### Background

CTIB was created in 2008 by enabling state legislation and the concurrence of five counties in the region (Anoka, Dakota, Hennepin, Ramsey, and Washington). Its purpose was to provide a dedicated source for capital and operating funds for transitway projects serving the five participating counties. CTIB first awarded grants in 2009.

Under CTIB Resolution #35-2017, the CTIB counties voluntarily dissolved CTIB and terminated the Joint Powers Agreement establishing CTIB so each participating county may impose a transportation sales tax and an excise tax of \$20.00 per motor vehicle for transportation purposes pursuant to Minnesota Statutes section 297A.993.

Subsequent to the CTIB dissolution, the counties of Anoka, Dakota, Hennepin, Ramsey and Washington adopted resolutions to impose up to a one-half percent sales and use tax and a \$20.00 per motor vehicle excise tax for transportation purposes pursuant to Minnesota Statutes section 297A.993. Council action is a prerequisite for all grant applications in excess of \$500,000 or for applications that staff deem appropriate to bring before the Council.

## **Rationale**

County grant funds will contribute to the proposed 2020 operating budgets for Light Rail and Commuter Rail operations. State law limits state contributions to LRT operations for 50% of the net operating cost with the assumption that County funds will be used to pay the remaining up to the 50% of the net operating cost. County funds will also be used to pay 41.95% of the net operating cost of Northstar commuter rail operations.

## **Thrive Lens Analysis**

- This business item adds operating funding and reflects strategic investment in regional infrastructure that will promote economic competitiveness and create prosperity for the region.

## **Funding**
