five (5) Park Acquisition Opportunity Fund grants from the Parks and Trails Legacy Fund Acquisition Account previously approved by the Council that total \$850,241 are included in Attachment 1 under “**Parks and Trails Legacy Fund Acquisition Account**.”

Balance of Unobligated Land Acquisition Opportunity Fund Grants

With the authorization of five (5) Park Acquisition Opportunity Fund grants from the Parks and Trails Legacy Fund Acquisition Account, that account has a balance of \$603,540 of Metropolitan Council bonds. The Fiscal Year 2016 Parks and Trails Legacy

appropriation bill (HF 303) was not passed by the Senate during the 2015 regular session. Consequently, that appropriation cannot be included in this amendment.

A \$1 million Fiscal Year 2016 appropriation from the Environment and Natural Resources Trust Fund and \$666,000 of matching Metro Council bonds is added to Environmental Trust Fund Acquisition Account. With this addition, that account has a balance of \$4,171,707.

Authorization for Grant Financed with 2011 State bonds and Metro Council bonds as part of 2011 State Bond Project Specific CIP”

A \$1,569,000 grant financed with 2011 State bonds and Metro Council bonds for Theodore Wirth Regional Park is included that was authorized on May 27, 2015 when the Council approved an updated park master plan containing this project.

Change in Current Year Expenditures:

This amendment increases current year expenditures for the 2015 budget by \$575,190 based on the net results of deducting the reduced funding commitments (closed grants) from the increased funding commitments. That’s shown in Attachment 1, in the “**2015 Budget**” column on the bottom line “**Parks and Open Space Total**”.

The Multi-Year Authorization is decreased \$1,324,729 based on the net results of deducting the reduced funding commitments (closed grants) from the increased funding commitments. That’s shown in Attachment 1 in the “**Multi-Year Authorization**” column on the bottom line “**Parks and Open Space Total**”.

Rationale

The amendment will allow the Council to carry out its capital improvement program and its statutory role in administering grants for regional recreation open space.

Funding

This amendment is financed with:

1. Metro Council bonds for the Parks and Trails Legacy Fund Acquisition Account
2. 2011 State bonds and Metro Council bonds for the 2011 State bond/Metro Council bond Project Specific CIP

Known Support / Opposition

The park grants are consistent with legislative and Metropolitan Council policies/requirements. There is no known opposition to the amendment.
