

### Community Development Committee

For the Metropolitan Council meeting of October 28, 2020

**Subject:** Adoption of Utility Allowance Schedule for Metro HRA Rent Assistance Programs

#### **Proposed Action**

That the Metropolitan Council approve the attached Utility Allowance Schedule for use in the Housing Choice Voucher and other rent assistance programs effective January 1, 2021.

#### **Summary of Committee Discussion/Questions**

The item unanimously passed as part of the Consent Agenda.

## Community Development Committee

Meeting date: October 19, 2020

For the Metropolitan Council meeting of October 28, 2020

**Subject:** Adoption of Utility Allowance Schedule for Metro HRA Rent Assistance Programs

**District(s), Member(s):** All

**Policy/Legal Reference:** Code of Federal Regulations Title 24, Part 903

**Staff Prepared/Presented:** Terri Smith, Director, Housing and Redevelopment Authority

**Division/Department:** Community Development/ Metro HRA

### Proposed Action

That the Metropolitan Council approve the attached Utility Allowance Schedule for use in the Housing Choice Voucher and other rent assistance programs effective January 1, 2021.

### Background

The Metropolitan Council must establish and maintain a utility allowance schedule for use in its rental assistance programs. In calculating rents for units leased under the Housing Choice Voucher and other rental assistance programs, the housing authority must consider the cost of tenant-paid utilities. A utility allowance is a credit for tenant-paid utilities and is used to determine the family share of the total housing costs (rent + utilities). The allowances are based on average consumption for an energy-conservative household.

The federal regulations require a schedule revision if there has been a change, up or down, of ten percent (10%) or more in any utility rate since the last time the allowance for that utility was revised. The Council last approved allowance changes in October 2019.

Staff completed the annual review of current utility rates for natural gas, electric, propane, fuel oil, water, sewer, and trash collection along with average prices for appliances sometimes provided by tenants as required by the lease. The review resulted in three utility rates with a change of ten percent (10%) or more.

- Bottled Gas decreased from \$1.75 to \$1.51 per gallon (-13.7%)
- Oil increased from \$2.49 to \$2.87 per gallon (15.3%)
- Rural Water increased from \$35.19 to \$38.96 (10.7%)

The changes are reflected in the attached Utility Allowance Chart. All other allowances remain the same.

### Rationale

Utility allowances are used to determine the total housing cost charged to the tenant. The tenant's lease determines which utilities are paid by the tenant and which by the landlord.

The impact to the Council and to the families served will be minimal as there is only one family paying bottled gas heat and one family paying heating oil. There are no families in Metro HRA's service area paying rural water.

### **Thrive Lens Analysis**

The utility allowance schedule revision supports the Thrive outcomes of livability and stewardship. Reviewing and updating utility rates each year ensures program participants receive accurate rate reimbursements for tenant-paid utilities, which helps them better manage their household budgets.

### **Funding**

Funding for the Housing Choice Voucher and Housing Opportunities for Persons with AIDS programs is provided by the U.S. Department of Housing and Urban Development through congressional appropriations. Funding for the Housing Trust Fund and Bridges programs is provided by Minnesota Housing through State appropriations.

### **Known Support / Opposition**

There is no known opposition to this action

# Allowances for Tenant –Paid Utilities and Appliances

Effective 1/1/21

Tenant Name \_\_\_\_\_ Address \_\_\_\_\_

Circle the amount of the allowance for all utilities you pay. Use the column for the proper bedroom size (BR) and unit type. The “Range and Refrigerator” column is only for tenants who own those appliances. DO NOT circle them if provided by the owner.

UNIT TYPE: A = Apartment/Multiple Dwelling  
(3 or more units attached)

TH = Townhouse/Duplex  
(2 units attached)

SF = Single Family Home  
(1 unit)
