Proposed Action

That the Metropolitan Council adopt an amendment to the 2025-2028 Transportation Improvement Program (TIP) to add three new projects:

1. Add a new project to construct storm sewer improvements along North Fork Crow River
2. Add a new project to construct roundabouts and ramp heads at Interstate 94 and Wright County Road 137
3. Add a new project to replace an old bridge with a new bridge over Wright County Road 19

Background

The following MnDOT District 3 projects are proposed for amendment into the 2025-2028 TIP:

- Wright County requests addition of a new project to construct storm sewer improvements along the North Fork Crow River. This project is funded with \$575,104 of Promoting Resilient Operations for Transformative, Efficient, and Cost-saving Transportation (PROTECT) funding. The remainder of the funding (\$143,776) is from local sources.
- MnDOT requests addition of a new project to construct roundabouts and ramp heads at Interstate 94 and Wright County Road 137. This project is funded with \$1,000,000 in State funds and \$4,750,000 in local funds. This project has no federal funding.
- 4. MnDOT requests addition of a new project to replace an old bridge with a new bridge over Wright County Road 19. This project is funded with \$2,195,897 of Bridge Formula Program (BFP) funds, \$628,350 of state funds, and \$3,904,753 of local funds.

None of these projects were funded through the Regional Solicitation.

Rationale

The Metropolitan Council approves formal amendments to the TIP. The projects are consistent with the Transportation Policy Plan (TPP) and meet fiscal constraint because the federal, state, and local funds are sufficient to fully fund the projects.”

Thrive Lens Analysis

This action promotes *livability* by distributing state and federal funds to transportation safety projects.

Funding

The projects are fully funded with federal, state, and local funds.

Small Business Inclusion

Each of the projects included in this request is funded without Metropolitan Council funds. Further the projects are not located in the seven-county metro area but are located with the Census-defined urban area that includes small parts of Wright and Sherburne Counties.

2025-2028 TIP AMENDMENT REQUEST

Please amend the 2025-2028 Transportation Improvement Program (TIP) to add the below project.
