Committee Report

Environment Committee

Committee Meeting Date: June 14, 2022

For the Metropolitan Council: June 22, 2022

Business Item: 2022-168

Ratification of Emergency Declaration for Seneca Headworks Belt Replacement

Proposed Action

That the Metropolitan Council ratify the attached Emergency Declaration for repairs to the Seneca headworks belt.

Summary of Environment Committee Discussion/Questions

Communication best practices with and from cities and partner organizations, especially as it pertains to early alerting, was discussed. Had the Metro Plant been alerted prior to the event from the partnering city, the appropriate staffing could have been available to assist. Improvements to the communications workflow and expectations with partners is underway.

Tours of the facilities by Council Members is helpful as it provides them with a more accurate understanding of the nature of the work the Operations team members carryout on a daily basis, as well as emergency response scenarios such as what took place at the Seneca Plant.

Motion by Wendy Wulff, seconded by Phillip Sterner. Motion carried.

Business Item: 2022-168

Ratification of Emergency Declaration for Seneca Headworks Belt Replacement

District(s), Member(s):	District 15, Philip Sterner
Policy/Legal Reference:	Policy 14-2, Expenditures for the Procurement of Goods, Services, and Real Estate Policy
Staff Prepared/Presented:	Craig Edlund, AGM Operations, 651-602-8383
	Dan White, Director Maintenance, 651-602-8299
Division/Department:	MCES c/o Leisa Thompson, 651-602-8010

Proposed Action

That the Metropolitan Council ratify the attached Emergency Declaration for repairs to the Seneca headworks belt.

Background

On May 4, 2022 the Seneca headworks belt conveyor came off the track. It was determined the existing belt was not repairable, a new belt system was required to return this equipment to service. Staff contacted the manufacture and obtained estimates and lead times for a new belt system. Staff began removing the old belt while the manufacture assembled a new belt for install. Staff had to manually rake material coming off the bar screens around the clock until a replacement could be installed. The new belt was installed an operational on May 19, 2022.

Rationale

While we did have a blanket contract with the supplier, it did not have sufficient capacity to cover repair. Due to the manual processing of raking all material we needed to start repairs immediately.

Thrive Lens Analysis

This action advances the Thrive Outcome of Stewardship. Public financial resources will be invested efficiently and effectively to maintain and restore existing capacity to existing wastewater infrastructure.

Funding

The cost for the new belt is \$181,006.35. This will be funded out of MCES operating expenses.

Small Business Inclusion

This is an emergency declaration project procured through a sole source agreement. Therefore, the Office of Equity and Equal Opportunity (OEEO) did not establish a small business inclusion goal.

EMERGENCY DECLARATION FORM

"A declared public emergency is an emergency situation in which the		
or the safety of Metropolitan Council employees or facilities is com	promised or potentia	ally compromised
and requires immediate action to correct."		
I REQUEST THAT A PUBLIC EMERGENCY BE DECLARED, BAS	SED UPON THE FO	LLOWING:
Describe the nature of the emergency situation.		
The grit and solids Conveyance system from the bar screens in the	e headworks building	g at the Seneca Plant
has failed and no longer meets the level of service required.		
Explain why this situation is a present, immediate, and existing emo		
With the automated conveyance system inoperable, it requires two 7 days a week, to remove the grit and solids deposited by 3 bar sci	reens on the convey	or by hand.
Explain how this emergency does or will affect the healthy, safety, Metropolitan Council employees or facilities.	or welfare of the pul	olic or the safety of
Requiring employees to remove grit and solids material from the co	onveyance system,	presents an issue
with meeting the level of service and completing other responsibilit	ties necessary in the	plant. Handling
some materials presents a safety risk to employees as well as slips	s, trips, falls, and bo	dy strains dumping
containers into a dumpster.		
Describe the supplies or services which must be acquired to remedestimated cost.	dy this emergency si	tuation, including the
This system was installed in 1991 and has had routine maintenance	e performed on a re	gular basis. It must
now be rebuilt and upgraded to the current model. It will require all	I new parts to be ins	talled with the
exception of the main supporting structure. This will require the OE	EM to supply the par	ts and complete the
installation of the system.		
Estimated Cost: \$181,006.35
