Proposed Action

That the Metropolitan Council adopt an amendment to the 2021-2024 TIP to add a new project to fund start-up operating costs for electric carshare in Minneapolis and St. Paul.

Background

MnDOT requests the inclusion of a new project, funded through Clean Transportation Grants, into the TIP.

Rationale

The Metropolitan Council approves formal amendments to the TIP. The projects are consistent with the Transportation Policy Plan (TPP) and meet fiscal constraint because the federal, state, and local funds are sufficient to fully fund the projects. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the projects are exempt from air quality conformity analysis.

Thrive Lens Analysis

This action promotes *livability* through provision of electric vehicles.

Funding

The project is fully funded with federal and local funds.

Known Support / Opposition

This proposed action was reviewed and recommended by the Transportation Advisory Board. No known opposition.

Please amend the 2021-2024 and 2022-2025 Transportation Improvement Program (TIP) to change this project in program year 2022. This project is being submitted with the following information:

PROJECT IDENTIFICATION:

Seq #	State Fiscal Year	ATP / Dist	Route System	Project Number	Agency	Description
TBD	2022	M	NA	8825-964	MNDOT	City of Minneapolis; Mobility hub equipment and community engagement

Miles	Prog	Type of Work	Prop Funds	Total \$	FHWA \$	Other \$
0.0	TR	TRANSIT	CMAQ	170,000	136,000	34,000

PROJECT BACKGROUND:

- Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to add a new federally funded project into SFY 2022

- How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
 - New Money
 - Anticipated Advance Construction
 - ATP or MPO or MnDOT Adjustment by deferral of other projects
 - Earmark or HPP not affecting fiscal constraint
 - Other X

This is a Clean Transportation Grant in Metro area being delivered by MNDOT Central Office. MNDOT Central office and locals will be providing the funding and will be converting STP federal budget authority to our available CMAQ appropriation therefore, fiscal constraint is maintained.

CONSISTENCY WITH MPO LONG RANGE PLAN:

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

AIR QUALITY CONFORMITY:

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)

*Exempt Project Category NC—Non-classifiable per Section 93.126 of the Conformity Rules.
