### Background

The Audit Committee was established by the Metropolitan Council under MN Statutes 473.127 and 473.853. The purpose of the Audit Committee is to provide structured systematic oversight of the organization's governance, risk management, and internal control practices. The Committee assists the Council by providing advice and guidance on the adequacy of the organization's initiatives for governance structure, risk management, values and ethics, internal control framework, and internal and external audits.

The Audit Committee membership consists of seven voting members, plus a chair. Four are Council members appointed by the chair to the committee and four are external members selected to be a diverse group with expertise in such areas as finance, accounting, auditing, information systems, managements, operations, or program performance.

### Rationale

All Audit Committee terms are up for appointment due to term expirations. Members are applied for; and are being appointed to either a two- or four-year term in order to ensure that terms are staggered, as is called for the audit committee charter. Since January, the Council has made ongoing efforts to recruit qualified members for all openings. Council Member Chai Lee, Council Member Susan Vento, and Director of Program Evaluation and Audit, Matt LaTour served on the nominating committee which hosted interviews on January 26. Council Member Chai Lee has been

appointed as the Chair of the Audit Committee as of June 2022.

### **Thrive Lens Analysis**

Appointing members to Audit Committee is necessary to keep the committee functioning. Audit Committee work advances all five Thrive Outcomes by providing oversight of the organization's governance, risk management, and internal control practices. This oversight mechanism also serves to provide confidence in the integrity of these practices.
