Background

Regional Park Implementing Agency (Agency) and Project Request

Three Rivers Park District requested a Park Acquisition Opportunity Fund (PAOF) grant on December 27, 2021, to fund the acquisition of a 1.01-acre property for the West Mississippi River Regional Trail. A copy of the Agency's request is attached to this item as Exhibit 2 with application details in Exhibit 3. The West Mississippi River Regional Trail when completed will span 20 miles adjacent to or near the Mississippi River in northeast Hennepin County, connecting the communities of Dayton, Champlin, Brooklyn Park, and Brooklyn Center. The regional trail is also part of the National Mississippi River Trail that spans the entire length of the Mississippi River from the headwaters at Itasca State Park to the mouth in Louisiana.

Subject Property

The subject property is within the Council-approved boundary of the West Mississippi River Regional Park. The property is adjacent to the Mississippi River and contains 100 feet of shoreline. The parcel contains a house that will be removed so the land can be restored to its natural habitat. Additional stewardship needs may include developing a river overlook and two parking spots.

Park Acquisition Opportunity Fund (PAOF)

The Council's Park Acquisition Opportunity Fund (PAOF) Program provides funding to purchase property and easements via two state sources: the Parks and Trails Legacy Fund (PTLF) and the Environment and Natural Resources Trust Fund (ENRTF). The Council contributes by matching every

\$3 in state funds with \$2 in Council funds. The \$3 to \$2 match is required at the program level, not individual project level.

State and Council funds contribute up to 75% of the purchase price and eligible costs; the Regional Park Implementing Agency (Agency) contributes the remaining 25% as local match.

Project budget

The appraised value of the property is \$230,000, and the Seller has agreed to 100% of the appraised amount. See Exhibit 4 for more information on the appraisal. The total project cost including legal fees, taxes, appraisal, environmental assessments, and stewardship is \$350,000, as shown in Table 1 below.

Table 1. Project budget

Budget item	Requested amount
Purchase price	\$230,000
Stewardship	\$100,000
Appraisal, legal fees, taxes, closing costs	\$15,000
Environmental assessments	\$5,000

Total costs	\$350,000
Grant structure	
Grant amount	\$262,500
Local match	\$87,500

Acquisition Details

This is a straightforward, fee simple transaction. There are no easements or lease constraints on the property.

Rationale

Council staff conduct the review of each PAOF request on a first-come-first-served basis under the following standards:

- the proposed acquisition complies with state statute and Council policy
- all necessary documentation for the acquisition is in place
- the appraisal is reasonable and appropriate

This acquisition is consistent with:

- The *2040 Regional Parks Policy Plan*
 - Planning Policy Strategy 1 requires that before an Agency can receive a grant for acquisition, the proposed project must be consistent with a Council-approved master plan. The Council approved the West Mississippi River Regional Trail master plan in 2018 ([Business Item 2018-85](#)). The proposed acquisition is within the boundaries of the approved master plan.
 - Siting and Acquisition Strategy 1 prioritizes the acquisition of lands with natural resource features, access to water, and/or restoration potential for the Regional Parks System. The subject property is along the Mississippi River, contains over 100 feet of shoreline, and will be restored to its natural state.
 - Finance Strategy 7 authorizes the use of PAOF as the funding mechanism for the acquisition of Regional Park lands and matching every \$3 in state funds with \$2 in Council bonds.

- All requirements of PTLF. This funding aligns with the goals of the *25-year, Parks and Trails Legacy Plan*, strategic direction of “Acquire land – create opportunities.”

Thrive Lens Analysis

This request is consistent with Thrive’s Livability and Stewardship outcomes. The Council’s investment in the West Mississippi River Regional Trail will provide additional access to the river, nature and the outdoors, enhance quality of life, and further protect natural resources.

Funding

The Council will fund the 75% share with Parks and Trails Legacy Fund and Council funds. Funds are available in the Council’s Authorized Capital Program.

Three Rivers Park District will provide a local match of \$87,500.

Known Support / Opposition

The Board of Three Rivers Park District approved the purchase of this property (Exhibit 5) on January 6, 2022, and executed the purchase agreement (Exhibit 6) on December 16, 2021. There is no known opposition associated with this acquisition or grant.

Vice Chair
District 3

Three Rivers Park District respectfully requests a Park Acquisition Opportunity Grant for Rush Creek Regional Trail in the amount of \$262,500 for acquisition of 1.01 acres located in the City of Dayton. Background Summary

Three Rivers is pursuing acquisition of several properties along Dayton River Road in City of Dayton near Goodin Island to create a river overlook for the future West Mississippi River Regional Trail. This regional trail is proposed to follow the Mississippi River/Dayton River Road and is also part of the National Mississippi River Trail and US Bikeway 45. The entire area is within the Mississippi National River Recreation Area (MNRRA) which the National Park Service works with partners to implement and operate. Acquisition of the property supports the long-term vision of the West Mississippi River Regional Trail corridor.

John Gibbs
District 5

Regional Recreation Amenity

Acquisition of this parcel, as well as several others along the Mississippi River, are critical to the long-term West Mississippi River Regional Trail vision. When complete, the regional trail will span over 20 miles adjacent to, or near, the Mississippi River through northeastern Hennepin County. The regional trail connects the communities of Dayton, Champlin, Brooklyn Park and Brooklyn Center – with the confluence of the Crow/Mississippi Rivers and the Minneapolis Grand Rounds acting as bookends.

If this parcel is approved by the National Park Service for LAWCON replacement with the City of Dayton, it will also contain two parking spots and an overlook close to the river. The parcel will also serve the West Mississippi River Regional Trail and will allow Three Rivers to move the trail further from Dayton River Road. If NPS doesn't approve this parcel for LAWCON, the parcel will remain natural until the trail is built.

Three Rivers also has a signed purchase agreement with the adjacent parcel to the west, this will give Three Rivers 2.25 acres of parkland and trail route off the road.

How will the stewardship implementation be funded?

With Metropolitan Council funding and Three Rivers Land Acquisition Development and Betterment fund.

Are you requesting funds to provide minimal access to the property (prior to it being open to the public) as part of this grant request? No
