For the Metropolitan Council meeting of October 26, 2016

Subject: Parks Acquisition Opportunity Fund Grant for Lebanon Hills Regional Park, Dakota County (Hansch property)

Proposed Action

That the Metropolitan Council:

1. Approve a grant of up to \$183,000 to Dakota County to pay part of the acquisition costs for the Hansch parcel at 1252 Carriage Hills Drive in Eagan for Lebanon Hills Regional Park;
2. Authorize the Community Development Director to execute the grant agreement and restrictive covenant on behalf of the Council;
3. Consider reimbursing Dakota County for up to \$112,841 from its share of a future Regional Parks Capital Improvement Program for costs associated with the acquisition; and
4. Inform Dakota County that the Council does not under any circumstances represent or guarantee that future reimbursement will be granted and expenditure of local funds never entitles a park agency to reimbursement.

Summary of Committee Discussion/Questions

The Community Development Committee recommended approval of the proposed action as part of its consent agenda on Monday, October 17, 2016.

Background

Regional Park Implementing Agency. This grant was requested by Dakota County in July 2016, and the County updated the amount of its request on September 2, 2016. A copy of the Agency's updated request is attached to this item.

Policy. Strategy Two of the Siting and Acquisition policy from the *2040 Regional Parks Policy Plan* [<http://metro council.org/Parks/Publications-And-Resources/POLICY-PLANS/2040-Regional-Parks-Policy-Plan.aspx>] states that “*priorities for land acquisition are set by regional park implementing agencies in Council-approved master plans.*”

Funding sources. The Council's Park Acquisition Opportunity Fund (PAOF) provides resources to purchase property and easements via two state sources: the Parks and Trails Legacy Fund (PTLF) and the Environment and Natural Resources Trust Fund (ENRTF). The Council contributes further by matching every \$3 in state funds with \$2 in Council bonds proceeds. Between them, state and Council funds typically would contribute 75% of the purchase price and eligible costs; the Regional Park Implementing Agency (Agency) contributes the remaining 25% as local match. This grant would be funded through PTLF and Council match.

In this instance, however:

- The current fund balance of \$183,576 in the PTLF fund is insufficient to fully fund the Hansch acquisition.
- There will be no new PTLF funding available until and unless the Legislature appropriates it during a future session.
- The *2040 Regional Parks Policy Plan* does not allow property acquisitions to be split across more than one fiscal year.
- Rather than risk losing the chance to acquire the property by waiting for full funding in 2017, Dakota County has reduced its funding request to match available PTLF funding. It is requesting the remaining PTLF balance of \$183,000. Had full funding been available, the County would have been eligible for a grant of up to \$338,523.
- Dakota County is also requesting that the Council consider reimbursing the County for up to \$112,841 from the County's share of a future Regional Parks Capital Improvement Program. This is the amount for which the County would have been potentially eligible for reimbursement had the full \$338,523 been available for award. The County's actual contribution toward the acquisition will be \$268,364.

Item	Cost
Total purchase price	\$451,364
Original amount of grant request	\$338,523
County's match amount for original grant request – and the amount for which the County is requesting future reimbursement consideration	\$112,841
Reduced amount of request due to lack of full funding	\$183,000
County's actual match amount	\$268,364

Council review. Staff from the Council's Regional Parks and Natural Resources work unit:

- review each PAOF request to ensure that the proposed acquisition complies with state statute and Council policy;
- ensure that all necessary documentation is in place and that the appraisal is reasonable and appropriate; and
- processes requests on a first-come-first-served basis.

Subject property. The subject 0.49-acre property is an inholding within the Council-approved boundaries of the regional park. Natural resources located on the property include high quality forest. In the short term, the Agency plans on removing the existing residence. The County will make an effort to relocate the home; however, the Phase I Environmental Site Assessment found friable asbestos within the home, so moving it may not be economically feasible. The long-term plan calls for returning the property to native prairie.

Acquisition details. This is a straightforward, fee simple transaction with no easements or other property restrictions. Grant funding will be directed solely towards the purchase price.

Rationale

This acquisition is consistent with:

- The *2040 Regional Parks Policy Plan*;
- State and regional appropriation requirements, including those in the Parks and Trails Legacy Fund; and

- The Lebanon Hills Regional Park master plan
[\[https://www.co.dakota.mn.us/parks/Planning/ParkPlans/Pages/lebanon-hills-master-plan.aspx\]](https://www.co.dakota.mn.us/parks/Planning/ParkPlans/Pages/lebanon-hills-master-plan.aspx), approved by the Council on August 26, 2015.

Funding

Project budget. The appraised value is \$360,000, and the Agency has offered the seller 100% of the appraised amount plus \$33,850 in relocation costs. Additional acquisition-related costs are shown below.

Budget item	Requested amount
Purchase price	\$393,850
Due diligence (appraisal, Phase I environmental site assessment, etc.)	4,350
Holding and closing costs	7,664
Stewardship	<u>45,500</u>
Total costs	\$451,364

Grant structure

PTLF PAOF	\$109,800
Council bonds	73,200
Grant amount not to exceed	\$183,000
Local match	<u>268,364</u>
Total	\$451,364

Fund balance.

As of August 24, 2016, the combined balance available for PTLF PAOF and Council match was \$183,576. If this grant is awarded by the Council, the balance will be \$576.

Dear Deb:

Dakota County requests Metropolitan Council consideration authorizing an Acquisition Opportunity Fund (AOF) grant for the purchase of the Lynn and Judith Hansch (Hansch) Property in Lebanon Hills Regional Park (LHRP).

The Lebanon Hills Regional Park Master Plan recognizes acquisition of the .5 acre Hansch property as a high priority for protecting natural resources and preventing additional residential development within the park boundaries that would detract from the park experience or make the property even more expensive. See Attachment A: Location Map and Attachment B: Legal Description.

The County completed, reviewed and accepted an independent appraisal to substantiate the purchase price.

The Dakota County Board of Commissioners authorized acquisition of the Hansch property and submission of an AOF grant request at its June 21, 2016, meeting See Attachment C: Resolution No. 16-349. The County executed the purchase Agreement on June 21, 2016 with the Hansch's. See Attachment D: Purchase Agreement.

The total estimated expenses for this acquisition project are as follows:

Expense Item	Amount
Purchase Price	\$360,000.00
Estimated Closing Costs and Title Insurance	\$4,500.00
Relocation and Moving Expenses	\$33,850.00
Environmental Assessment/Remediation	\$31,850.00
Appraisal	\$2,500.00
PILT (1.8 x \$641.08 in City of Eagan Property Tax)	\$1,664.00
Pro-rated Property Tax	\$1,500.00
Stewardship-Demolition of Buildings	\$15,500.00
Total	\$451,364.00
75 percent of total	\$338,523.00
25 percent of total	\$112,841.00

Page 2

We recognize that that the full 75 percent match is not available. We are requesting \$183,000 which we understand is the remaining balance of available AOF funding

Thank you for considering this request.

Property is .5 acres of high quality forest within Lebanon Hills Regional Park, which is Dakota County's most popular park. The property is one of three remaining homes at the end of Carriage Hills Drive running past Jensen Lake Shelter in Eagan.

Does the property contain habitable structures? Yes

If yes, what is the plan for the structure(s)? Dakota County will make every effort to have home sold or relocated without having to demolish property. If this is not possible, the house will be demolished and will require pre-demo asbestos abatement.

Does the property currently contain any revenue-generating businesses? No

If the property contains habitable structures or revenue-generating businesses, describe:

This is a 41-year old, split entry, single-family, 1,344 square foot above grade residence with a walkout basement with approx. 1,075 square feet of lower level living. The home has one fireplace, a four-car garage, one deck, and a lower level screened porch. The appraisal states the house is in average condition for its age and

has good quality finish materials which lack some modern updating. The highest and best use was single-family detached development was appraised thusly. The comprable properties used in the appraisal ranged from \$274,000 tp \$523,500. The comparables were in good or very good condition, with the appropriate adjustments. The appraiser also did a summary of comparable land only sales, which ranged from \$112,000 to \$280,000. The value of the land only was valued at \$150,000 due to the fact that it is .5 acres in the City of Eagan, surrounded by heavy woods.

Stewardship and minimal access

Describe the stewardship plan.

Once the home and septic system are removed, the property will be restored to native prairie with all man made materials removed. The estimates were based on the actual costs of the work completed on other properties and adjusted based on sq. footage. The estimate for restoration is \$1,500. The estimate for demolition, which includes septic and well abandonment estimate is approx. \$14,000. The estimate for Hazard Material Assessment, Asbestos Abatement is \$30,000. There was a limited asbestos survey completed in the envirnmental assessment. A complete full pre-demo survey will be completed to identify specific asbestos materials . Given the age of the structure, it is likely that asbestos materials are located within the structure.

How will the stewardship implementation be funded?

Funding is requested as part of this grant and is included in the cost to remove the home and bring the land back to native prairire. The calculations for restoration and for the home to be removed have come from past estimates of simliar projects.

Are you requesting funds to provide minimal access to the property (prior to it being open to the public) as part of this grant request? **Yes**

If yes, how will those funds be used? **The County requested \$14,000 for demolition, \$30,000 for asbestos abatement and \$1,500 for restoration.**

Local match

Source of local match

Dakota County Parks CIP Budget.

Will you be requesting consideration for future reimbursement of any part of your local match? **Yes**
