### Background

Per Council bylaws, the Council Chair shall recommend to the Council for approval of standing and advisory committee assignments. With the retirement of former Chair Zelle, it is necessary to adjust the standing and advisory committee assignments to provide continued leadership to the above standing and advisory committees.

### Rationale

Committee member assignments are important to continuing the Council's business. Committee membership and leadership will be reviewed annually by the Chair, in accordance with Council Bylaws.

### Thrive lens analysis

On February 12, 2025, the Council adopted Imagine 2050, which builds on policy direction in Thrive MSP 2040. Appointing members to committees is necessary to ensure the work of the Council reflects

our concerns and aspirations, anticipates future needs in the region, and addresses our responsibility to future generations through community development, addressing environmental issues, financial accountability, and transportation investments.
