Committee Report

Business Item No. 2019-350

Community Development Committee

For the Metropolitan Council meeting of December 11, 2019

Subject: Adoption of Payment Standards for the Metro HRA Rent Assistance Programs

Proposed Action

That the Metropolitan Council adopt Small Area Fair Market Rents as payment standards (Attachment 1) for the Housing Choice Voucher and other rent assistance programs effective January 1, 2020.

Summary of Committee Discussion/Questions

Terri Smith, Director of the Metropolitan Council Housing and Redevelopment Authority (Metro HRA), presented the staff report to the Committee. There was extensive discussion on the adoption of Small Area Fair Market Rents (rent limits by zip code) instead of the tradition way of doing business and having one set of Fair Market rents for the entire region. Here is a summary of the discussion:

The purpose of adopting Small Area Fair Market Rents (SAFMR) is to develop a more localized strategy for setting rent limits, allowing for the variation in rents across a large service area. The idea is the high rent areas balance out the low rent areas and, over time, bringing budget neutrality.

Success rates for voucher placement is 56%, resulting in 44% of vouchers coming back not used. Much of this is due to the rental market conditions. Adopting SAFMRs will help increase voucher placement success and allow families access to more neighborhoods.

There are areas of the region that will experience decreases in rent limits and areas of the region that will experience increases in rent limits. Current tenants will be held harmless. The areas with a decrease in rent limits (resulting in increased tenant rent) will only be implemented as families move. AS a result, the policy change may take a year or two to provide budget balance.

There was discussion on how the adoption of SAFMRs may impact areas of concentrated poverty. Staff responded that the goal is to open opportunity for families rather than limit them to low-rent areas of the region. Families do not have trouble moving to high-poverty, low-rent areas. They do have trouble moving to low-poverty, high rent areas. The adoption of SAFMRs assists with increasing opportunity.

After lengthy discussion, committee members unanimously approved the proposed action.

Community Development Committee

Meeting date: December 2, 2019

For the Metropolitan Council meeting of December 11, 2019

Subject: Adoption of Payment Standards for Metro HRA Rent Assistance Programs

District(s), Member(s): All

Policy/Legal Reference: 24 CFR Part 982

Staff Prepared/Presented: Terri Smith, Director, Housing and Redevelopment Authority (651) 602-

1187

Division/Department: Community Development / HRA

Proposed Action

That the Metropolitan Council adopt Small Area Fair Market Rents as payment standards (Attachment 1) for the Housing Choice Voucher and other rent assistance programs effective January 1, 2020.

Background

The Metropolitan Council must annually review and adopt Payment Standards (rent limits) to be used in the administration of the Housing Choice Voucher and other rent assistance programs. Payment standards must be set at amounts that ensure a sufficient supply of privately-owned rental housing is available to voucher program participants.

Payment standards are limited by the Fair Market Rents (FMRs) published annually by the U.S. Department of Housing and Urban Development (HUD). By federal regulation, the Metropolitan Council is provided the flexibility to establish payment standards between 90% and 110% of the published FMRs. The 2020 FMRs for the metro area increased by 5.3% to 7%. This has substantial budget implications for the Council and for low-income families in the region.

In addition to the rental market knowledge of Metro HRA staff, market data from CoStar and Housing Link is reviewed annually. The analysis revealed that rents continue to rise, making it difficult for voucher holders to lease units in portions of the region.

Metro HRA's service area includes nearly 100 communities. Thrive provides direction in setting paying standards to ensure they are high enough to allow access to units in all parts of the region, but low enough to ensure service to as many families as possible. Higher payment standards result in higher subsidy costs per family and higher overall program costs.

Staff is recommending the adoption of Small Area Fair Market Rents (SAFMR) as payment standards for 2020. SAFMRs are rent limits adopted at the zip code level instead of for an entire metropolitan area. This allows for higher rent limits in higher rent areas of the region and lower rent limits in lower rent areas of the region. This strategy improves housing choice in all neighborhoods, increases voucher placement success and provides for budget neutral potential in future years.

Funding

Funding for the Housing Choice Voucher, Continuum of Care, and Housing Opportunities for People with AIDS programs is provided by the U.S. Department of Housing and Urban Development through congressional appropriations. Funding for the Minnesota Housing Trust Fund Programs (Bridges and Rental Assistance for Anoka County) is provided by Minnesota Housing Finance Agency through State appropriations.

The adoption of SAFMRs results in subsidy costs of \$2 million in 2020, impacting service to 210 families. No family will lose their voucher. The program will be temporarily reduced through attrition. As the lower rent limits and higher rent limits become effective as families move, the potential for budget neutrality in future years becomes a reality.

Known Support / Opposition

An information item was presented to the Community Development Committee on November 18, 2019 to discuss payment standard options. There was full support of the SAFMR model for 2020.
