Proposed Action

That the Metropolitan Council authorizes the 2020 Unified Budget as indicated and in accordance with the attached tables.

Background

The January 2020 unified budget amendment includes amendments to the operating and capital program for Transportation, Parks, and Regional Administration.

These proposed amendments were reviewed by the Transportation Committee on January 13th and the Community Development Committee on January 20th.

Operating Component of the 2020 Unified Budget

Regional Administration – Self Insured Health Plan

Change in Expenditures: \$1,900,000; Revenues: \$0; Reserves: (\$1,900,000)

At its meeting on Sept 11, 2019, the Management Committee reviewed and discussed proposed 2020 premium rates and target reserve balances in the self-insured benefit plans. Each year, total premiums are estimated to cover anticipated plan costs. In concert with our Labor Management Benefits Advisory Committee, staff recommended a one-time drawdown of reserves through distribution to an individual Health Care Savings Plan of \$500 for each employee enrolled in the medical health care plan as of March 31, 2020. This amendment provides budget authority to distribute funds.

Parks Arbitrage Reserve

Change in Expenditures: \$0; Revenues: \$3,948,000; Reserves: (\$3,948,000)

This amendment will transfer funds out of the Arbitrage Reserve Fund (\$3,948,000) and into the Parks Capital Debt Service Account (\$3,948,000). Regional Parks Implementing Agency spending patterns in the third and fourth quarters of 2019 increased at a rate out of pace with historical averages and have exhausted the Regional Park Bond account. The Council issues Regional Parks Bonds to cash flow regional match. This is the account that is currently exhausted. Arbitrage Reserve dollars originated from Parks bond issuances and are available to cash flow projects.

Capital Component of the 2020 Unified Budget

Transportation

Change in Authorized Capital Program (ACP): \$77,997,468

Additions: \$77,997,468

Reductions: (\$0)

Change in Capital Improvement Plan (CIP): (\$77,997,468)

Reductions: (\$0)

Change in Capital Program (ACP+CIP): \$0

Change in 2020 Capital Budget: \$45,000,000

This authorizes \$78M to the ACP where federal, state, local and regional funding have been secured.

Rationale

The proposed amendment programs use available federal, state, other, and regional funds to the Unified Budget to allow the Council to carry out its work plan and its long-term capital program.

Thrive Lens Analysis

- The Transportation Division amendments support the Stewardship and Prosperity outcomes by demonstrating a commitment to asset preservation, assessing future needs and through strategic investment in regional infrastructure
- The Environmental Services Division amendments demonstrates commitment toward asset preservation and supports the Thrive outcomes of stewardship by assessing the future needs, responsible planning and management of resources for Environmental Services, and of Sustainability for preserving existing regional wastewater infrastructure investments and extending their useful life.
- ➤ The Community Development Division Livable Communities amendments support the Equity outcome by investing in a mix of housing affordability and producing or preserving more affordable housing along transit corridors.
- ➤ The Community Development Division Parks amendments address the Livability outcome by providing access to natural resources for healthy exercise.

Funding

Funding for the capital program amendments come from new federal, local funding and from available uncommitted regional bond authorizations.

The following table summarizes the regional transit bonding authority committed to authorized projects. The remaining authority will be committed to planned projects in future amendments.

Fiscal Impact

The capital budget has no impact on regional taxpayers.

OTHER POSTEMPLOYMENT BENEFITS

The Council's Other Postemployment Benefit Plan (OPEB) is a single-employer defined benefit health care plan for eligible retirees, their spouses, and dependents.

Benefit provisions are established through respective bargaining agreements with unions representing our employees. Only employees hired prior to benefit sunset dates, and meeting criteria for length of service and retirement age, are entitled to receive these employer paid benefits.

The Council has invested assets, with a fair market value of \$254,972,000 as of December 31, 2018, to pay OPEB obligations for retirees. The 2020 budget anticipates benefit payments of \$13,582,000 from the OPEB fund.

More information regarding the Council's OPEB obligations and assets can be found in the Council's Comprehensive Annual Financial Report.

SELF-INSURED BENEFIT PLANS

The Council self-insures its medical and dental plan benefits for employees and eligible retirees. Plan activity is recorded in an internal service fund. The internal service fund receives monthly premium revenues from operating division budgets and the OPEB fund and directly pays claims and administration costs of the plan.

Total premiums are intended to cover overall plan costs and maintain a sufficient reserve balance to minimize cash flow risk and protect the fund against unforeseen claims or plan expenses that may exceed annual premium revenues in a given year. This risk further limited by insuring the plan for 125% aggregate and \$500,000 individual stop loss coverage.

Plan reserves totaled \$31,675,107 on December 31, 2018.

Community Development Committee

Meeting date: January 21, 2020

For the Metropolitan Council meeting of January 22, 2020

Subject: 2020 Budget Amendment

District(s), Member(s): All

Policy/Legal Reference: Minn. Stat. § 473.13, subd. 1

Staff Prepared/Presented: Heather Aagesen-Huebner, CD/MTS Finance Director

Division/Department: Community Development

Proposed Action

That the Metropolitan Council authorizes the 2020 Unified Budget as indicated and in accordance with the attached tables.

Background

The Community Development Division passes through state and regional funds to 10 Regional Parks Implementing Agencies. Funds are managed through grant agreements once the Council brings funds into the Authorized Capital Program.

Regional Parks Implementing Agency spending patterns in the third and fourth quarters of 2019 increased at a rate out of pace with historical averages and have exhausted the Regional Park Bond account. The rate of spending increase is positive, and encouraged, as it indicates regional parks projects are being completed in a timely manner.

The Council issues Regional Parks Bonds to cash flow the regional match to the State bonds. The regional bond account is the account that is currently exhausted. Arbitrage reserve dollars originated from Parks bond issuances and are available to cash flow projects.

No payments have been delayed or withheld to Implementing Agencies and no change to Authorized Capital Program is required.

Rationale

The proposed use of arbitrage reserve funds allows the Council to carry out its work plan and its long-term capital program until a new bond can be issued.

Thrive Lens Analysis

This action supports the Thrive outcome of Stewardship through responsible planning and management of resources for the Community Development Division and Regional Parks.

Funding

Change in Expenditures: \$0; Revenues: \$3,948,000; Reserves: (\$3,948,000)

This amendment will transfer funds out of the Arbitrage Reserve Fund (\$3,948,000) and into the Parks Capital Debt Service Account \$3,948,000.

Known Support / Opposition

No known opposition.
